Captains Award Drew Gvillo

Captains Award Dylan Gvillo

Captains Award Connor Surtin

JV Outstanding Performer Hubey Thomas

Fresh Outstanding Performer Olivia Coll

Fresh Outstanding Performer Max Miller

## Varsity Overview

With the 2020-21 season being mostly an unknown for most of the year due to COVID, expectations were difficult to envision. Going from possible season, to maybe no season, to the shortened – summer season was difficult for everybody to predict and wrap their mind around. The Tigers had lost a large contingent of Senior's and concern was how the current wrestlers were going to respond to the late season. The Tigers continued to train, when allowed, even knowing that our season could be cancelled. Everybody put in many hours of training, to make sure the tradition of Tiger Wrestling continued.

So it was finally announced that our season would start in April, and we only would be allowed to wrestle schools in our region. The team took our opportunity, and decided to be the best we could be. Our schedule no longer consisted of some of the toughest tournament in the Midwest, but of wrestling local teams in conference and out. The team responded by controlling what we could control and got back to work. They responded by winning their 10<sup>th</sup> straight conference championship, including an undefeated season at 13-0. They also defeated the Mississippi Valley Conference Champs (Triad), and the Central State Eight Conference Champs and the previously undefeated Chatham Glenwood.

These accomplishments all occurred with a balance of Senior's and underclassman. It occurred with the team being unselfish, bumping up weight classes, sharing matches with their teammates, and being understanding of the frustrations that came with this season. It occurred through graduation and vacations, and normal spring/summer issues. It will be a season to remember and that is for sure.

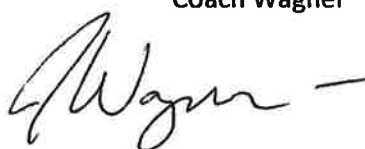

Gladly, the season is not over, as much of the squad is now looking at individual goals, through the IWCOA State Series, including the Fresh/Soph and Girls state tournaments. We will continue to train, and see how far we can go.

The Senior's will be greatly missed, as there is a large number of them, that unselfishly continued on to help our team. They were leaders, hard workers, and genuinely just a great group. Many of them have wrestled together for numerous years, and have built friendships on and off the mat. They have grown respect for each other, and have fought together through the ups and downs of wrestling and the adversity that this sport brings. Hopefully the "JOURNEY" of wrestling, and all you have learned through this great sport will help apply to your future endeavors. Also remember you will always be a Tiger Wrestler, and we hope to see you in the future.

Soon everything will be back to normal, and we are hoping and assuming that next year will go back to the wrestling norm that we remember. That season will come early next year, and we are losing a great group of Senior's. Underclassman we can't wait. We have to continue to get better, and need to be prepared to get started early next school year. Let's set our goals high, and bring even greater heights to Edwardsville Wrestling.

Coaches – thanks for being such a great staff. Thanks goes to all of Edwardsville Wrestling, including Middle School Coaches, EWC, Booster Club, Alumni, Parent's and wrestling fans. Parents, thanks for supporting the vision of our program. Edwardsville Wrestling is a culmination of many good people working toward one goal – success, fun, and a memorable "JOURNEY"

Coach Wagner

## Junior Varsity Overview

There's nothing easy about the sport of wrestling. We all knew the 2021 season was going to be challenging one with so many uncertainties not only for our wrestlers but the landscape of the season given to us. As a staff we made it very clear at the beginning of the school year that we were not going to allow minor COVID restrictions to dictate our ability to move in the right direction as a program.

Once school was back to in-person classes we started our preseason training that normally starts in October for all wrestlers not participating in a fall sport. Our numbers were great with close to a 100% participation from this year's team. The kids did great working out three days a week in the weight room with a bit of mat time the consisted mostly of individual drilling. As we waited to hear about whether or not we would be granted a season, the team continued to train hard with positive attitudes. This proved to pay off as we found out in mid-February the season would go on with a starting date set for early April.

This season was a year of growth for many of our wrestlers. Everyone trained hard every day not knowing whether or not they would get many matches from opposing teams. As we continued to take steps forward individually and as a team this season many area teams suffered with low numbers and athletes playing other sports that were going on at the same time.

I would like to thank the parents of all the wrestlers for supporting their sons/daughters this season, without your support it would be very difficult to be the team and program we are today. I appreciate the time you allow us to spend with your children and helping you mold them into great young men/woman of character on and off the mat.

I would also like to thank the senior wrestlers and managers for their hard work, dedication, and passion for the program the past four year. It really means a lot to me and the rest of the coaching staff that have had a hand in helping you develop in this great sport over your careers. I would also like to thank the parents of the seniors for always being there for your sons/daughters. Lastly, I would like to thank all of the coaches in the Edwardsville Wrestling Program for allowing me to be part of this great **TEAM**

Coach Matarelli

## 2021 Freshmen Wrestling Season Overview

As we all know, this year came with Covid also came challenges that none of us had faced before. Questions like were we even going to have a season, and if we did what would it look like? Thankfully, we were able to have some sort of a season, and in true Edwardsville fashion our kids did a fantastic job of making the best out of unprecedented circumstances. Challenges like wrestling towards the end of school and into the summer, vacations, and even playing multiple sports was something none of us have ever had to deal with. For these freshman to come in work hard and compete like they did, we could not have been more proud of them.

This year we unfortunately could not have a true freshman season. While our numbers were strong, unfortunately other programs were not as fortunate as us and struggled with having enough participants in their entire program. This put our freshman in a situation where they all basically had to wrestle a JV schedule, which for us was exciting. Though we like to win freshman titles, giving them, an opportunity to wrestle older, more experienced opponents was beneficial for them as well and we believe in the long run will make them a more successful wrestlers. Although we were not able to have our freshman duals, or travel to tournaments, we are thankful for the opportunity to get them as many matches as we were able to this year.

We would like to thank the parents for getting the guys to meets and practices, and helping the program with various other activities. You were a great help this year and we appreciate all you have done for your kids and the wrestling program. If it was not for you than we could not have as much fun as we did this year especially with the given circumstances. It takes very dedicated parents for wrestlers to excel, and all the accomplishments on the mat can also be attributed to you. To have a program as successful as ours you can't only have committed coaches and athletes, you also have to have committed parents and we truly appreciate your help in making this one of the top programs in the state!

As in any sport, you have to have dedication, a great work ethic, and toughness to become great. All of these things are achievable, but you have to block out the distractions. This is a very tough sport that many people choose not to compete in because of the heart and desire it takes to succeed. We have a tremendous amount of respect for each of our guys who come out every day and put the time and effort in making this one of the most successful programs around! Remember, you can talk about how much you want to be great, how tough you are, and how hard you work. All that talk means nothing without giving great effort every day in class, great effort in every practice, and great effort in every match. Let's all get ready for the next challenge and dominate it!

Good Luck,

Ryan Followell
