

Livermore Fusion SC puts the health of the players and coaches first and foremost at all times. Therefore, please use this air quality policy during times of training and games.

The guideline was drawn from the national standards as established by the EPA at [www.airnow.gov](http://www.airnow.gov)

### **Livermore Fusion SC – Air Quality Policy**

Livermore Fusion SC will communicate during times of cancellation but ask coaches to also use the below policy during times of practices and games, organized or not.

Disclaimer: The below is only a guideline that LFSC will abide to. The decision to send a child to practice is under the sole discretion of the parent or guardian of the child.

Thank you – Livermore Fusion SC Directors

<b>Good</b>	<b>0 to 50</b>	<b>All activities ok</b>
<b>Moderate</b>	<b>51 to 100</b>	<b>All activities ok</b>
<b>Unhealthy for Sensitive Groups</b>	<b>101 to 150</b>	<b>Age groups U5 through U12 – All activities cancelled. U13 thru U18 activities ok but coaches need to keep to a low intensity.</b>
<b>Unhealthy</b>	<b>151 and above</b>	<b>All activities cancelled for the day</b>

### **Below is the Air Quality Index:**

<b>Air Quality Index Levels of Health Concern</b>	<b>Numerical Value</b>	<b>Meaning</b>
<b>Good</b>	<b>0 to 50</b>	<b>Air quality is considered satisfactory, and air pollution poses little or no risk.</b>
<b>Moderate</b>	<b>51 to 100</b>	<b>Air quality is acceptable; however, for some pollutants there may be a moderate health concern for a very small number of people who are unusually sensitive to air pollution.</b>
<b>Unhealthy for Sensitive Groups</b>	<b>101 to 150</b>	<b>Members of sensitive groups may experience health effects. The general public is not likely to be affected.</b>
<b>Unhealthy</b>	<b>151 to 200</b>	<b>Everyone may begin to experience health effects; members of sensitive groups may experience more serious health effects.</b>

Very Unhealthy	201 to 300	Health alert: everyone may experience more serious health effects.
Hazardous	301 to 500	Health warnings of emergency conditions. The entire population is more likely to be affected.
