INTRODUCTION

Preface

In 2005, the World Triathlon Corporation ("IRONMAN"), d/b/a IRONMAN Group "IRONMAN", accepted the World Anti-Doping Code (the "Code") for all IRONMAN triathlon Competitions, whether operated by IRONMAN or its licensees. As a private corporation conducting triathlon and other sporting competitions under a variety of brands (including but not limited to IRONMAN®, IRONMAN 70.3®, IRONMAN VR®, IRONKIDS®, Iron Girl®, and 5150™), IRONMAN was the first private, non-federation sports company to formally adhere to the Code.

These Anti-Doping Rules are adopted and implemented in accordance with the IRONMAN Group's responsibilities under the Code, and in furtherance of IRONMAN's continuing efforts to eradicate doping in sport. For purposes of the Code and these Anti-Doping Rules, IRONMAN is recognized by WADA as a Signatory to the Code with all the rights and responsibilities of an International Federation as described in the Code, under the category of Organizations without National Federations.

These Anti-Doping Rules are sport rules governing the conditions under which IRONMAN and IRONMAN 70.3 Competitions are held and sport is played. Aimed at enforcing anti-doping rules in a global and harmonized manner, they are distinct in nature from criminal and civil laws. They are not intended to be subject to or limited by any national requirements and legal standards applicable to criminal or civil proceedings, although they are intended to be applied in a manner which respects the principles of proportionality and human rights. When reviewing the facts and the law of a given case, all courts, arbitral tribunals and other adjudicating bodies should be aware of and respect the distinct nature of these Anti-Doping Rules, which implement the Code, and the fact that these rules represent the consensus of a broad spectrum of stakeholders around the world as to what is necessary to protect and ensure fair sport.

As provided in the Code, IRONMAN shall be responsible for conducting all aspects of Doping Control which involves IRONMAN®, IRONMAN 70.3® triathlon and/or IRONMAN® VR triathlon Competitions and athletes. Any aspect of Doping Control or anti-doping Education may be delegated by IRONMAN to a Delegated Third Party, however, IRONMAN shall require the Delegated Third Party to perform such aspects in compliance with the Code, International Standards, and these Anti-Doping Rules.

When IRONMAN has delegated its responsibilities to implement part or all of Doping Control to the Delegated Third Party, any reference to IRONMAN in these Rules should be intended as a reference to that Delegated Third Party, where applicable and within the context of the aforementioned delegation. IRONMAN shall always remain fully responsible for ensuring that any delegated aspects are performed in compliance with the Code.

Italicized terms in these Anti-Doping Rules are defined terms in Appendix 1.

Unless otherwise specified, references to Articles are references to Articles of these Anti-Doping Rules.

Fundamental Rationale for the Code and IRONMAN’s Anti-Doping Rules

Anti-doping programs are founded on the intrinsic value of sport. This intrinsic value is often referred to as "the spirit of sport": the ethical pursuit of human excellence through the dedicated perfection of each Athlete’s natural talents.

Anti-doping programs seek to protect the health of Athletes and to provide the opportunity for Athletes to pursue human excellence without the Use of Prohibited Substances and Prohibited Methods.
Anti-doping programs seek to maintain the integrity of sport in terms of respect for rules, other competitors, fair competition, a level playing field, and the value of clean sport to the world.

The spirit of sport is the celebration of the human spirit, body and mind. It is the essence of Olympism and is reflected in the values we find in and through sport, including:

- Health
- Ethics, fair play and honesty
- Athletes’ rights as set forth in the Code
- Excellence in performance
- Character and Education
- Fun and joy
- Teamwork
- Dedication and commitment
- Respect for rules and laws
- Respect for self and other Participants
- Courage
- Community and solidarity

The spirit of sport is expressed in how we play true.

Doping is fundamentally contrary to the spirit of sport.

Scope of these Anti-Doping Rules

These Anti-Doping Rules shall apply to IRONMAN with respect to all IRONMAN®, IRONMAN 70.3® triathlon and/or IRONMAN® VR triathlon Competitions and Athletes whether operated by IRONMAN or its licensees, and each Participant in any all IRONMAN®, IRONMAN 70.3® triathlon and/or IRONMAN® VR triathlon Competitions. They also apply to the following Athletes, Athlete Support Personnel and other Persons, each of whom is deemed, as a condition of his/her membership, accreditation and/or participation in the sport or preparation of Athletes for participation in the sport, to have agreed to be bound by these Anti-Doping Rules, and to have submitted to the authority of IRONMAN to enforce these Anti-Doping Rules and to the jurisdiction of the hearing panels specified in Article 8 and Article 13 to hear and determine cases and appeals brought under these Anti-Doping Rules:

These Anti-Doping Rules shall apply to:

(a) IRONMAN, including its board members, directors, officers and specified employees, and Delegated Third Parties and their employees, who are involved in any aspect of Doping Control;

(b) the following Athletes, Athlete Support Personnel and other Persons: all IRONMAN Professional Athlete Members until such time as they give notice to IRONMAN, in writing, of their retirement from competition in IRONMAN or IRONMAN 70.3 Triathlons;

(c) all Athletes named to the IRONMAN Registered Testing Pool until (a) the Athlete gives written notice to IRONMAN that he or she has retired or (b) IRONMAN has informed him or her that he or she no longer satisfies the criteria for inclusion in IRONMAN’s Registered Testing Pool.

(d) all other Athletes accepting entry into the IRONMAN World Championship Triathlon and/or IRONMAN 70.3 World Championship Triathlon from the date of their acceptance of entry through a period of one year following the completion of the Competition or until such earlier time as they give notice to IRONMAN, in writing, of their retirement from competition in IRONMAN and/or IRONMAN 70.3 Triathlons;

(e) all Athletes not otherwise described in paragraphs (a) and (b) above who enter into an IRONMAN® and/or IRONMAN 70.3® Triathlon Competition from the date of their entry
through a period of three months following the completion of the *Competition* or until such earlier time as they may give notice to IRONMAN, in writing, of their retirement from competition in IRONMAN and/or IRONMAN 70.3 Triathlons;

(f) It shall be the responsibility of every *Athlete* to ensure that, at the time they become subject to these rules, that no *Prohibited Substance* is present in their body. An *Adverse Analytical Finding* for a *Prohibited Substance* which was *Used* by an *Athlete* before the *Athlete* became subject to these rules will result in *Consequences* as if the *Athlete* had *Used* the *Prohibited Substance* after the *Athlete* became subject to these rules.

(g) all *Athletes* who participate in such capacity in IRONMAN®, IRONMAN 70.3® Triathlon and/or IRONMAN® VR Triathlon *Events*, *Competitions* and other activities organized, convened, authorized or recognized by IRONMAN, wherever held;

(h) any other *Athlete*, by virtue of an accreditation, a license or other contractual arrangement, or otherwise, is subject to the authority of IRONMAN, or of any member or affiliate organization (including any clubs, teams, associations, or leagues), for purposes of anti-doping;

(i) all *Athlete Support Personnel* who are identified by an *Athlete* subject to these Rules as an *Athlete Support Person*, or who is working with, treating or assisting an *Athlete* participating in or preparing for, or is personally participating in such capacity, in IRONMAN®, IRONMAN 70.3® Triathlon and/or IRONMAN® VR Triathlon *Events*, *Competitions* and other activities organized, convened, authorized or recognized by IRONMAN, wherever held;

(j) any other *Athlete Support Personnel* or other *Person* who, by virtue of an accreditation, certification or other contractual arrangement, or otherwise, is subject to the authority of IRONMAN, or of any member or affiliate organization (including any clubs, teams, associations, or leagues), for purposes of anti-doping;

Each of the abovementioned *Persons* is deemed, as a condition of his or her participation or involvement in the sport, to have agreed to and be bound by these Anti-Doping Rules, and to have submitted to the authority of IRONMAN to enforce these Anti-Doping Rules, including any *Consequences* for the breach thereof, and to the jurisdiction of the hearing panels specified in Article 8 and Article 13 to hear and determine cases and appeals brought under these Anti-Doping Rules.¹

(k) Within the overall pool of *Athletes* set out above who are bound by and required to comply with these Anti-Doping Rules, the following *Athletes* shall be considered to be *International-Level Athletes* for the purposes of these Anti-Doping Rules, and, therefore, the specific provisions in these Anti-Doping Rules applicable to *International-Level Athletes* (e.g., *Testing*, TUEs, whereabouts, and *Results Management*) shall apply to such *Athletes*: All *Athletes* who are named to the IRONMAN Registered Testing Pool “RTP”, until such time as they give notice to IRONMAN, in writing, of their retirement from competition in IRONMAN or IRONMAN 70.3 Triathlons, are removed from the IRONMAN RTP, or otherwise change their status. Their designation as an *International-Level Athlete* shall apply to any anti-doping rule violation which was committed while the

¹ *Comment: Where the Code requires a Person other than an Athlete or Athlete Support Person to be bound by the Code, such Person would of course not be subject to Sample collection or Testing, and would not be charged with an anti-doping rule violation under the Code for Use or Possession of a Prohibited Substance or Prohibited Method. Rather, such Person would only be subject to discipline for a violation of Code Articles 2.5 (Tampering), 2.7 (Trafficking), 2.8 (Administration), 2.9 (Complicity), 2.10 (Prohibited Association) and 2.11 (Retaliation). Furthermore, such Person would be subject to the additional rules and responsibilities according to Code Article 21.3. Also, the obligation to require an employee to be bound by the Code is subject to applicable law.

IRONMAN shall ensure that, as per Article 19 of these Anti-Doping Rules, any arrangements with their board members, directors, officers, and specified employees, as well as with the Delegated Third Parties and their employees – either employment, contractual or otherwise – have explicit provisions incorporated according to which such Persons are bound by, agree to comply with these Anti-Doping Rules, and agree on the IRONMAN’s authority to solve anti-doping cases.*
Athlete was subject to the rules, regardless of whether the Athlete has retired, changed status or would not otherwise be subject to the Rules at the time the anti-doping rule violation is asserted.

ARTICLE 1  DEFINITION OF DOPING

Doping is defined as the occurrence of one or more of the anti-doping rule violations set forth in Article 2.1 through Article 2.11 of these Anti-Doping Rules.

ARTICLE 2  ANTI-DOPING RULE VIOLATIONS

The purpose of Article 2 is to specify the circumstances and conduct which constitute anti-doping rule violations. Hearings in doping cases will proceed based on the assertion that one or more of these specific rules have been violated.

Athletes or other Persons shall be responsible for knowing what constitutes an anti-doping rule violation and the substances and methods which have been included on the Prohibited List.

The following constitute anti-doping rule violations:

2.1 Presence of a Prohibited Substance or its Metabolites or Markers in an Athlete’s Sample

2.1.1 It is the Athletes’ personal duty to ensure that no Prohibited Substance enters their bodies. Athletes are responsible for any Prohibited Substance or its Metabolites or Markers found to be present in their Samples. Accordingly, it is not necessary that intent, Fault, Negligence or knowing Use on the Athlete’s part be demonstrated in order to establish an anti-doping rule violation under Article 2.1.  

2.1.2 Sufficient proof of an anti-doping rule violation under Article 2.1 is established by any of the following: presence of a Prohibited Substance or its Metabolites or Markers in the Athlete’s A Sample where the Athlete waives analysis of the B Sample and the B Sample is not analyzed; or, where the Athlete’s B Sample is analyzed and the analysis of the Athlete’s B Sample confirms the presence of the Prohibited Substance or its Metabolites or Markers found in the Athlete’s A Sample; or where the Athlete’s A or B Sample is split into two (2) parts and the analysis of the confirmation part of the split Sample confirms the presence of the Prohibited Substance or its Metabolites or Markers found in the first part of the split Sample or the Athlete waives analysis of the confirmation part of the split Sample.  

2.1.3 Excepting those substances for which a Decision Limit is specifically identified in the Prohibited List or a Technical Document, the presence of any reported quantity of a Prohibited Substance or its Metabolites or Markers in an Athlete’s Sample shall constitute an anti-doping rule violation.

[Comment to Article 2.1.1: An anti-doping rule violation is committed under this Article without regard to an Athlete’s Fault. This rule has been referred to in various CAS decisions as “Strict Liability”. An Athlete’s Fault is taken into consideration in determining the Consequences of this anti-doping rule violation under Article 10. This principle has consistently been upheld by CAS.]

[Comment to Article 2.1.2: The Anti-Doping Organization with Results Management responsibility may, at its discretion, choose to have the B Sample analyzed even if the Athlete does not request the analysis of the B Sample.]
2.1.4 As an exception to the general rule of Article 2.1, the Prohibited List, International Standards or Technical Documents may establish special criteria for reporting or the evaluation of certain Prohibited Substances.

2.2 Use or Attempted Use by an Athlete of a Prohibited Substance or a Prohibited Method

2.2.1 It is the Athletes’ personal duty to ensure that no Prohibited Substance enters their bodies and that no Prohibited Method is Used. Accordingly, it is not necessary that intent, Fault, Negligence or knowing Use on the Athlete’s part be demonstrated in order to establish an anti-doping rule violation for Use of a Prohibited Substance or a Prohibited Method.

2.2.2 The success or failure of the Use or Attempted Use of a Prohibited Substance or Prohibited Method is not material. It is sufficient that the Prohibited Substance or Prohibited Method was Used or Attempted to be Used for an anti-doping rule violation to be committed.

2.3 Evading, Refusing or Failing to Submit to Sample Collection by an Athlete

Evading Sample collection; or refusing or failing to submit to Sample collection without compelling justification after notification by a duly authorized Person.

2.4 Whereabouts Failures by an Athlete

Any combination of three (3) missed tests and/or filing failures, as defined in the International Standard for Results Management, within a twelve-month period by an Athlete in a Registered Testing Pool.

2.5 Tampering or Attempted Tampering with any Part of Doping Control by an Athlete or Other Person

---

4 [Comment to Article 2.2: It has always been the case that Use or Attempted Use of a Prohibited Substance or Prohibited Method may be established by any reliable means. As noted in the Comment to Article 3.2, unlike the proof required to establish an anti-doping rule violation under Article 2.1, Use or Attempted Use may also be established by other reliable means such as admissions by the Athlete, witness statements, documentary evidence, conclusions drawn from longitudinal profiling, including data collected as part of the Athlete Biological Passport, or other analytical information which does not otherwise satisfy all the requirements to establish “Presence” of a Prohibited Substance under Article 2.1.

For example, Use may be established based upon reliable analytical data from the analysis of an A Sample (without confirmation from an analysis of a B Sample) or from the analysis of a B Sample alone where the Anti-Doping Organization provides a satisfactory explanation for the lack of confirmation in the other Sample.]

