WEST DUNDEE LEAFS COVID-19 POLICIES

Leafs Hockey Club is committed to providing a safe and healthy environment to all of our members. Of primary importance this year is our effort to mitigate the potential for the transmission of COVID-19 within our Club and the community. Not only will this effort require full cooperation from our members, but it will also require flexibility as the circumstances surrounding this virus are constantly changing.

Ultimately, despite our best efforts, we cannot completely eliminate the risk that COVID-19 presents. If you have an underlying health condition or a specific health concern about participating in hockey this season, you should work with your health care provider to determine the best decision for your family.

Please review the following policies regarding COVID-19 that will be in effect for the 2020-2021 season. In the event any of this information changes, we will notify all members at the email address that is registered to your SportsEngine account and on our website.
