From Director Morris Lupenec:

"We are taking a holistic approach to each age group as we see value in having two coaches familiar with each team so the players can apply various methods of coaching and teaching coming from what we believe is the premier staff in the state. We have also created a College Coordinator role, with Steve Arce taking the lead. We will be more engaged than ever with parents and player to ensure they have every opportunity to get the guidance needed to navigate through the complex recruitment process. We will build on a great year where we saw 3 out of 4 age groups qualify for the MLS Flex event while continuing to place players in the top Division 1 schools across the region."