5 [Comment to Article 2.2.2: Demonstrating the "Attempted Use" of a Prohibited Substance or a Prohibited Method requires proof of intent on the Athlete’s part. The fact that intent may be required to prove this particular anti-doping rule violation does not undermine the Strict Liability principle established for violations of Article 2.1 and violations of Article 2.2 in respect of Use of a Prohibited Substance or Prohibited Method.

An Athlete’s Use of a Prohibited Substance constitutes an anti-doping rule violation unless such Substance is not prohibited Out-of-Competition and the Athlete’s Use takes place Out-of-Competition. (However, the presence of a Prohibited Substance or its Metabolites or Markers in a Sample collected In-Competition is a violation of Article 2.1 regardless of when that Substance might have been administered.)]

6 [Comment to Article 2.3: Error! Main Document Only. For example, it would be an anti-doping rule violation of "evading Sample collection" if it were established that an Athlete was deliberately avoiding a Doping Control official to evade notification or Testing. A violation of “failing to submit to Sample collection” may be based on either intentional or negligent conduct of the Athlete, while “evading” or “refusing” Sample collection contemplates intentional conduct by the Athlete.]
2.6 Possession of a Prohibited Substance or a Prohibited Method by an Athlete or Athlete Support Person

2.6.1 Possession by an Athlete In-Competition of any Prohibited Substance or any Prohibited Method, or Possession by an Athlete Out-of-Competition of any Prohibited Substance or any Prohibited Method which is prohibited Out-of-Competition unless the Athlete establishes that the Possession is consistent with a Therapeutic Use Exemption (“TUE”) granted in accordance with Article 4.4 or other acceptable justification.

2.6.2 Possession by an Athlete Support Person In-Competition of any Prohibited Substance or any Prohibited Method, or Possession by an Athlete Support Person Out-of-Competition of any Prohibited Substance or any Prohibited Method which is prohibited Out-of-Competition in connection with an Athlete, Competition or training, unless the Athlete Support Person establishes that the Possession is consistent with a TUE granted to an Athlete in accordance with Article 4.4 or other acceptable justification.

2.7 Trafficking or Attempted Trafficking in any Prohibited Substance or Prohibited Method by an Athlete or Other Person

2.8 Administration or Attempted Administration by an Athlete or Other Person to any Athlete In-Competition of any Prohibited Substance or Prohibited Method, or Administration or Attempted Administration to any Athlete Out-of-Competition of any Prohibited Substance or any Prohibited Method that is Prohibited Out-of-Competition

2.9 Complicity or Attempted Complicity by an Athlete or Other Person

Assisting, encouraging, aiding, abetting, conspiring, covering up or any other type of intentional complicity or Attempted complicity involving an anti-doping rule violation, Attempted anti-doping rule violation or violation of Article 10.14.1 by another Person.

2.10 Prohibited Association by an Athlete or Other Person

2.10.1 Association by an Athlete or other Person subject to the authority of an Anti-Doping Organization in a professional or sport-related capacity with any Athlete Support Person who:

2.10.1.1 If subject to the authority of an Anti-Doping Organization, is serving a period of Ineligibility; or

2.10.1.2 If not subject to the authority of an Anti-Doping Organization and where Ineligibility has not been addressed in a Results Management process pursuant to the Code, has been convicted or found in a criminal, disciplinary or professional proceeding to have engaged in conduct...
which would have constituted a violation of anti-doping rules if Code-compliant rules had been applicable to such Person. The disqualifying status of such Person shall be in force for the longer of six (6) years from the criminal, professional or disciplinary decision or the duration of the criminal, disciplinary or professional sanction imposed; or

2.10.1.3 Is serving as a front or intermediary for an individual described in Article 2.10.1.1 or 2.10.1.2.

2.10.2 To establish a violation of Article 2.10, an Anti-Doping Organization must establish that the Athlete or other Person knew of the Athlete Support Person’s disqualifying status.

The burden shall be on the Athlete or other Person to establish that any association with an Athlete Support Person described in Article 2.10.1.1 or 2.10.1.2 is not in a professional or sport-related capacity and/or that such association could not have been reasonably avoided.

Anti-Doping Organizations that are aware of Athlete Support Personnel who meet the criteria described in Article 2.10.1.1, 2.10.1.2, or 2.10.1.3 shall submit that information to WADA.

2.11 Acts by an Athlete or Other Person to Discourage or Retaliate Against Reporting to Authorities

Where such conduct does not otherwise constitute a violation of Article 2.5:

2.11.1 Any act which threatens or seeks to intimidate another Person with the intent of discouraging the Person from the good-faith reporting of information that relates to an alleged anti-doping rule violation or alleged non-compliance with the Code to WADA, an Anti-Doping Organization, law enforcement, regulatory or professional disciplinary body, hearing body or Person conducting an investigation for WADA or an Anti-Doping Organization.

2.11.2 Retaliation against a Person who, in good faith, has provided evidence or information that relates to an alleged anti-doping rule violation or alleged non-compliance with the Code to WADA, an Anti-Doping Organization, law enforcement, regulatory or professional disciplinary body, hearing body or Person conducting an investigation for WADA or an Anti-Doping Organization.

[Comment to Article 2.10: Athletes and other Persons must not work with coaches, trainers, physicians or other Athlete Support Personnel who are Ineligible on account of an anti-doping rule violation or who have been criminally convicted or professionally disciplined in relation to doping. This also prohibits association with any other Athlete who is acting as a coach or Athlete Support Person while serving a period of Ineligibility. Some examples of the types of association which are prohibited include: obtaining training, strategy, technique, nutrition or medical advice; obtaining therapy, treatment or prescriptions; providing any bodily products for analysis; or allowing the Athlete Support Person to serve as an agent or representative. Prohibited association need not involve any form of compensation.

While Article 2.10 does not require the Anti-Doping Organization to notify the Athlete or other Person about the Athlete Support Person’s disqualifying status, such notice, if provided, would be important evidence to establish that the Athlete or other Person knew about the disqualifying status of the Athlete Support Person.]
For purposes of Article 2.11, retaliation, threatening and intimidation include an act taken against such Person either because the act lacks a good faith basis or is a disproportionate response.¹⁰

**ARTICLE 3** PROOF OF DOPING

### 3.1 Burdens and Standards of Proof

IRONMAN shall have the burden of establishing that an anti-doping rule violation has occurred. The standard of proof shall be whether IRONMAN has established an anti-doping rule violation to the comfortable satisfaction of the hearing panel bearing in mind the seriousness of the allegation which is made. This standard of proof in all cases is greater than a mere balance of probability but less than proof beyond a reasonable doubt. Where these Anti-Doping Rules place the burden of proof upon the Athlete or other Person alleged to have committed an anti-doping rule violation to rebut a presumption or establish specified facts or circumstances, except as provided in Articles 3.2.2 and 3.2.3, the standard of proof shall be by a balance of probability.¹¹

### 3.2 Methods of Establishing Facts and Presumptions

Facts related to anti-doping rule violations may be established by any reliable means, including admissions.¹² The following rules of proof shall be applicable in doping cases:

#### 3.2.1 Analytical methods or Decision Limits

Analytical methods or Decision Limits approved by WADA after consultation within the relevant scientific community or which have been the subject of peer review are presumed to be scientifically valid. Any Athlete or other Person seeking to challenge whether the conditions for such presumption have been met or to rebut this presumption of scientific validity shall, as a condition precedent to any such challenge, first notify WADA of the challenge and the basis of the challenge. The initial hearing body, appellate body or CAS, on its own initiative, may also inform WADA of any such challenge. Within ten (10) days of WADA’s receipt of such notice and the case file related to such challenge, WADA shall also have the right to intervene as a party, appear as amicus curiae or otherwise provide evidence in such proceeding. In cases before CAS, at WADA’s request, the CAS panel shall appoint an appropriate scientific expert to assist the panel in its evaluation of the challenge.¹³

---

¹⁰ [Comment to Article 2.11.2: This Article is intended to protect Persons who make good faith reports, and does not protect Persons who knowingly make false reports.]

¹¹ [Comment to Article 3.1: This standard of proof required to be met by IRONMAN is comparable to the standard which is applied in most countries to cases involving professional misconduct.]

¹² [Comment to Article 3.2: For example, IRONMAN may establish an anti-doping rule violation under Article 2.2 based on the Athlete’s admissions, the credible testimony of third Persons, reliable documentary evidence, reliable analytical data from either an A or B Sample as provided in the Comments to Article 2.2, or conclusions drawn from the profile of a series of the Athlete’s blood or urine Samples, such as data from the Athlete Biological Passport.]

¹³ [Comment to Article 3.2.1: For certain Prohibited Substances, WADA may instruct WADA-accredited laboratories not to report Samples as an Adverse Analytical Finding if the estimated concentration of the Prohibited Substance or its Metabolites or Markers is below a Minimum Reporting Level. WADA’s decision in determining that Minimum Reporting Level or in determining which Prohibited Substances should be subject to Minimum Reporting Levels shall not be subject to challenge. Further, the laboratory’s estimated concentration of such Prohibited Substance in a Sample may only be an estimate. In no event shall the possibility that the exact concentration of the Prohibited Substance in the Sample be below the Minimum Reporting Level constitute a defense to an anti-doping rule violation based on the presence of that Prohibited Substance in the Sample.]
3.2.2 WADA-accredited laboratories, and other laboratories approved by WADA, are presumed to have conducted Sample analysis and custodial procedures in accordance with the International Standard for Laboratories. The Athlete or other Person may rebut this presumption by establishing that a departure from the International Standard for Laboratories occurred which could reasonably have caused the Adverse Analytical Finding.

If the Athlete or other Person rebuts the preceding presumption by showing that a departure from the International Standard for Laboratories occurred which could reasonably have caused the Adverse Analytical Finding, then IRONMAN shall have the burden to establish that such departure did not cause the Adverse Analytical Finding.14

3.2.3 Departures from any other International Standard or other anti-doping rule or policy set forth in the Code or these Anti-Doping Rules shall not invalidate analytical results or other evidence of an anti-doping rule violation, and shall not constitute a defense to an anti-doping rule violation;15 provided, however, if the Athlete or other Person establishes that a departure from one of the specific International Standard provisions listed below could reasonably have caused an anti-doping rule violation based on an Adverse Analytical Finding or whereabouts failure, then IRONMAN shall have the burden to establish that such departure did not cause the Adverse Analytical Finding or the whereabouts failure:

(i) a departure from the International Standard for Testing and Investigations related to Sample collection or Sample handling which could reasonably have caused an anti-doping rule violation based on an Adverse Analytical Finding, in which case IRONMAN shall have the burden to establish that such departure did not cause the Adverse Analytical Finding;

(ii) a departure from the International Standard for Results Management or International Standard for Testing and Investigations related to an Adverse Passport Finding which could reasonably have caused an anti-doping rule violation, in which case IRONMAN shall have the burden to establish that such departure did not cause the anti-doping rule violation;

(iii) a departure from the International Standard for Results Management related to the requirement to provide notice to the Athlete of the B Sample opening which could reasonably have caused an anti-doping violation.

14 [Comment to Article 3.2.2: Error! Main Document Only. The burden is on the Athlete or other Person to establish, by a balance of probability, a departure from the International Standard for Laboratories that could reasonably have caused the Adverse Analytical Finding. Thus, once the Athlete or other Person establishes the departure by a balance of probability, the Athlete or other Person’s burden on causation is the somewhat lower standard of proof – “could reasonably have caused.” If the Athlete or other Person satisfies these standards, the burden shifts to IRONMAN to prove to the comfortable satisfaction of the hearing panel that the departure did not cause the Adverse Analytical Finding.]

15 [Comment to Article 3.2.3: Departures from an International Standard or other rule unrelated to Sample collection or handling, Adverse Passport Finding, or Athlete notification relating to whereabouts failure or B Sample opening – e.g., the International Standard for Education, International Standard for the Protection of Privacy and Personal Information or International Standard for Therapeutic Use Exemptions – may result in compliance proceedings by WADA but are not a defense in an anti-doping rule violation proceeding and are not relevant on the issue of whether the Athlete committed an anti-doping rule violation. Similarly, IRONMAN’s violation of the document referenced in Article 20.7.7 of the Code shall not constitute a defense to an anti-doping rule violation.]
rule violation based on an *Adverse Analytical Finding*, in which case IRONMAN shall have the burden to establish that such departure did not cause the *Adverse Analytical Finding*.16

(iv) a departure from the *International Standard for Results Management* related to *Athlete* notification which could reasonably have caused an anti-doping rule violation based on a whereabouts failure, in which case IRONMAN shall have the burden to establish that such departure did not cause the whereabouts failure.

3.2.4 The facts established by a decision of a court or professional disciplinary tribunal of competent jurisdiction which is not the subject of a pending appeal shall be irrebuttable evidence against the *Athlete* or other *Person* to whom the decision pertained of those facts unless the *Athlete* or other *Person* establishes that the decision violated principles of natural justice.

3.2.5 The hearing panel in a hearing on an anti-doping rule violation may draw an inference adverse to the *Athlete* or other *Person* who is asserted to have committed an anti-doping rule violation based on the *Athlete*’s or other *Person*’s refusal, after a request made in a reasonable time in advance of the hearing, to appear at the hearing (either in person or telephonically as directed by the hearing panel) and to answer questions from the hearing panel or IRONMAN.

ARTICLE 4 THE PROHIBITED LIST

4.1 Incorporation of the Prohibited List

These Anti-Doping Rules incorporate the *Prohibited List*, which is published and revised by *WADA* as described in Article 4.1 of the *Code*.

Unless provided otherwise in the *Prohibited List* or a revision, the *Prohibited List* and revisions shall go into effect under these Anti-Doping Rules three (3) months after publication by *WADA*, without requiring any further action by IRONMAN. All *Athletes* and other *Persons* shall be bound by the *Prohibited List*, and any revisions thereto, from the date they go into effect, without further formality. It is the responsibility of all *Athletes* and other *Persons* to familiarize themselves with the most up-to-date version of the *Prohibited List* and all revisions thereto.

