

Please take the time to read through the information below. We have to abide by the rules of LSCC which do not always align with MN Hockey.

Here is what you need to know:

Entrance to LSCC: players (including goalies), coaches will be allowed into the arena 10 min before game time. Spectators will be allowed to enter the community center 5 minutes before game time. Please remain socially distanced while waiting to enter the area. Players, coaches and spectators must exit the community immediately after the completion of the game.

Bags: players will be allowed to bring in small cinch bags to hold their personal belongings.

Locker Rooms: Will be opening for games only. Locker rooms for practices will remain closed. Players still must come dressed as the locker rooms are only for skates and helmets. Masks must still be worn at all times. We had to get a little creative and made two makeshift locker rooms to meet the needs of our teams as restrictions were placed on how many players we can have in 1 locker room. Attached is an updated document of our arena layout and traffic flow. This can also be found on the Bulldog website.

Spectators: A maximum of two (2) spectators per player are allowed for games, with exceptions made for parents/guardians that must bring siblings, 15yrs old and younger. Siblings must be seated next to their parent/guardian at all times. We will continue with our current model for practices. **No spectators will be allowed to watch practice, with the exception for the Mites.** Volunteers working the scorekeepers area, coaches on the players benches and siblings 15yrs old and younger will not count towards the two (2) spectators per player.

Masks: are to be worn at all times by players, coaches and spectators. That includes players wearing masks while on the ice.

Again, we are working on updating our documents to reflect these new changes for games. They will be communicated out to all families and will be posted on our website.

Can't make it to the game? No problem! You can watch Minnesota River Youth AND High School hockey games live or on demand from the comfort of your home or car.
