Camp Goals & Additional Information

Camp Goals:

Beginners – Our goal for beginners is to teach them the proper techniques for throwing, catching, fielding ground balls, pop ups and line drives. We will also spend time on hitting and base running which includes sliding. We perform these tasks under the safest and most comfortable circumstances possible for our beginners. We will start them out with sponge balls until they can develop confidence; from there we move them to softies which are the same weight as a regular softball yet still soft enough for young players who are not yet confident for the hard ball. Sliding will be performed on a sliding mat. Once the player has the proper techniques and confidence we will move them to the regular ball. When our beginners leave our camps they will possess the basic techniques to advance to an intermediate level.

Intermediate – Our goal for our intermediate level player is to teach them more advanced drills on throwing, catching, fielding, hitting, and base running. This group will leave our camp with the necessary knowledge and drills to bring them to the advanced level.

Advanced – Our goal for our advanced player is to teach them the advanced techniques on fielding, hitting, base running, communication and how to choose a college. Our advance player will leave our camps prepared to play at the highest levels. They will understand how to communicate with coaches, umpires, teammates and opposing players.

Additional Information:

Breakout sessions for **each age eligible player** to understand how to choose a **college** and how to contact coaches.

All levels will have breakouts for **pitchers** and **catchers**.

All players will leave with a package of written drills; this packet will act as a reminder of all the drills they performed while they were at the camp.

Teams are also welcome to join the camp together.

Coaches are welcome to sign up for the camps; we will have sessions on proper teaching techniques as well as how to run a practice instruction.