4.2 Prohibited Substances and Prohibited Methods Identified on the Prohibited List

4.2.1 Prohibited Substances and Prohibited Methods

The *Prohibited List* shall identify those *Prohibited Substances* and *Prohibited Methods* which are prohibited as doping at all times (both *In-Competition* and *Out-of-Competition*) because of their potential to enhance performance in future *Competitions* or their masking potential, and those substances and methods which are prohibited *In-Competition* only. The *Prohibited List* may be expanded by *WADA* for a particular sport. *Prohibited Substances* and *Prohibited Methods* may be included in the *Prohibited List* by general

16 [Comment to Article 3.2.3 (iii): IRONMAN would meet its burden to establish that such departure did not cause the Adverse Analytical Finding by showing that, for example, the B Sample opening and analysis were observed by an independent witness and no irregularities were observed.]
category (e.g., anabolic agents) or by specific reference to a particular substance or method.\footnote{Comment to Article 4.2.1: Out-of-Competition Use of a Substance which is only prohibited In-Competition is not an anti-doping rule violation unless an Adverse Analytical Finding for the Substance or its Metabolites or Markers is reported for a Sample collected In-Competition.}

### 4.2.2 Specified Substances or Specified Methods

For purposes of the application of Article 10, all Prohibited Substances shall be Specified Substances except as identified on the Prohibited List. No Prohibited Method shall be a Specified Method unless it is specifically identified as a Specified Method on the Prohibited List.\footnote{Comment to Article 4.2.2: The Specified Substances and Specified Methods identified in Article 4.2.2 should not in any way be considered less important or less dangerous than other doping Substances or methods. Rather, they are simply Substances and Methods which are more likely to have been consumed or used by an Athlete for a purpose other than the enhancement of sport performance.}

### 4.2.3 Substances of Abuse

For purposes of applying Article 10, Substances of Abuse shall include those Prohibited Substances which are specifically identified as Substances of Abuse on the Prohibited List because they are frequently abused in society outside of the context of sport.

### 4.3 WADA’s Determination of the Prohibited List

WADA’s determination of the Prohibited Substances and Prohibited Methods that will be included on the Prohibited List, the classification of substances into categories on the Prohibited List, the classification of a substance as prohibited at all times or In-Competition only, the classification of a substance or method as a Specified Substance, Specified Method or Substance of Abuse is final and shall not be subject to any challenge by an Athlete or other Person including, but not limited to, any challenge based on an argument that the substance or method was not a masking agent or did not have the potential to enhance performance, represent a health risk or violate the spirit of sport.

### 4.4 Therapeutic Use Exemptions (“TUEs”)

#### 4.4.1

The presence of a Prohibited Substance or its Metabolites or Markers, and/or the Use or Attempted Use, Possession or Administration or Attempted Administration of a Prohibited Substance or Prohibited Method, shall not be considered an anti-doping rule violation if it is consistent with the provisions of a TUE granted in accordance with the International Standard for Therapeutic Use Exemptions.

#### 4.4.2 TUE Applications

**4.4.2.1** Athletes shall apply to their National Anti-Doping Organization for a TUE. For Athletes who are IRONMAN International-Level Athletes, the initial Therapeutic Use Exemption determination is delegated to the Athlete’s National Anti-Doping Organization.
4.4.3  TUE Recognition

4.4.3.1  Where the Athlete has a TUE granted by their National Anti-Doping Organization pursuant to Article 4.4 of the Code for the Prohibited Substance or Prohibited Method in question, and if that TUE meets the criteria set out in the International Standard for Therapeutic Use Exemptions, IRONMAN must recognize it for purposes of international-level Competition. If IRONMAN considers that the TUE does not meet those criteria and so refuses to recognize it, IRONMAN must notify the Athlete and the Athlete’s National Anti-Doping Organization promptly, with reasons. The Athlete or the National Anti-Doping Organization shall have twenty-one (21) days from such notification to refer the matter to WADA for review in accordance with Article 4.4.7.

If the matter is referred to WADA for review, the TUE granted by the National Anti-Doping Organization remains valid for national-level Competition and Out-of-Competition Testing (but is not valid for international-level Competition) pending WADA’s decision. If the matter is not referred to WADA for review within the twenty-one (21) day deadline, the Athlete’s National Anti-Doping Organization must determine whether the original TUE granted by that National Anti-Doping Organization should nevertheless remain valid for national-level Competition and Out-of-Competition Testing (provided that the Athlete ceases to be an International-Level Athlete and does not participate in international-level Competition). Pending the National Anti-Doping Organization’s decision, the TUE remains valid for national-level Competition and Out-of-Competition Testing (but is not valid for international-level Competition).

4.4.3.2  If IRONMAN chooses to test an Athlete who is not an International-Level Athlete, IRONMAN must recognize a TUE granted to that Athlete by their National Anti-Doping Organization unless the Athlete is required to apply for recognition of the TUE pursuant to Articles 5.8 and 7.0 of the International Standard for Therapeutic Use Exemptions.

4.4.4  TUE Application Process

19 [Comment to Article 4.4.3: If IRONMAN refuses to recognize a TUE granted by a National Anti-Doping Organization only because medical records or other information are missing that are needed to demonstrate satisfaction with the criteria in the International Standard for Therapeutic Use Exemptions, the matter should not be referred to WADA. Instead, the file should be completed and re-submitted to IRONMAN.]

[Comment to Article 4.4.3: IRONMAN may agree with a National Anti-Doping Organization that the National Anti-Doping Organization will consider TUE applications on behalf of IRONMAN.]

20 [Comment to Article 4.4.3.1: Further to Articles 5.7 and 7.1 of the International Standard for Therapeutic Use Exemptions, IRONMAN must publish and keep updated a notice on its website that sets out clearly (1) which Athletes under its authority are required to apply to it for a TUE, (2) which TUE decisions of other Anti-Doping Organizations it will automatically recognize in lieu of such application and (3) which TUE decisions of other Anti-Doping Organizations will have to be submitted to it for recognition. If an Athlete’s TUE falls into a category of automatically recognized TUEs, then the Athlete does not need to apply to IRONMAN for recognition of that TUE.]

21 [Comment to Article 4.4.4: The submission of falsified documents to a TUEC or IRONMAN, offering or accepting a bribe to a Person to perform or fail to perform an act, procuring false testimony from any witness, or committing any other fraudulent act or any other similar intentional interference or Attempted interference with any aspect of the TUE process shall result in a charge of Tampering or Attempted Tampering under Article 2.5.
4.4.4.1 An application to IRONMAN for grant or recognition of a TUE must be made as soon as possible, save where Articles 4.1 or 4.3 of the International Standard for Therapeutic Use Exemptions apply. The application shall be made in accordance with Article 6 of the International Standard for Therapeutic Use Exemptions as posted on IRONMAN’s website.

4.4.4.2 If the Athlete’s National Anti-Doping Organization does not have the authority to consider the Athlete’s Therapeutic Use Exemption application, then the Athlete may apply directly to IRONMAN.

4.4.4.3 IRONMAN shall establish a panel (Therapeutic Use Exemption Committee (“TUEC”)) to consider applications for the grant or recognition of TUEs.

4.4.4.4 The TUEC shall promptly evaluate and decide upon the application in accordance with the relevant provisions of the International Standard for Therapeutic Use Exemptions and usually (i.e., unless exceptional circumstances apply) within no more than twenty-one (21) days of receipt of a complete application. Where the application is made in a reasonable time prior to an Event, the TUEC must use its best endeavors to issue its decision before the start of the Event.

4.4.4.5 The TUEC decision shall be the final decision of IRONMAN and may be appealed in accordance with Article 4.4.7. IRONMAN TUEC decision shall be notified in writing to the Athlete, and to WADA and other Anti-Doping Organizations in accordance with the International Standard for Therapeutic Use Exemptions. It shall also promptly be reported into ADAMS.

4.4.4.6 If the Athlete’s National Anti-Doping Organization, or IRONMAN, denies the Athlete’s application, it must notify the Athlete promptly, with reasons. If IRONMAN grants the Athlete’s application, it must notify not only the Athlete but also their National Anti-Doping Organization. If the National Anti-Doping Organization considers that the TUE granted by IRONMAN does not meet the criteria set out in the International Standard for Therapeutic Use Exemptions, it has twenty-one (21) days from such notification to refer the matter to WADA for review in accordance with Article 4.4.7.

If the National Anti-Doping Organization refers the matter to WADA for review, the TUE granted by IRONMAN remains valid for international-level Competition and Out-of-Competition Testing (but is not valid for national-level Competition) pending WADA’s decision. If the National Anti-Doping Organization does not refer the matter to WADA for review, the TUE granted by IRONMAN becomes valid for national-level Competition as well when the twenty-one (21) day review deadline expires.

An Athlete should not assume that their application for the grant or recognition of a TUE (or for renewal of a TUE) will be granted. Any Use or Possession or Administration of a Prohibited Substance or Prohibited Method before an application has been granted is entirely at the Athlete’s own risk.
4.4.5 Retroactive TUE Applications

If IRONMAN chooses to collect a Sample from an Athlete who is not an International-Level Athlete or a National-Level Athlete, and that Athlete is Using a Prohibited Substance or Prohibited Method for therapeutic reasons, IRONMAN must permit that Athlete to apply for a retroactive TUE.

IRONMAN International-Level Athlete’s must obtain a TUE before using a Prohibited Substance or Prohibited Method, except as otherwise specifically noted in the International Standard for Therapeutic Use Exemptions. All other Athletes may apply for a retroactive TUE as permitted by the rules of their National Anti-Doping Organization as compliant with the International Standard for Therapeutic Use Exemptions.

4.4.6 Expiration, Withdrawal or Reversal of a TUE

4.4.6.1 A TUE granted pursuant to these Anti-Doping Rules: (a) shall expire automatically at the end of any term for which it was granted, without the need for any further notice or other formality; (b) will be withdrawn if the Athlete does not promptly comply with any requirements or conditions imposed by the TUEC upon grant of the TUE; (c) may be withdrawn by the TUEC if it is subsequently determined that the criteria for grant of a TUE are not in fact met; or (d) may be reversed on review by WADA or on appeal.

4.4.6.2 In such event, the Athlete shall not be subject to any Consequences based on their Use or Possession or Administration of the Prohibited Substance or Prohibited Method in question in accordance with the TUE prior to the effective date of expiry, withdrawal, or reversal of the TUE. The review pursuant to Article 5.1.1.1 of the International Standard for Results Management of an Adverse Analytical Finding, reported shortly after the TUE expiry, withdrawal or reversal, shall include consideration of whether such finding is consistent with Use of the Prohibited Substance or Prohibited Method prior to that date, in which event no anti-doping rule violation shall be asserted.

4.4.7 Reviews and Appeals of TUE Decisions

4.4.7.1 WADA must review IRONMAN’s decision not to recognize a TUE granted by the National Anti-Doping Organization that is referred to WADA by the Athlete or the Athlete’s National Anti-Doping Organization. In addition, WADA must review IRONMAN’s decision to grant a TUE that is referred to WADA by the Athlete’s National Anti-Doping Organization. WADA may review any other TUE decisions at any time, whether upon request by those affected or on its own initiative. If the TUE decision being reviewed meets the criteria set out in the International Standard for Therapeutic Use Exemptions, WADA will not interfere with it. If the TUE decision does not meet those criteria, WADA will reverse it.22

---

22 [Comment to Article 4.4.7.1: WADA shall be entitled to charge a fee to cover the costs of: (a) any review it is required to conduct in accordance with Article 4.4.7; and (b) any review it chooses to conduct, where the decision being reviewed is reversed.]
4.4.7.2 Any TUE decision that is not reviewed by WADA, or that is reviewed by WADA but is not reversed upon review, may be appealed by the Athlete and/or the Athlete’s National Anti-Doping Organization, exclusively to CAS.23

4.4.7.3 A decision by WADA to reverse a TUE decision may be appealed by the Athlete, the National Anti-Doping Organization and/or IRONMAN, exclusively to CAS.

4.4.7.4 A failure to render a decision within a reasonable time on a properly submitted application for grant/recognition of a TUE or for review of a TUE decision shall be considered a denial of the application thus triggering the applicable rights of review/appeal.

4.4.7.5 A decision by a National Anti-Doping Organization where Articles 4.4.7.1 through 4.4.7.4 are not applicable, and where the Athlete is not an International Level Athlete, shall be appealed exclusively by the Athlete as described in Article 13.2.2.

ARTICLE 5 TESTING AND INVESTIGATIONS

5.1 Purpose of Testing and Investigations24

5.1.1 Testing and investigations may be undertaken for any anti-doping purpose. They shall be conducted in conformity with the provisions of the International Standard for Testing and Investigations [and the specific protocols of IRONMAN supplementing that International Standard].

5.1.2 Testing shall be undertaken to obtain analytical evidence as to whether the Athlete has violated Article 2.1 (Presence of a Prohibited Substance or its Metabolites or Markers in an Athlete’s Sample) or Article 2.2 (Use or Attempted Use by an Athlete of a Prohibited Substance or a Prohibited Method).

5.2 Authority to Test

5.2.1 Subject to the limitations for Event Testing set out in Article 5.3, IRONMAN shall have In-Competition and Out-of-Competition Testing authority over all Athletes specified in the Introduction to these Anti-Doping Rules (Section “Scope of these Anti-Doping Rules”).

5.2.2 IRONMAN may require any Athlete over whom it has Testing authority (including any Athlete serving a period of Ineligibility) to provide a Sample at any time and at any place.25

23 [Comment to Article 4.4.7.2: In such cases, the decision being appealed is the IRONMAN’s TUE decision, not WADA’s decision not to review the TUE decision or (having reviewed it) not to reverse the TUE decision. However, the time to appeal the TUE decision does not begin to run until the date that WADA communicates its decision. In any event, whether the decision has been reviewed by WADA or not, WADA shall be given notice of the appeal so that it may participate if it sees fit.]

24 [Comment to Article 5.1: Where Testing is conducted for anti-doping purposes, the analytical results and data may be used for other legitimate purposes under the Anti-Doping Organization’s rules. See, e.g., Comment to Article 23.2.2 of the Code.]

25 [Comment to Article 5.2.2: IRONMAN may obtain additional authority to conduct Testing by means of bilateral or multilateral agreements with other Signatories. Unless the Athlete has identified a sixty-minute Testing window between the hours of 11:00 p.m. and 6:00 a.m., or has otherwise consented to Testing during that period, IRONMAN will not test an Athlete during that period.
5.2.3 WADA shall have In-Competition and Out-of-Competition Testing authority as set out in Article 20.7.10 of the Code.

5.2.4 If IRONMAN delegates or contracts any part of Testing to a National Anti-Doping Organization directly, or through a National Federation, that National Anti-Doping Organization may collect additional Samples or direct the laboratory to perform additional types of analysis at the National Anti-Doping Organization’s expense. If additional Samples are collected or additional types of analysis are performed, IRONMAN shall be notified.

5.3 Event Testing

5.3.1 Except as otherwise provided below, only IRONMAN shall have authority to conduct Testing at Event Venues during an Event Period for IRONMAN®, IRONMAN 70.3® and IRONMAN VR® triathlon Competitions.

