Concessions (X min)

- 8/21 Concessions
 - Review data to see if it is worth volunteer time; school did not stock well prior to school and not a lot of offerings. Do we want to give feedback to school? They have a lot of opportunities to make more money.
 - Manager stopped in and indicated that technically we needed athletes and one BVB coach to qualify (Fine with Booster staff, but maybe we could use 9A/9B to staff)
- The first tournament went pretty smooth / any feedback?
 - Returning/exchanging some items to adjust for actual sales.
 - Recommending the purchase of another iPad if we want sales to go faster/tracking. We can use tally sheets as well. Interested in numbers/data from iPad versus concessions spreadsheet. May be a great tool if data is good and information shared.
 - Updating spreadsheets and information for use next year
 - Add one additional volunteer slot recommended for the middle two times
 - Consider getting iPad/credit card reader and money the night before at stocking time - could have sold a few things with teams coming and going during set up. Kids do not have cash on them.