5.3.2 If an Anti-Doping Organization, which would otherwise have Testing authority but is not responsible for initiating and directing Testing at an Event, desires to conduct Testing of Athletes at the Event Venues during the Event Period, the Anti-Doping Organization shall first confer with IRONMAN to obtain permission to conduct and coordinate such Testing. If the Anti-Doping Organization is not satisfied with the response from IRONMAN (or other international organization which is the ruling body of the Event), the Anti-Doping Organization may, in accordance with the procedures described in the International Standard for Testing and Investigations, ask WADA for permission to conduct Testing and to determine how to coordinate such Testing. WADA shall not grant approval for such Testing before consulting with and informing IRONMAN (or other international organization which is the ruling body for the Event). WADA’s decision shall be final and not subject to appeal. Unless otherwise provided in the authorization to conduct Testing, such tests shall be considered Out-of-Competition tests.

5.4 Testing Requirements

5.4.1 IRONMAN shall conduct test distribution planning and Testing as required by the International Standard for Testing and Investigations.

5.4.2 Where reasonably feasible, Testing shall be coordinated through ADAMS in order to maximize the effectiveness of the combined Testing effort and to avoid unnecessary repetitive Testing.

5.5 Athlete Whereabouts Information

5.5.1 IRONMAN has established a Registered Testing Pool of those Athletes who are required to provide whereabouts information in the manner specified in the International Standard for Testing and Investigations and who shall be subject to Consequences for Article 2.4 violations as provided in Article 10.3.2. IRONMAN shall coordinate with National Anti-Doping Organizations to identify such Athletes and to collect their whereabouts information.

---

unless it has a serious and specific suspicion that the Athlete may be engaged in doping. A challenge to whether IRONMAN had sufficient suspicion for Testing during this time period shall not be a defense to an anti-doping rule violation based on such test or attempted test.]
5.5.2 IRONMAN shall make available through ADAMS a list which identifies those Athletes included in its Registered Testing Pool by name. IRONMAN shall regularly review and update as necessary its criteria for including Athletes in its Registered Testing Pool, and shall periodically (but not less than quarterly) review the list of Athletes in its Registered Testing Pool to ensure that each listed Athlete continues to meet the relevant criteria. Athletes shall be notified before they are included in the Registered Testing Pool and when they are removed from that pool. The notification shall contain the information set out in the International Standard for Testing and Investigations.

5.5.3 Where an Athlete is included in an international Registered Testing Pool by IRONMAN and in a national Registered Testing Pool by their National Anti-Doping Organization, the National Anti-Doping Organization and IRONMAN shall agree between themselves which of them shall accept that Athlete’s whereabouts filings; in no case shall an Athlete be required to make whereabouts filings to more than one of them.

5.5.4 In accordance with the International Standard for Testing and Investigations, each Athlete in the Registered Testing Pool shall do the following: (a) advise IRONMAN of his/her whereabouts on a quarterly basis; (b) update that information as necessary so that it remains accurate and complete at all times; and (c) make himself or herself available for Testing at such whereabouts.

5.5.5 For purposes of Article 2.4, an Athlete’s failure to comply with the requirements of the International Standard for Testing and Investigations shall be deemed a filing failure or a missed test, as defined in Annex B of the International Standard for Results Management, where the conditions set forth in Annex B are met.

5.5.6 An Athlete in IRONMAN’s Registered Testing Pool shall continue to be subject to the obligation to comply with the whereabouts requirements set in the International Standard for Testing and Investigations unless and until (a) the Athlete gives written notice to IRONMAN that he or she has retired or (b) IRONMAN has informed him or her that he or she no longer satisfies the criteria for inclusion in IRONMAN's Registered Testing Pool.

5.5.7 Whereabouts information provided by an Athlete while in the Registered Testing Pool will be accessible through ADAMS to WADA and to other Anti-Doping Organizations having authority to test that Athlete as provided in Article 5.2. Whereabouts information shall be maintained in strict confidence at all times; it shall be used exclusively for purposes of planning, coordinating or conducting Doping Control, providing information relevant to the Athlete Biological Passport or other analytical results, to support an investigation into a potential anti-doping rule violation, or to support proceedings alleging an anti-doping rule violation; and shall be destroyed after it is no longer relevant for these purposes in accordance with the International Standard for the Protection of Privacy and Personal Information.

5.5.8 In accordance with the International Standard for Testing and Investigations, IRONMAN may establish a Testing Pool, which includes Athletes who are subject to less stringent whereabouts requirements than Athletes included in IRONMAN’s Registered Testing Pool.
5.5.9 IRONMAN shall notify Athletes before they are included in the Testing Pool and when they are removed. Such notification shall include the whereabouts requirements and the consequences that apply in case of non-compliance, as indicated in Articles 5.5.10 and 5.5.11.

5.5.10 Athletes included in the Testing Pool shall provide IRONMAN with the following whereabouts information so that they may be located and subjected to Testing:
(a) An overnight address;
(b) Competition / Event schedule; and
(c) Regular training activities.
Such whereabouts information shall be filed in ADAMS to enable better Testing coordination with other Anti-Doping Organizations.

5.5.11 An Athlete’s failure to provide whereabouts information on or before the date required by IRONMAN or the Athlete’s failure to provide accurate whereabouts information shall result in IRONMAN elevating the Athlete to IRONMAN’s Registered Testing Pool.

5.5.12 IRONMAN may, in accordance with the International Standard for Testing and Investigations, collect whereabouts information from Athletes who are not included within a Registered Testing Pool Testing Pool. If it chooses to do so, an Athlete’s failure to provide requested whereabouts information on or before the date required by IRONMAN or the Athlete’s failure to provide accurate whereabouts information shall result in IRONMAN elevating the Athlete to IRONMAN’s Registered Testing Pool.

5.6 Retired Athletes Returning to Competition

5.6.1 If an International-Level Athlete or National-Level Athlete is removed from the IRONMAN Registered Testing Pool as a result of providing written notice of retirement, and then wishes to return to active participation in sport, the Athlete shall not compete in International Events or National Events until the Athlete has made himself or herself available for Testing, by giving six-months prior written notice to IRONMAN and their National Anti-Doping Organization.

WADA, in consultation with IRONMAN and the Athlete’s National Anti-Doping Organization, may grant an exemption to the six-month written notice rule where the strict application of that rule would be unfair to the Athlete. This decision may be appealed under Article 13.

Any competitive results obtained in violation of this Article 5.6.1 shall be Disqualified unless the Athlete can establish that he or she could not have reasonably known that this was an International Event or a National Event.

5.6.2 If an Athlete retires from sport while subject to a period of Ineligibility, the Athlete must notify the Anti-Doping Organization that imposed the period of Ineligibility in writing of such retirement. If the Athlete then wishes to return to active competition in sport, the Athlete shall not compete in International Events or National Events until the Athlete has made himself or herself available for Testing by giving six-month prior written notice (or notice equivalent to the period of Ineligibility remaining as of the date the Athlete retired, if that period was longer than six (6) months) to IRONMAN and to their National Anti-Doping Organization.
5.7 Independent Observer Program

IRONMAN and the organizing committees for IRONMAN’s Events, shall authorize and facilitate the Independent Observer Program at such Events.

ARTICLE 6 ANALYSIS OF SAMPLES

Samples shall be analyzed in accordance with the following principles:

6.1 Use of Accredited, Approved Laboratories and Other Laboratories

6.1.1 For purposes of directly establishing an Adverse Analytical Finding under Article 2.1, Samples shall be analyzed only in WADA-accredited laboratories or laboratories otherwise approved by WADA. The choice of the WADA-accredited or WADA-approved laboratory used for the Sample analysis shall be determined exclusively by IRONMAN. 26

6.1.2 As provided in Article 3.2, facts related to anti-doping rule violations may be established by any reliable means. This would include, for example, reliable laboratory or other forensic testing conducted outside of WADA-accredited or approved laboratories.

6.2 Purpose of Analysis of Samples and Data

Samples and related analytical data or Doping Control information shall be analyzed to detect Prohibited Substances and Prohibited Methods identified on the Prohibited List and other substances as may be directed by WADA pursuant to the monitoring program described in Article 4.5 of the Code, or to assist IRONMAN in profiling relevant parameters in an Athlete’s urine, blood or other matrix, including for DNA or genomic profiling, or for any other legitimate anti-doping purpose. 27

6.3 Research on Samples and Data

Samples, related analytical data and Doping Control information may be used for anti-doping research purposes, although no Sample may be used for research without the Athlete’s written consent. Samples and related analytical data or Doping Control information used for research purposes shall first be processed in such a manner as to prevent Samples and related analytical data or Doping Control information being traced back to a particular Athlete. Any research involving Samples and related analytical data or Doping Control information shall adhere to the principles set out in Article 19 of the Code. 28

26 [Comment to Article 6.1.1: Violations of Article 2.1 may be established only by Sample analysis performed by a WADA-accredited laboratory or another laboratory approved by WADA. Violations of other Articles may be established using analytical results from other laboratories so long as the results are reliable.]

27 [Comment to Article 6.2: For example, relevant Doping Control-related information could be used to direct Target Testing or to support an anti-doping rule violation proceeding under Article 2.2, or both.]

28 [Comment to Article 6.3: As is the case in most medical or scientific contexts, use of Samples and related information for quality assurance, quality improvement, method improvement and development or to establish reference populations is not considered research. Samples and related information used for such permitted non-research purposes must also first be processed in such a manner as to prevent them from being traced back to the particular Athlete, having due regard to the principles set out in Article 19 of the Code, as well as the requirements of the International Standard for Laboratories and International Standard for the Protection of Privacy and Personal Information.]
6.4 Standards for Sample Analysis and Reporting

In accordance with Article 6.4 of the Code, IRONMAN shall ask laboratories to analyze Samples in conformity with the International Standard for Laboratories and Article 4.7 of the International Standard for Testing and Investigations.

Laboratories at their own initiative and expense may analyze Samples for Prohibited Substances or Prohibited Methods not included on the standard Sample analysis menu, or as requested by IRONMAN. Results from any such analysis shall be reported to IRONMAN and have the same validity and Consequences as any other analytical result.29

6.5 Further Analysis of a Sample Prior to or During Results Management

There shall be no limitation on the authority of a laboratory to conduct repeat or additional analysis on a Sample prior to the time IRONMAN notifies an Athlete that the Sample is the basis for an Article 2.1 anti-doping rule violation charge. If after such notification IRONMAN wishes to conduct additional analysis on that Sample, it may do so with the consent of the Athlete or approval from a hearing body.

6.6 Further Analysis of a Sample After it has been Reported as Negative or has Otherwise not Resulted in an Anti-Doping Rule Violation Charge

After a laboratory has reported a Sample as negative, or the Sample has not otherwise resulted in an anti-doping rule violation charge, it may be stored and subjected to further analyses for the purpose of Article 6.2 at any time exclusively at the direction of either the Anti-Doping Organization that initiated and directed Sample collection or WADA. Any other Anti-Doping Organization with authority to test the Athlete that wishes to conduct further analysis on a stored Sample may do so with the permission of the Anti-Doping Organization that initiated and directed Sample collection or WADA, and shall be responsible for any follow-up Results Management. Any Sample storage or further analysis initiated by WADA or another Anti-Doping Organization shall be at WADA’s or that organization’s expense. Further analysis of Samples shall conform with the requirements of the International Standard for Laboratories.

6.7 Split of A or B Sample

Where WADA, an Anti-Doping Organization with Results Management authority, and/or a WADA-accredited laboratory (with approval from WADA or the Anti-Doping Organization with Results Management authority) wishes to split an A or B Sample for the purpose of using the first part of the split Sample for an A Sample analysis and the second part of the split Sample for confirmation, then the procedures set forth in the International Standard for Laboratories shall be followed.

6.8 WADA’s Right to Take Possession of Samples and Data

WADA may, in its sole discretion at any time, with or without prior notice, take physical possession of any Sample and related analytical data or information in the possession of a laboratory or Anti-Doping Organization. Upon request by WADA, the laboratory or Anti-Doping Organization in possession of the Sample or data shall immediately grant access to and enable WADA to take physical possession of the Sample or data. If WADA has not provided prior notice to the laboratory or Anti-Doping Organization before taking possession of a Sample or data, it shall provide such notice to the laboratory and each Anti-Doping Organization whose Samples or data have been taken by WADA within a reasonable time after taking possession. After analysis and any

29 [Comment to Article 6.4: The objective of this Article is to extend the principle of “Intelligent Testing” to the Sample analysis menu so as to most effectively and efficiently detect doping. It is recognized that the resources available to fight doping are limited and that increasing the Sample analysis menu may, in some sports and countries, reduce the number of Samples which can be analyzed.]
investigation of a seized Sample or data, WADA may direct another Anti-Doping Organization with authority to test the Athlete to assume Results Management responsibility for the Sample or data if a potential anti-doping rule violation is discovered.\textsuperscript{30}

**ARTICLE 7 RESULTS MANAGEMENT: RESPONSIBILITY, INITIAL REVIEW, NOTICE AND PROVISIONAL SUSPENSIONS**

Results Management under these Anti-Doping Rules establishes a process designed to resolve anti-doping rule violation matters in a fair, expeditious and efficient manner.

### 7.1 Responsibility for Conducting Results Management

7.1.1 Except as otherwise provided in Articles 6.6, 6.8 and Code Article 7.1, Results Management shall be the responsibility of, and shall be governed by, the procedural rules of the Anti-Doping Organization that initiated and directed Sample collection (or, if no Sample collection is involved, the Anti-Doping Organization which first provides notice to an Athlete or other Person of a potential anti-doping rule violation and then diligently pursues that anti-doping rule violation).

7.1.2 All Results Management for all Testing at IRONMAN\textsuperscript{®}, IRONMAN 70.3\textsuperscript{®} triathlon and/or IRONMAN\textsuperscript{®} VR triathlon Competitions and shall be conducted by IRONMAN, under the IRONMAN Anti-Doping Rules, unless delegated as provided below.

IRONMAN may delegate its Results Management authority to the Athlete’s National Anti-Doping Organization, or other applicable Signatory Anti-Doping Organization, by mutual agreement with that organization, whether that Anti-Doping Organization has direct authority over the Athlete.

Results Management will be conducted under the Anti-Doping Organization’s own rules if the Anti-Doping Organizations has direct authority over the Athlete; otherwise, they will conduct Results Management under the IRONMAN Anti-Doping Rules.

7.1.3 Where an Anti-Doping Organization other than IRONMAN is permitted to conduct Testing at an IRONMAN\textsuperscript{®}, IRONMAN 70.3\textsuperscript{®} triathlon and/or IRONMAN\textsuperscript{®} VR triathlon Competition and, pursuant to Article 5.2.4 or 5.3.2, then that ADO shall conduct Results Management with respect to those tests under its own rules.

In circumstances where the rules of a National Anti-Doping Organization or other International Federation do not give the Anti-Doping Organization authority over an Athlete or other Person who is not a national, resident, license holder, or member of a sport organization of that country, or the National Anti-Doping

---

\textsuperscript{30}[Comment to Article 6.8: Resistance or refusal to WADA taking physical possession of Samples or data could constitute Tampering, Complicity or an act of non-compliance as provided in the International Standard for Code Compliance by Signatories, and could also constitute a violation of the International Standard for Laboratories. Where necessary, the laboratory and/or the Anti-Doping Organization shall assist WADA in ensuring that the seized Sample or data are not delayed in exiting the applicable country.]

[Comment to Article 6.8: WADA would not, of course, unilaterally take possession of Samples or analytical data without good cause related to a potential anti-doping rule violation, non-compliance by a Signatory or doping activities by another Person. However, the decision as to whether good cause exists is for WADA to make in its discretion and shall not be subject to challenge. In particular, whether there is good cause or not shall not be a defense against an anti-doping rule violation or its Consequences.]
Organization declines to exercise such authority, Results Management shall be conducted under the IRONMAN Rules by IRONMAN, or be delegated to another Signatory Anti-Doping Organization by mutual agreement with that organization.

7.1.4 In the event the Major Event Organization assumes only limited Results Management responsibility relating to a Sample initiated and taken during an Event conducted by a Major Event Organization, or an anti-doping rule violation occurring during such Event, the case shall be referred by the Major Event Organization to the applicable International Federation for completion of Results Management.

7.1.5 Results Management in relation to a potential whereabouts failure (a filing failure or a missed test) shall be administered by IRONMAN or the National Anti-Doping Organization with whom the Athlete in question files whereabouts information, as provided in the International Standard for Results Management. If IRONMAN determines a filing failure or a missed test, it shall submit that information to WADA through ADAMS, where it will be made available to other relevant Anti-Doping Organizations.

7.1.6 Other circumstances in which IRONMAN shall take responsibility for conducting Results Management in respect of anti-doping rule violations involving Athletes and other Persons under its authority shall be determined by reference to and in accordance with Article 7 of the Code.

7.1.7 WADA may direct IRONMAN to conduct Results Management in particular circumstances. If IRONMAN refuses to conduct Results Management within a reasonable deadline set by WADA, such refusal shall be considered an act of non-compliance, and WADA may direct another Anti-Doping Organization with authority over the Athlete or other Person, that is willing to do so, to take Results Management responsibility in place of IRONMAN or, if there is no such Anti-Doping Organization, any other Anti-Doping Organization that is willing to do so. In such case, IRONMAN shall reimburse the costs and attorney's fees of conducting Results Management to the other Anti-Doping Organization designated by WADA, and a failure to reimburse costs and attorney's fees shall be considered an act of non-compliance.

7.2 Review and Notification Regarding Potential Anti-Doping Rule Violations

IRONMAN shall carry out the review and notification with respect to any potential anti-doping rule violation in accordance with the International Standard for Results Management.

7.3 Identification of Prior Anti-Doping Rule Violations

Before giving an Athlete or other Person notice of a potential anti-doping rule violation as provided above, IRONMAN shall refer to ADAMS and contact WADA and other relevant Anti-Doping Organizations to determine whether any prior anti-doping rule violation exists.

7.4 Provisional Suspensions

7.4.1 Mandatory Provisional Suspension after an Adverse Analytical Finding or Adverse Passport Finding

[Comment to Article 7.4: Before a Provisional Suspension can be unilaterally imposed by IRONMAN, the internal review specified in these Anti-Doping Rules and the International Standard for Results Management must first be completed.]
If IRONMAN receives an Adverse Analytical Finding or an Adverse Passport Finding (upon completion of the Adverse Passport Finding review process) for a Prohibited Substance or a Prohibited Method that is not a Specified Substance or a Specified Method, it shall impose a Provisional Suspension on the Athlete promptly upon or after the review and notification required by Article 7.2.

A mandatory Provisional Suspension may be eliminated if: (i) the Athlete demonstrates that the violation is likely to have involved a Contaminated Product, or (ii) the violation involves a Substance of Abuse and the Athlete establishes entitlement to a reduced period of Ineligibility under Article 10.2.4.1.

A Hearing Panel's decision not to eliminate a mandatory Provisional Suspension on account of the Athlete's assertion regarding a Contaminated Product shall not be appealable.

7.4.2 Optional Provisional Suspension Based on an Adverse Analytical Finding for Specified Substances, Specified Methods, Contaminated Products, or Other Anti-Doping Rule Violations

IRONMAN may impose a Provisional Suspension for anti-doping rule violations not covered by Article 7.4.1 prior to the analysis of the Athlete’s B Sample or final hearing as described in Article 8.

An optional Provisional Suspension may be lifted at the discretion of IRONMAN at any time prior to a Hearing Panel’s decision under Article 8, unless provided otherwise in the International Standard for Results Management.

7.4.3 Opportunity for Hearing or Appeal

Notwithstanding Articles 7.4.1 and 7.4.2, a Provisional Suspension may not be imposed unless the Athlete or other Person is given: (a) an opportunity for a Provisional Hearing, either before or on a timely basis after the imposition of the Provisional Suspension; or (b) an opportunity for an expedited hearing in accordance with Article 8 on a timely basis after the imposition of the Provisional Suspension.

The imposition of a Provisional Suspension, or the decision not to impose a Provisional Suspension, may be appealed in an expedited process in accordance with Article 13.2.

7.4.4 Voluntary Acceptance of Provisional Suspension

Athletes on their own initiative may voluntarily accept a Provisional Suspension if done so prior to the later of: (i) the expiration of ten (10) days from the report of the B Sample (or waiver of the B Sample) or ten (10) days from the notice of any other anti-doping rule violation, or (ii) the date on which the Athlete first competes after such report or notice.

Other Persons on their own initiative may voluntarily accept a Provisional Suspension if done so within ten (10) days from the notice of the anti-doping rule violation.

Upon such voluntary acceptance, the Provisional Suspension shall have the full effect and be treated in the same manner as if the Provisional Suspension had been imposed under Article 7.4.1 or 7.4.2; provided, however, at any time after
voluntarily accepting a Provisional Suspension, the Athlete or other Person may withdraw such acceptance, in which event the Athlete or other Person shall not receive any credit for time previously served during the Provisional Suspension.

7.4.5 If a Provisional Suspension is imposed based on an A Sample Adverse Analytical Finding and a subsequent B Sample analysis (if requested by the Athlete or IRONMAN) does not confirm the A Sample analysis, then the Athlete shall not be subject to any further Provisional Suspension on account of a violation of Article 2.1. In circumstances where the Athlete has been removed from an Event based on a violation of Article 2.1 and the subsequent B Sample analysis does not confirm the A Sample finding, then, if it is still possible for the to be reinserted, without otherwise affecting the Event, the Athlete may continue to take part in the Event.

7.5 Results Management Decisions

Results Management decisions or adjudications by IRONMAN must not purport to be limited to a particular geographic area or the IRONMAN’s sport and shall address and determine without limitation the following issues: (i) whether an anti-doping rule violation was committed or a Provisional Suspension should be imposed, the factual basis for such determination, and the specific Articles that have been violated, and (ii) all Consequences flowing from the anti-doping rule violation(s), including applicable Disqualifications under Articles 9 and 10.10, any forfeiture of medals or prizes, any period of Ineligibility (and the date it begins to run) and any Financial Consequences.32

7.6 Notification of Results Management Decisions

IRONMAN shall notify Athletes, other Persons, Signatories and WADA of Results Management decisions as provided in Article 14 and in the International Standard for Results Management.

7.7 Retirement from Sport33

If an Athlete or other Person retires while the IRONMAN’s Results Management process is underway, IRONMAN retains authority to complete its Results Management process. If an Athlete or other Person retires before any Results Management process has begun, and IRONMAN would have had Results Management authority over the Athlete or other Person at the time the Athlete or other Person committed an anti-doping rule violation, IRONMAN has authority to conduct Results Management.

32 [Comment to Article 7.5: Results Management decisions include Provisional Suspensions.

Each decision by IRONMAN should address whether an anti-doping rule violation was committed and all Consequences flowing from the violation, including any Disqualifications other than Disqualification under Article 10.1 (which is left to the ruling body for an Event). Pursuant to Article 15, such decision and its imposition of Consequences shall have automatic effect in every sport in every country. For example, for a determination that an Athlete committed an anti-doping rule violation based on an Adverse Analytical Finding for a Sample taken In-Competition, the Athlete’s results obtained in the Competition would be Disqualified under Article 9 and all other competitive results obtained by the Athlete from the date the Sample was collected through the duration of the period of Ineligibility are also Disqualified under Article 10.10; if the Adverse Analytical Finding resulted from Testing at an Event, it would be the Major Event Organization’s responsibility to decide whether the Athlete’s other individual results in the Event prior to Sample collection are also Disqualified under Article 16.1.]

33 [Comment to Article 7.7: Conduct by an Athlete or other Person before the Athlete or other Person was subject to the authority of any Anti-Doping Organization would not constitute an anti-doping rule violation but could be a legitimate basis for denying the Athlete or other Person membership in a sports organization.]
ARTICLE 8 RESULTS MANAGEMENT: RIGHT TO A FAIR HEARING AND NOTICE OF HEARING DECISION

For any Person who is asserted by IRONMAN to have committed an anti-doping rule violation, IRONMAN shall provide a fair hearing within a reasonable time by a fair, impartial and Operationally Independent hearing panel in compliance with the Code and the International Standard for Results Management.

8.1 Fair Hearings

8.1.1 Fair, Impartial and Operationally Independent Hearing Panel

8.1.1.1 Any Athlete or other Person challenging the assertion of an Anti-Doping Rule Violation, or its Consequences, by IRONMAN may have that challenge heard before McLaren Global Sport Solutions Inc., the Fair, Impartial and Operationally Independent Hearing Panel, in accordance with the procedures described in Appendix A.

8.1.2 Hearing Process

8.1.2.1 McLaren Global Sport Solutions, Inc. shall conduct hearings in accordance with the procedures set forth on Appendix 2.

8.1.2.4 Hearings held in connection with Events in respect to Athletes and other Persons who are subject to these Anti-Doping Rules may be conducted by an expedited process where permitted.

8.1.2.5 WADA, the National Federation and the National Anti-Doping Organization of the Athlete or other Person may attend the hearing as observers. In any event, IRONMAN shall keep them fully apprised as to the status of pending cases and the result of all hearings.

8.2 Notice of Decisions

8.2.1 At the end of the hearing, or promptly thereafter as provided in Annex A, McLaren Global Sport Solutions, Inc. shall issue a written decision that conforms with Article 9 of the International Standard for Results Management and which includes the full reasons for the decision, the period of Ineligibility imposed, the Disqualification of results under Article 10.10 and, if applicable, a justification for why the greatest potential Consequences were not imposed.

8.2.2 IRONMAN shall notify that decision to the Athlete or other Person and to other Anti-Doping Organizations with a right to appeal under Article 13.2.3, and shall promptly report it into ADAMS. The decision may be appealed as provided in Article 13.

8.3 Waiver of Hearing

8.3.1 An Athlete or other Person against whom an anti-doping rule violation is asserted may waive a hearing expressly and agree with the Consequences proposed by IRONMAN.

8.3.2 However, if the Athlete or other Person against whom an anti-doping rule violation is asserted fails to contest the assertion by filing a demand for arbitration within fifteen (15) days of such notice as provided in Appendix 2, Article A.4, then they
shall be deemed to have waived a hearing, to have admitted the violation, and to have accepted the proposed Consequences.

8.3.3 In cases where Article 8.3.1 or 8.3.2 applies, a hearing before the Hearing Panel shall not be required. Instead IRONMAN shall promptly issue a written decision that conforms with Article 9 of the International Standard for Results Management and which includes the full reasons for the decision, the period of Ineligibility imposed, the Disqualification of results under Article 10.10 and, if applicable, a justification for why the greatest potential Consequences were not imposed.

8.3.4 IRONMAN shall notify that decision to the Athlete or other Person and to other Anti-Doping Organizations with a right to appeal under Article 13.2.3, and shall promptly report it into ADAMS. IRONMAN shall Publicly Disclose that decision in accordance with Article 14.3.2.

8.4 Single Hearing Before CAS

Anti-doping rule violations asserted against International-Level Athletes, National-Level Athletes or other Persons may, with the consent of the Athlete or other Person, IRONMAN (where it has Results Management responsibility in accordance with Article 7) and WADA, be heard in a single hearing directly at CAS.\(^{34}\)

ARTICLE 9 AUTOMATIC DISQUALIFICATION OF INDIVIDUAL RESULTS

An anti-doping rule violation in Individual Sports in connection with an In-Competition test automatically leads to Disqualification of the result obtained in that Competition with all resulting Consequences, including forfeiture of any medals, points and prizes.\(^{35}\)

ARTICLE 10 SANCTIONS ON INDIVIDUALS

10.1 Disqualification of Results in the Event during which an Anti-Doping Rule Violation Occurs

10.1.1 An anti-doping rule violation occurring during or in connection with an Event may, upon the decision of the ruling body of the Event, lead to Disqualification of all of the Athlete’s individual results obtained in that Event with all Consequences, including forfeiture of all medals, points and prizes, except as provided in Article 10.1.2.

---

\(^{34}\) [Comment to Article 8.4: In some cases, the combined cost of holding a hearing in the first instance at the international or national level, then rehearing the case de novo before CAS can be very substantial. Where all of the parties identified in this Article are satisfied that their interests will be adequately protected in a single hearing, there is no need for the Athlete or Anti-Doping Organizations to incur the extra expense of two (2) hearings. An Anti-Doping Organization may participate in the CAS hearing as an observer. Nothing set out in Article 8.4 precludes the Athlete or other Person and IRONMAN (where it has Results Management responsibility) to waive their right to appeal by agreement. Such waiver, however, only binds the parties to such agreement and not any other entity with a right of appeal under the Code.]

\(^{35}\) [Comment to Article 9: For Team Sports, any awards received by individual players will be Disqualified. However, Disqualification of the team will be as provided in Article 11. In sports which are not Team Sports but where awards are given to teams, Disqualification or other disciplinary action against the team when one or more team members have committed an anti-doping rule violation shall be as provided in the applicable rules of the International Federation.]
Factors to be included in considering whether to Disqualify other results in an Event might include, for example, the seriousness of the Athlete’s anti-doping rule violation and whether the Athlete tested negative in the other Competitions.36

10.1.2 If the Athlete establishes that he or she bears No Fault or Negligence for the violation, the Athlete’s individual results in the other Competitions shall not be Disqualified, unless the Athlete’s results in Competitions other than the Competition in which the anti-doping rule violation occurred were likely to have been affected by the Athlete’s anti-doping rule violation.

10.2 Ineligibility for Presence, Use or Attempted Use, or Possession of a Prohibited Substance or Prohibited Method

The period of Ineligibility for a violation of Article 2.1, 2.2 or 2.6 shall be as follows, subject to potential elimination, reduction or suspension pursuant to Article 10.5, 10.6 or 10.7:

10.2.1 The period of Ineligibility, subject to Article 10.2.4, shall be four (4) years where:

10.2.1.1 The anti-doping rule violation does not involve a Specified Substance or a Specified Method, unless the Athlete or other Person can establish that the anti-doping rule violation was not intentional.37

10.2.1.2 The anti-doping rule violation involves a Specified Substance or a Specified Method and IRONMAN can establish that the anti-doping rule violation was intentional.

10.2.2 If Article 10.2.1 does not apply, subject to Article 10.2.4.1, the period of Ineligibility shall be two (2) years.

10.2.3 As used in Article 10.2, the term “intentional” is meant to identify those Athletes or other Persons who engage in conduct which they knew constituted an anti-doping rule violation or knew that there was a significant risk that the conduct might constitute or result in an anti-doping rule violation and manifestly disregarded that risk. An anti-doping rule violation resulting from an Adverse Analytical Finding for a substance which is only prohibited In-Competition shall be rebuttably presumed to be not “intentional” if the substance is a Specified Substance and the Athlete can establish that the Prohibited Substance was Used Out-of-Competition. An anti-doping rule violation resulting from an Adverse Analytical Finding for a substance which is only prohibited In-Competition shall not be considered “intentional” if the substance is not a Specified Substance and the Athlete can establish that the Prohibited Substance was Used Out-of-Competition in a context unrelated to sport performance.38

36 [Comment to Article 10.1.1: Whereas Article 9 Disqualifies the result in a single Competition in which the Athlete tested positive (e.g., the 100 meter backstroke), this Article may lead to Disqualification of all results in all races during the Event (e.g., the swimming World Championships).]

37 [Comment to Article 10.2.1.1: While it is theoretically possible for an Athlete or other Person to establish that the anti-doping rule violation was not intentional without showing how the Prohibited Substance entered one’s system, it is highly unlikely that in a doping case under Article 2.1 an Athlete will be successful in proving that the Athlete acted unintentionally without establishing the source of the Prohibited Substance.]

38 [Comment to Article 10.2.3: Article 10.2.3 provides a special definition of “intentional” which is to be applied solely for purposes of Article 10.2.]
10.2.4 Notwithstanding any other provision in Article 10.2, where the anti-doping rule violation involves a Substance of Abuse:

10.2.4.1 If the Athlete can establish that any ingestion or Use occurred Out-of-Competition and was unrelated to sport performance, then the period of Ineligibility shall be three (3) months Ineligibility.

In addition, the period of Ineligibility calculated under this Article 10.2.4.1 may be reduced to one (1) month if the Athlete or other Person satisfactorily completes a Substance of Abuse treatment program approved by IRONMAN. The period of Ineligibility established in this Article 10.2.4.1 is not subject to any reduction based on any provision in Article 10.6.39

10.2.4.2 If the ingestion, Use or Possession occurred In-Competition, and the Athlete can establish that the context of the ingestion, Use or Possession was unrelated to sport performance, then the ingestion, Use or Possession shall not be considered intentional for purposes of Article 10.2.1 and shall not provide a basis for a finding of Aggravating Circumstances under Article 10.4.

10.3 Ineligibility for Other Anti-Doping Rule Violations

The period of Ineligibility for anti-doping rule violations other than as provided in Article 10.2 shall be as follows, unless Article 10.6 or 10.7 are applicable:

10.3.1 For violations of Article 2.3 or 2.5, the period of Ineligibility shall be four (4) years except: (i) in the case of failing to submit to Sample collection, if the Athlete can establish that the commission of the anti-doping rule violation was not intentional, the period of Ineligibility shall be two (2) years; (ii) in all other cases, if the Athlete or other Person can establish exceptional circumstances that justify a reduction of the period of Ineligibility, the period of Ineligibility shall be in a range from two (2) years to four (4) years depending on the Athlete or other Person’s degree of Fault; or (iii) in a case involving a Protected Person or Recreational Athlete, the period of Ineligibility shall be in a range between a maximum of two (2) years and, at a minimum, a reprimand and no period of Ineligibility, depending on the Protected Person or Recreational Athlete’s degree of Fault.

10.3.2 For violations of Article 2.4, the period of Ineligibility shall be two (2) years, subject to reduction down to a minimum of one (1) year, depending on the Athlete’s degree of Fault. The flexibility between two (2) years and one (1) year of Ineligibility in this Article is not available to Athletes where a pattern of last-minute whereabouts changes or other conduct raises a serious suspicion that the Athlete was trying to avoid being available for Testing.

10.3.3 For violations of Article 2.7 or 2.8, the period of Ineligibility shall be a minimum of four (4) years up to lifetime Ineligibility, depending on the seriousness of the violation. An Article 2.7 or Article 2.8 violation involving a Protected Person shall be considered a particularly serious violation and, if committed by Athlete

39 [Comment to Article 10.2.4.1: The determinations as to whether the treatment program is approved and whether the Athlete or other Person has satisfactorily completed the program shall be made in the sole discretion of IRONMAN. This Article is intended to give IRONMAN the leeway to apply their own judgment to identify and approve legitimate and reputable, as opposed to “sham”, treatment programs. It is anticipated, however, that the characteristics of legitimate treatment programs may vary widely and change over time such that it would not be practical for WADA to develop mandatory criteria for acceptable treatment programs.]
Support Personnel for violations other than for Specified Substances, shall result in lifetime Ineligibility for Athlete Support Personnel. In addition, significant violations of Article 2.7 or 2.8 which may also violate non-sporting laws and regulations, shall be reported to the competent administrative, professional or judicial authorities.40

10.3.4 For violations of Article 2.9, the period of Ineligibility imposed shall be a minimum of two (2) years, up to lifetime Ineligibility, depending on the seriousness of the violation.

10.3.5 For violations of Article 2.10, the period of Ineligibility shall be two (2) years, subject to reduction down to a minimum of one (1) year, depending on the Athlete or other Person’s degree of Fault and other circumstances of the case.41

10.3.6 For violations of Article 2.11, the period of Ineligibility shall be a minimum of two (2) years, up to lifetime Ineligibility, depending on the seriousness of the violation by the Athlete or other Person.

10.4 Aggravating Circumstances which may Increase the Period of Ineligibility

If IRONMAN establishes in an individual case involving an anti-doping rule violation other than violations under Article 2.7 (Trafficking or Attempted Trafficking), 2.8 (Administration or Attempted Administration), 2.9 (Complicity or Attempted Complicity) or 2.11 (Acts by an Athlete or Other Person to Discourage or Retaliate Against Reporting) that Aggravating Circumstances are present which justify the imposition of a period of Ineligibility greater than the standard sanction, then the period of Ineligibility otherwise applicable shall be increased by an additional period of Ineligibility of up to two (2) years depending on the seriousness of the violation and the nature of the Aggravating Circumstances, unless the Athlete or other Person can establish that he or she did not knowingly commit the anti-doping rule violation.43

10.5 Elimination of the Period of Ineligibility where there is No Fault or Negligence

If an Athlete or other Person establishes in an individual case that he or she bears No Fault or Negligence, then the otherwise applicable period of Ineligibility shall be eliminated.44

[Comment to Article 10.3.3: Those who are involved in doping Athletes or covering up doping should be subject to sanctions which are more severe than the Athletes who test positive. Since the authority of sport organizations is generally limited to Ineligibility for accreditation, membership and other sport benefits, reporting Athlete Support Personnel to competent authorities is an important step in the deterrence of doping.]

[Comment to Article 10.3.5: Where the “other Person” referenced in Article 2.10 is an entity and not an individual, that entity may be disciplined as provided in Article 12.]

[Comment to Article 10.3.6: Conduct that is found to violate both Article 2.5 (Tampering) and Article 2.11 (Acts by an Athlete or Other Person to Discourage or Retaliate Against Reporting to Authorities) shall be sanctioned based on the violation that carries the more severe sanction.]

[Comment to Article 10.4: Violations under Articles 2.7 (Trafficking or Attempted Trafficking), 2.8 (Administration or Attempted Administration), 2.9 (Complicity or Attempted Complicity) and 2.11 (Acts by an Athlete or Other Person to Discourage or Retaliate Against Reporting to Authorities) are not included in the application of Article 10.4 because the sanctions for these violations already build in sufficient discretion up to a lifetime ban to allow consideration of any Aggravating Circumstance.]

[Comment to Article 10.5: This Article and Article 10.6.2 apply only to the imposition of sanctions; they are not applicable to the determination of whether an anti-doping rule violation has occurred. They will only apply in exceptional circumstances, for example, where an Athlete could prove that, despite all due care, he or she was sabotaged by a competitor. Conversely, No Fault or Negligence would not apply in the following circumstances: (a) a positive test resulting from a mislabeled or contaminated vitamin or nutritional supplement (Athletes are responsible for what they ingest (Article 2.1) and have been warned against the possibility]
10.6 Reduction of the Period of Ineligibility based on No Significant Fault or Negligence

10.6.1 Reduction of Sanctions in Particular Circumstances for Violations of Article 2.1, 2.2 or 2.6.

All reductions under Article 10.6.1 are mutually exclusive and not cumulative.

10.6.1.1 Specified Substances or Specified Methods

Where the anti-doping rule violation involves a Specified Substance (other than a Substance of Abuse) or Specified Method, and the Athlete or other Person can establish No Significant Fault or Negligence, then the period of Ineligibility shall be, at a minimum, a reprimand and no period of Ineligibility, and at a maximum, two (2) years of Ineligibility, depending on the Athlete's or other Person's degree of Fault.

10.6.1.2 Contaminated Products

In cases where the Athlete or other Person can establish both No Significant Fault or Negligence and that the detected Prohibited Substance (other than a Substance of Abuse) came from a Contaminated Product, then the period of Ineligibility shall be, at a minimum, a reprimand and no period of Ineligibility, and at a maximum, two (2) years Ineligibility, depending on the Athlete or other Person's degree of Fault.\textsuperscript{45}

10.6.1.3 Protected Persons or Recreational Athletes

Where the anti-doping rule violation not involving a Substance of Abuse is committed by a Protected Person or Recreational Athlete, and the Protected Person or Recreational Athlete can establish No Significant Fault or Negligence, then the period of Ineligibility shall be, at a minimum, a reprimand and no period of Ineligibility, and at a maximum, two (2) years Ineligibility, depending on the Protected Person or Recreational Athlete's degree of Fault.

\textsuperscript{45}[Comment to Article 10.6.1.2: In order to receive the benefit of this Article, the Athlete or other Person must establish not only that the detected Prohibited Substance came from a Contaminated Product, but must also separately establish No Significant Fault or Negligence. It should be further noted that Athletes are on notice that they take nutritional supplements at their own risk. The sanction reduction based on No Significant Fault or Negligence has rarely been applied in Contaminated Product cases unless the Athlete has exercised a high level of caution before taking the Contaminated Product. In assessing whether the Athlete can establish the source of the Prohibited Substance, it would, for example, be significant for purposes of establishing whether the Athlete actually Used the Contaminated Product, whether the Athlete had declared the product which was subsequently determined to be contaminated on the Doping Control form.

This Article should not be extended beyond products that have gone through some process of manufacturing. Where an Adverse Analytical Finding results from environment contamination of a "non-product" such as tap water or lake water in circumstances where no reasonable person would expect any risk of an anti-doping rule violation, typically there would be No Fault or Negligence under Article 10.5.]
10.6.2  Application of *No Significant Fault or Negligence* beyond the Application of Article 10.6.1

If an *Athlete* or other *Person* establishes in an individual case where Article 10.6.1 is not applicable that he or she bears *No Significant Fault or Negligence*, then, subject to further reduction or elimination as provided in Article 10.7, the otherwise applicable period of *Ineligibility* may be reduced based on the *Athlete* or other *Person*’s degree of *Fault*, but the reduced period of *Ineligibility* may not be less than one-half of the period of *Ineligibility* otherwise applicable. If the otherwise applicable period of *Ineligibility* is a lifetime, the reduced period under this Article may be no less than eight (8) years.\(^{46}\)

10.7  Elimination, Reduction, or Suspension of Period of *Ineligibility* or Other *Consequences* for Reasons Other than *Fault*

10.7.1  *Substantial Assistance* in Discovering or Establishing *Code* Violations\(^{47}\)

10.7.1.1  IRONMAN may, prior to an appellate decision under Article 13 or the expiration of the time to appeal, suspend a part of the *Consequences* (other than *Disqualification* and mandatory *Public Disclosure*) imposed in an individual case where the *Athlete* or other *Person* has provided *Substantial Assistance* to an *Anti-Doping Organization*, criminal authority or professional disciplinary body which results in: (i) the *Anti-Doping Organization* discovering or bringing forward an anti-doping rule violation by another *Person*; or (ii) which results in a criminal or disciplinary body discovering or bringing forward a criminal offense or the breach of professional rules committed by another *Person* and the information provided by the *Person* providing *Substantial Assistance* is made available to IRONMAN or other *Anti-Doping Organization* with *Results Management* responsibility; or (iii) which results in *WADA* initiating a proceeding against a *Signatory*, *WADA*-accredited laboratory, or *Athlete* passport management unit (as defined in the *International Standard for Laboratories*) for non-compliance with the *Code*, *International Standard* or *Technical Document*; or (iv) with the approval by *WADA*, which results in a criminal or disciplinary body bringing forward a criminal offense or the breach of professional or sport rules arising out of a sport integrity violation other than doping. After an appellate decision under Article 13 or the expiration of time to appeal, IRONMAN may only suspend a part of the otherwise applicable *Consequences* with the approval of *WADA*.

The extent to which the otherwise applicable period of *Ineligibility* may be suspended shall be based on the seriousness of the anti-doping rule violation committed by the *Athlete* or other *Person* and the significance of the *Substantial Assistance* provided by the *Athlete* or other *Person* to the effort to eliminate doping in sport, non-compliance with the *Code* and/or sport integrity violations. No more than three-quarters of the otherwise applicable period of *Ineligibility* may be suspended. If the otherwise applicable period of *Ineligibility* is a

---

\(^{46}\) *Comment to Article 10.6.2: Article 10.6.2 may be applied to any anti-doping rule violation except those Articles where intent is an element of the anti-doping rule violation (e.g., Article 2.5, 2.7, 2.8, 2.9 or 2.11) or an element of a particular sanction (e.g., Article 10.2.1) or a range of Ineligibility is already provided in an Article based on the Athlete or other Person’s degree of Fault.*

\(^{47}\) *Comment to Article 10.7.1: The cooperation of Athletes, Athlete Support Personnel and other Persons who acknowledge their mistakes and are willing to bring other anti-doping rule violations to light is important to clean sport.*
lifetime, the non-suspended period under this Article must be no less than eight (8) years. For purposes of this paragraph, the otherwise applicable period of Ineligibility shall not include any period of Ineligibility that could be added under Article 10.9.3.2 of these Anti-Doping Rules.

If so requested by an Athlete or other Person who seeks to provide Substantial Assistance, IRONMAN shall allow the Athlete or other Person to provide the information to it subject to a Without Prejudice Agreement.

If the Athlete or other Person fails to continue to cooperate and to provide the complete and credible Substantial Assistance upon which a suspension of Consequences was based, IRONMAN shall reinstate the original Consequences. If IRONMAN decides to reinstate suspended Consequences or decides not to reinstate suspended Consequences, that decision may be appealed by any Person entitled to appeal under Article 13.

10.7.1.2 To further encourage Athletes and other Persons to provide Substantial Assistance to Anti-Doping Organizations, at the request of IRONMAN or at the request of the Athlete or other Person who has, or has been asserted to have, committed an anti-doping rule violation, or other violation of the Code, WADA may agree at any stage of the Results Management process, including after an appellate decision under Article 13, to what it considers to be an appropriate suspension of the otherwise-applicable period of Ineligibility and other Consequences. In exceptional circumstances, WADA may agree to suspensions of the period of Ineligibility and other Consequences for Substantial Assistance greater than those otherwise provided in this Article, or even no period of Ineligibility, no mandatory Public Disclosure and/or no return of prize money or payment of fines or costs. WADA’s approval shall be subject to reinstatement of Consequences, as otherwise provided in this Article. Notwithstanding Article 13, WADA’s decisions in the context of this Article 10.7.1.2 may not be appealed.

10.7.1.3 If IRONMAN suspends any part of an otherwise applicable sanction because of Substantial Assistance, then notice providing justification for the decision shall be provided to the other Anti-Doping Organizations with a right to appeal under Article 13.2.3 as provided in Article 14.

In unique circumstances where WADA determines that it would be in the best interest of anti-doping, WADA may authorize IRONMAN to enter into appropriate confidentiality agreements limiting or delaying the disclosure of the Substantial Assistance agreement or the nature of Substantial Assistance being provided.

10.7.2 Admission of an Anti-Doping Rule Violation in the Absence of Other Evidence

Where an Athlete or other Person voluntarily admits the commission of an anti-doping rule violation before having received notice of a Sample collection which could establish an anti-doping rule violation (or, in the case of an anti-doping rule violation other than Article 2.1, before receiving first notice of the admitted violation pursuant to Article 7) and that
admission is the only reliable evidence of the violation at the time of admission, then the period of Ineligibility may be reduced, but not below one-half of the period of Ineligibility otherwise applicable.\(^\text{48}\)

10.7.3 Application of Multiple Grounds for Reduction of a Sanction

Where an Athlete or other Person establishes entitlement to reduction in sanction under more than one provision of Article 10.5, 10.6 or 10.7, before applying any reduction or suspension under Article 10.7, the otherwise applicable period of Ineligibility shall be determined in accordance with Articles 10.2, 10.3, 10.5, and 10.6. If the Athlete or other Person establishes entitlement to a reduction or suspension of the period of Ineligibility under Article 10.7, then the period of Ineligibility may be reduced or suspended, but not below one-fourth of the otherwise applicable period of Ineligibility.

10.8 Results Management Agreements

10.8.1 One-Year Reduction for Certain Anti-Doping Rule Violations Based on Early Admission and Acceptance of Sanction

Where an Athlete or other Person, after being notified by IRONMAN of a potential anti-doping rule violation that carries an asserted period of Ineligibility of four (4) or more years (including any period of Ineligibility asserted under Article 10.4), admits the violation and accepts the asserted period of Ineligibility no later than twenty (20) days after receiving notice of an anti-doping rule violation charge, the Athlete or other Person may receive a one-year reduction in the period of Ineligibility asserted by IRONMAN. Where the Athlete or other Person receives the one-year reduction in the asserted period of Ineligibility under this Article 10.8.1, no further reduction in the asserted period of Ineligibility shall be allowed under any other Article.\(^\text{49}\)

10.8.2 Case Resolution Agreement

Where the Athlete or other Person admits an anti-doping rule violation after being confronted with the anti-doping rule violation by IRONMAN and agrees to Consequences acceptable to IRONMAN and WADA, at their sole discretion, then: (a) the Athlete or other Person may receive a reduction in the period of Ineligibility based on an assessment by IRONMAN and WADA of the application of Articles 10.1 through 10.7 to the asserted anti-doping rule violation, the seriousness of the violation, the Athlete or other Person's degree of Fault and how promptly the Athlete or other Person admitted the violation; and (b) the period of Ineligibility may start as early as the date of Sample collection or the date on which another anti-doping rule violation last occurred. In each case, however, where this Article is applied, the Athlete or other Person shall serve at least one-half of the agreed-upon period of Ineligibility going forward from the earlier of the date the Athlete or other Person accepted the imposition of a sanction or a Provisional Suspension which was subsequently respected by the Athlete or other Person. The decision by WADA and IRONMAN to enter or not enter into a case resolution agreement, and the amount of the

\(^{48}\) [Comment to Article 10.7.2: This Article is intended to apply when an Athlete or other Person comes forward and admits to an anti-doping rule violation in circumstances where no Anti-Doping Organization is aware that an anti-doping rule violation might have been committed. It is not intended to apply to circumstances where the admission occurs after the Athlete or other Person believes he or she is about to be caught. The amount by which Ineligibility is reduced should be based on the likelihood that the Athlete or other Person would have been caught had he or she not come forward voluntarily.]

\(^{49}\) [Comment to Article 10.8.1: For example, if IRONMAN alleges that an Athlete has violated Article 2.1 for Use of an anabolic steroid and asserts the applicable period of Ineligibility is four (4) years, then the Athlete may unilaterally reduce the period of Ineligibility to three (3) years by admitting the violation and accepting the three-year period of Ineligibility within the time specified in this Article, with no further reduction allowed. This resolves the case without any need for a hearing.]
reduction to, and the starting date of, the period of Ineligibility are not matters for determination or review by a hearing body and are not subject to appeal under Article 13.

If so requested by an Athlete or other Person who seeks to enter into a case resolution agreement under this Article, IRONMAN shall allow the Athlete or other Person to discuss an admission of the anti-doping rule violation with it subject to a Without Prejudice Agreement.50

10.9 Multiple Violations

10.9.1 Second or Third Anti-Doping Rule Violation

10.9.1.1 For an Athlete or other Person’s second anti-doping rule violation, the period of Ineligibility shall be the greater of:

(a) A six-month period of Ineligibility; or

(b) A period of Ineligibility in the range between:

(i) the sum of the period of Ineligibility imposed for the first anti-doping rule violation plus the period of Ineligibility otherwise applicable to the second anti-doping rule violation treated as if it were a first violation, and

(ii) twice the period of Ineligibility otherwise applicable to the second anti-doping rule violation treated as if it were a first violation.

The period of Ineligibility within this range shall be determined based on the entirety of the circumstances and the Athlete or other Person’s degree of Fault with respect to the second violation.

10.9.1.2 A third anti-doping rule violation will always result in a lifetime period of Ineligibility, except if the third violation fulfills the condition for elimination or reduction of the period of Ineligibility under Article 10.5 or 10.6, or involves a violation of Article 2.4. In these particular cases, the period of Ineligibility shall be from eight (8) years to lifetime Ineligibility.

10.9.1.3 The period of Ineligibility established in Articles 10.9.1.1 and 10.9.1.2 may then be further reduced by the application of Article 10.7.

10.9.2 An anti-doping rule violation for which an Athlete or other Person has established No Fault or Negligence shall not be considered a violation for purposes of this Article 10.9. In addition, an anti-doping rule violation sanctioned under Article 10.2.4.1 shall not be considered a violation for purposes of Article 10.9.

10.9.3 Additional Rules for Certain Potential Multiple Violations

10.9.3.1 For purposes of imposing sanctions under Article 10.9, except as provided in Articles 10.9.3.2 and 10.9.3.3, an anti-doping rule violation

50 [Comment to Article 10.8: Any mitigating or aggravating factors set forth in this Article 10 shall be considered in arriving at the Consequences set forth in the case resolution agreement, and shall not be applicable beyond the terms of that agreement.]
will only be considered a second violation if IRONMAN can establish that the Athlete or other Person committed the additional anti-doping rule violation after the Athlete or other Person received notice pursuant to Article 7, or after IRONMAN made reasonable efforts to give notice of the first anti-doping rule violation. If IRONMAN cannot establish this, the violations shall be considered together as one single first violation, and the sanction imposed shall be based on the violation that carries the more severe sanction, including the application of Aggravating Circumstances. Results in all Competitions dating back to the earlier anti-doping rule violation will be Disqualified as provided in Article 10.10.51

10.9.3.2 If IRONMAN establishes that an Athlete or other Person committed an additional anti-doping rule violation prior to notification, and that the additional violation occurred twelve (12) months or more before or after the first-noticed violation, then the period of Ineligibility for the additional violation shall be calculated as if the additional violation were a stand-alone first violation and this period of Ineligibility is served consecutively, rather than concurrently, with the period of Ineligibility imposed for the earlier-noticed violation. Where this Article 10.9.3.2 applies, the violations taken together shall constitute a single violation for purposes of Article 10.9.1.

10.9.3.3 If IRONMAN establishes that an Athlete or other Person committed a violation of Article 2.5 in connection with the Doping Control process for an underlying asserted anti-doping rule violation, the violation of Article 2.5 shall be treated as a stand-alone first violation and the period of Ineligibility for such violation shall be served consecutively, rather than concurrently, with the period of Ineligibility, if any, imposed for the underlying anti-doping rule violation. Where this Article 10.9.3.3 is applied, the violations taken together shall constitute a single violation for purposes of Article 10.9.1.

10.9.3.4 If IRONMAN establishes that an Athlete or other Person has committed a second or third anti-doping rule violation during a period of Ineligibility, the periods of Ineligibility for the multiple violations shall run consecutively, rather than concurrently.

10.9.4 Multiple Anti-Doping Rule Violations during Ten-Year Period

For purposes of Article 10.9, each anti-doping rule violation must take place within the same ten-year period in order to be considered multiple violations.

10.10 Disqualification of Results in Competitions Subsequent to Sample Collection or Commission of an Anti-Doping Rule Violation

In addition to the automatic Disqualification of the results in the Competition which produced the positive Sample under Article 9, all other competitive results of the Athlete obtained from the date a positive Sample was collected (whether In-Competition or Out-of-Competition), or other anti-doping rule violation occurred, through the commencement of any Provisional Suspension or

51 [Comment to Article 10.9.3.1: The same rule applies where, after the imposition of a sanction, IRONMAN discovers facts involving an anti-doping rule violation that occurred prior to notification for a first anti-doping rule violation – e.g., IRONMAN shall impose a sanction based on the sanction that could have been imposed if the two (2) violations had been adjudicated at the same time, including the application of Aggravating Circumstances.]
Ineligibility period, shall, unless fairness requires otherwise, be Disqualified with all of the resulting Consequences including forfeiture of any medals, points and prizes.\(^{52}\)

10.11 Forfeited Prize Money

If IRONMAN recovers prize money forfeited as a result of an anti-doping rule violation, it shall take reasonable measures to allocate and distribute this prize money to the Athletes who would have been entitled to it had the forfeiting Athlete not competed.\(^{53}\)

10.12 Financial Consequences

10.12.1 Where an Athlete or other Person commits an anti-doping rule violation, IRONMAN may, in its discretion and subject to the principle of proportionality, elect to (a) recover from the Athlete or other Person costs and fees associated with the anti-doping rule violation and/or (b) other financial incentives, including but not limited to, financial support for a specific event, such as appearance fees, accommodation stipends, travel stipends, etc.

10.12.2 No recovery of costs or other financial consequences may considered a basis for reducing the Ineligibility or other sanction which would otherwise be applicable under the Code.

10.13 Commencement of Ineligibility Period

Where an Athlete is already serving a period of Ineligibility for an anti-doping rule violation, any new period of Ineligibility shall commence on the first day after the current period of Ineligibility has been served. Otherwise, except as provided below, the period of Ineligibility shall start on the date of the final hearing decision providing for Ineligibility or, if the hearing is waived or there is no hearing, on the date Ineligibility is accepted or otherwise imposed.

10.13.1 Delays Not Attributable to the Athlete or other Person

Where there have been substantial delays in the hearing process or other aspects of Doping Control, and the Athlete or other Person can establish that such delays are not attributable to the Athlete or other Person, IRONMAN, McLaren Global Sport Solutions, Inc., or the Anti-Doping Organization with delegated Results Management authority, if applicable, may start the period of Ineligibility at an earlier date commencing as early as the date of Sample collection or the date on which another anti-doping rule violation last occurred. All competitive results achieved during the period of Ineligibility, including retroactive Ineligibility, shall be Disqualified.\(^{54}\)

\(^{52}\) [Comment to Article 10.10: Nothing in these Anti-Doping Rules precludes clean Athletes or other Persons who have been damaged by the actions of a Person who has committed an anti-doping rule violation from pursuing any right which they would otherwise have to seek damages from such Person.]

\(^{53}\) [Comment to Article 10.11: This Article is not intended to impose an affirmative duty on IRONMAN to take any action to collect forfeited prize money. If IRONMAN elects not to take any action to collect forfeited prize money, it may assign its right to recover such money to the Athlete(s) who should have otherwise received the money. "Reasonable measures to allocate and distribute this prize money" could include using collected forfeited prize money as agreed upon by IRONMAN and its Athletes.]

\(^{54}\) [Comment to Article 10.13.1: In cases of anti-doping rule violations other than under Article 2.1, the time required for an Anti-Doping Organization to discover and develop facts sufficient to establish an anti-doping rule violation may be lengthy, particularly where the Athlete or other Person has taken affirmative action to avoid detection. In these circumstances, the flexibility provided in this Article to start the sanction at an earlier date should not be used.]
10.13.2 Credit for Provisional Suspension or Period of Ineligibility Served

10.13.2.1 If a Provisional Suspension is respected by the Athlete or other Person, then the Athlete or other Person shall receive a credit for such period of Provisional Suspension against any period of Ineligibility which may ultimately be imposed. If the Athlete or other Person does not respect a Provisional Suspension, then the Athlete or other Person shall receive no credit for any period of Provisional Suspension served. If a period of Ineligibility is served pursuant to a decision that is subsequently appealed, then the Athlete or other Person shall receive a credit for such period of Ineligibility served against any period of Ineligibility which may ultimately be imposed on appeal.

10.13.2.2 If an Athlete or other Person voluntarily accepts a Provisional Suspension in writing from IRONMAN and thereafter respects the Provisional Suspension, the Athlete or other Person shall receive a credit for such period of voluntary Provisional Suspension against any period of Ineligibility which may ultimately be imposed. A copy of the Athlete or other Person’s voluntary acceptance of a Provisional Suspension shall be provided promptly to each party entitled to receive notice of an asserted anti-doping rule violation under Article 14.1.55

10.13.2.3 No credit against a period of Ineligibility shall be given for any time period before the effective date of the Provisional Suspension or voluntary Provisional Suspension regardless of whether the Athlete elected not to compete or was suspended by a team.

10.14 Status During Ineligibility or Provisional Suspension

10.14.1 Prohibition Against Participation During Ineligibility or Provisional Suspension

No Athlete or other Person who has been declared Ineligible or is subject to a Provisional Suspension may, during a period of Ineligibility or Provisional Suspension, participate in any capacity in a Competition or activity (other than authorized anti-doping Education or rehabilitation programs) authorized or organized by any Signatory, Signatory’s member organization, or a club or other member organization of a Signatory’s member organization, or in Competitions authorized or organized by any professional league or any international- or national-level Event organization or any elite or national-level sporting activity funded by a governmental agency.

An Athlete or other Person subject to a period of Ineligibility longer than four (4) years may, after completing four (4) years of the period of Ineligibility, participate as an Athlete in local sport events not sanctioned or otherwise under the authority of a Code Signatory or member of a Code Signatory, but only so long as the local sport event is not at a level that could otherwise qualify such Athlete or other Person directly or indirectly to compete in (or accumulate points toward) a national championship or International Event, and does not involve the Athlete or other Person working in any capacity with Protected Persons.

55 [Comment to Article 10.13.2.2: An Athlete’s voluntary acceptance of a Provisional Suspension is not an admission by the Athlete and shall not be used in any way to draw an adverse inference against the Athlete.]
An Athlete or other Person subject to a period of Ineligibility shall remain subject to Testing and any requirement by IRONMAN to provide whereabouts information.\[56\]

10.14.2 Return to Training

As an exception to Article 10.14.1, an Athlete may return to train with a team or to use the facilities of a club or other member organization of IRONMAN’s or other Signatory’s member organization during the shorter of: (1) the last two months of the Athlete’s period of Ineligibility, or (2) the last one-quarter of the period of Ineligibility imposed.\[57\]

10.14.3 Violation of the Prohibition of Participation During Ineligibility or Provisional Suspension

Where an Athlete or other Person who has been declared Ineligible violates the prohibition against participation during Ineligibility described in Article 10.14.1, the results of such participation shall be Disqualified and a new period of Ineligibility equal in length to the original period of Ineligibility shall be added to the end of the original period of Ineligibility. The new period of Ineligibility, including a reprimand and no period of Ineligibility, may be adjusted based on the Athlete or other Person’s degree of Fault and other circumstances of the case. The determination of whether an Athlete or other Person has violated the prohibition against participation, and whether an adjustment is appropriate, shall be made by the Anti-Doping Organization whose Results Management led to the imposition of the initial period of Ineligibility. This decision may be appealed under Article 13.

An Athlete or other Person who violates the prohibition against participation during a Provisional Suspension described in Article 10.14.1 shall receive no credit for any period of Provisional Suspension served and the results of such participation shall be Disqualified.

Where an Athlete Support Person or other Person assists a Person in violating the prohibition against participation during Ineligibility or a Provisional Suspension, IRONMAN shall impose sanctions for a violation of Article 2.9 for such assistance.

10.14.4 Withholding of Financial Support during Ineligibility

In addition, for any anti-doping rule violation not involving a reduced sanction as described in Article 10.5 or 10.6, some or all sport-related financial support or other sport-related benefits received by such Person will be withheld by IRONMAN and its National Federations.

\[56\] [Comment to Article 10.14.1: For example, subject to Article 10.14.2 below, Ineligible Athletes cannot participate in a training camp, exhibition or practice organized by their National Federation or a club which is a member of that National Federation or which is funded by a governmental agency. Further, an Ineligible Athlete may not compete in a non-Signatory professional league (e.g., the National Hockey League, the National Basketball Association, etc.), Events organized by a non-Signatory International Event organization or a non-Signatory national-level Event organization without triggering the Consequences set forth in Article 10.14.3. The term “activity” also includes, for example, administrative activities, such as serving as an official, director, officer, employee, or volunteer of the organization described in this Article. Ineligibility imposed in one sport shall also be recognized by other sports (see Article 15.1, Automatic Binding Effect of Decisions). An Athlete or other Person serving a period of Ineligibility is prohibited from coaching or serving as an Athlete Support Person in any other capacity at any time during the period of Ineligibility, and doing so could also result in a violation of Article 2.10 by another Athlete. Any performance standard accomplished during a period of Ineligibility shall not be recognized by IRONMAN or its National Federations for any purpose.]

\[57\] [Comment to Article 10.14.2: In many Team Sports and some individual sports (e.g., ski jumping and gymnastics), Athletes cannot effectively train on their own so as to be ready to compete at the end of the Athlete’s period of Ineligibility. During the training period described in this Article, an Ineligible Athlete may not compete or engage in any activity described in Article 10.14.1 other than training.]
10.15 **Automatic Publication of Sanction**

A mandatory part of each sanction shall include automatic publication, as provided in Article 14.3.

**ARTICLE 11  INTENTIONALLY OMITTED**

**ARTICLE 12  SANCTIONS BY IRONMAN AGAINST OTHER SPORTING BODIES AND THEIR MEMBERS**

When IRONMAN becomes aware that another Anti-Doping Organization, International or National Federation, or any other sporting body, has failed to comply with, implement, uphold, and enforce these Anti-Doping Rules or the Code within that organization’s or body’s area of competence, or where WADA or another Code Signatory has taken disciplinary action against such organization, IRONMAN has the authority and may take the following additional disciplinary action:

12.1 Recognize and implement the disciplinary action taken by another Signatory Anti-Doping Organization

12.2 Exclude all, or some group of, members of that organization or body from specified future Events or all Events conducted within a specified period of time.

**ARTICLE 13  RESULTS MANAGEMENT: APPEALS**

**13.1 Decisions Subject to Appeal**

Decisions made under the Code or these Anti-Doping Rules may be appealed as set forth below in Articles 13.2 through 13.7 or as otherwise provided in these Anti-Doping Rules, the Code or the International Standards. Such decisions shall remain in effect while under appeal unless the appellate body orders otherwise.

13.1.1 **Scope of Review Not Limited**

The scope of review on appeal includes all issues relevant to the matter and is expressly not limited to the issues or scope of review before the initial decision maker. Any party to the appeal may submit evidence, legal arguments and claims that were not raised in the first instance hearing so long as they arise from the same cause of action or same general facts or circumstances raised or addressed in the first instance hearing.

13.1.2 **CAS Shall Not Defer to the Findings Being Appealed**

In making its decision, CAS shall not give deference to the discretion exercised by the body whose decision is being appealed.

---

58 [Comment to Article 13: The object of the Code is to have anti-doping matters resolved through fair and transparent internal processes with a final appeal. Anti-doping decisions by Anti-Doping Organizations are made transparent in Article 14. Specified Persons and organizations, including WADA, are then given the opportunity to appeal those decisions. Note that the definition of interested Persons and organizations with a right to appeal under Article 13 does not include Athletes, or their National Federations, who might benefit from having another competitor Disqualified.]

59 [Comment to Article 13.1.1: The revised language is not intended to make a substantive change to the 2015 Code, but rather for clarification. For example, where an Athlete was charged in the first instance hearing only with Tampering but the same conduct could also constitute Complicity, an appealing party could pursue both Tampering and Complicity charges against the Athlete in the appeal.]

60 [Comment to Article 13.1.2: CAS proceedings are de novo. Prior proceedings do not limit the evidence or carry weight in the hearing before CAS.]
13.1.3 WADA Not Required to Exhaust Internal Remedies

Where WADA has a right to appeal under Article 13 and no other party has appealed a final decision within IRONMAN’s process, WADA may appeal such decision directly to CAS without having to exhaust other remedies in IRONMAN’s process.\(^{61}\)

13.2 Appeals from Decisions Regarding Anti-Doping Rule Violations, Consequences, Provisional Suspensions, Implementation of Decisions and Authority

A decision that an anti-doping rule violation was committed, a decision imposing Consequences or not imposing Consequences for an anti-doping rule violation, or a decision that no anti-doping rule violation was committed; a decision that an anti-doping rule violation proceeding cannot go forward for procedural reasons (including, for example, prescription); a decision by WADA not to grant an exception to the six-months notice requirement for a retired Athlete to return to competition under Article 5.6.1; a decision by WADA assigning Results Management under Article 7.1 of the Code; a decision by IRONMAN not to bring forward an Adverse Analytical Finding or an Atypical Finding as an anti-doping rule violation, or a decision not to go forward with an anti-doping rule violation after an investigation in accordance with the International Standard for Results Management; a decision to impose, or lift, a Provisional Suspension as a result of a Provisional Hearing; IRONMAN’s failure to comply with Article 7.4; a decision that IRONMAN lacks authority to rule on an alleged anti-doping rule violation or its Consequences; a decision to suspend, or not suspend, Consequences or to reinstate, or not reinstate, Consequences under Article 10.7.1; failure to comply with Articles 7.1.4 and 7.1.5 of the Code; failure to comply with Article 10.8.1; a decision under Article 10.14.3; a decision by IRONMAN not to implement another Anti-Doping Organization’s decision under Article 15; and a decision under Article 27.3 of the Code may be appealed exclusively as provided in this Article 13.2.

13.2.1 Appeals Involving International-Level Athletes or International Events

In cases arising from participation in an International Event or in cases involving International-Level Athletes, the decision may be appealed exclusively to CAS.\(^{62}\)

13.2.2 Appeals Involving Other Athletes or Other Persons

In cases where Article 13.2.1 is not applicable, the decision may be appealed to an appellate body, in accordance with rules adopted by the National Anti-Doping Organization having authority over the Athlete or other Person.

The rules for such appeal shall respect the following principles: a timely hearing; a fair, impartial, Operationally Independent and Institutionally Independent hearing panel; the right to be represented by counsel at the Person’s own expense; and a timely, written, reasoned decision.

If no such body as described above is in place and available at the time of the appeal, the decision may be appealed to CAS in accordance with the applicable procedural rules.

---

\(^{61}\) [Comment to Article 13.1.3: Where a decision has been rendered before the final stage of IRONMAN’s process (for example, a first hearing) and no party elects to appeal that decision to the next level of IRONMAN’s process (e.g., the Managing Board), then WADA may bypass the remaining steps in IRONMAN’s internal process and appeal directly to CAS.]

\(^{62}\) [Comment to Article 13.2.1: CAS decisions are final and binding except for any review required by law applicable to the annulment or enforcement of arbitral awards.]
13.2.3 Persons Entitled to Appeal

13.2.3.1 Appeals Involving International-Level Athletes or International Events

In cases under Article 13.2.1, the following parties shall have the right to appeal to CAS: (a) the Athlete or other Person who is the subject of the decision being appealed; (b) the other party to the case in which the decision was rendered; (c) IRONMAN; (d) the National Anti-Doping Organization of the Person’s country of residence or countries where the Person is a national or license holder; (e) the International Olympic Committee or International Paralympic Committee, as applicable, where the decision may have an effect in relation to the Olympic Games or Paralympic Games, including decisions affecting eligibility for the Olympic Games or Paralympic Games; and (f) WADA.

13.2.3.2 Appeals Involving Other Athletes or Other Persons

In cases under Article 13.2.2, the parties having the right to appeal to the appellate body shall be as provided in the National Anti-Doping Organization’s rules but, at a minimum, shall include the following parties: (a) the Athlete or other Person who is the subject of the decision being appealed; (b) the other party to the case in which the decision was rendered; (c) IRONMAN; (d) the National Anti-Doping Organization of the Person’s country of residence or countries where the Person is a national or license holder; (e) the International Olympic Committee or International Paralympic Committee, as applicable, where the decision may have an effect in relation to the Olympic Games or Paralympic Games, including decisions affecting eligibility for the Olympic Games or Paralympic Games; and (f) WADA.

For cases under Article 13.2.2, WADA, the International Olympic Committee, the International Paralympic Committee, and IRONMAN shall also have the right to appeal to CAS with respect to the decision of the appellate body.

Any party filing an appeal shall be entitled to assistance from CAS to obtain all relevant information from the Anti-Doping Organization whose decision is being appealed and the information shall be provided if CAS so directs.

13.2.3.3 Duty to Notify

All parties to any CAS appeal must ensure that WADA and all other parties with a right to appeal have been given timely notice of the appeal.

13.2.3.4 Appeal from Imposition of Provisional Suspension

Notwithstanding any other provision herein, the only Person who may appeal from the imposition of a Provisional Suspension is the Athlete or other Person upon whom the Provisional Suspension is imposed.

13.2.3.5 Appeal from Decisions under Article 12

Decisions by IRONMAN pursuant to Article 12 may be appealed exclusively to CAS by the National Federation or other body.
13.2.4 Cross Appeals and other Subsequent Appeals Allowed

Cross appeals and other subsequent appeals by any respondent named in cases brought to CAS under the Code are specifically permitted. Any party with a right to appeal under this Article 13 must file a cross appeal or subsequent appeal at the latest with the party’s answer.\(^{63}\)

13.3 Failure to Render a Timely Decision by IRONMAN

Where, in a particular case, IRONMAN fails to render a decision with respect to whether an anti-doping rule violation was committed within a reasonable deadline set by WADA, WADA may elect to appeal directly to CAS as if IRONMAN had rendered a decision finding no anti-doping rule violation. If the CAS hearing panel determines that an anti-doping rule violation was committed and that WADA acted reasonably in electing to appeal directly to CAS, then WADA’s costs and attorney fees in prosecuting the appeal shall be reimbursed to WADA by IRONMAN.\(^{64}\)

13.4 Appeals Relating to TUEs

TUE decisions may be appealed exclusively as provided in Article 4.4.

13.5 Notification of Appeal Decisions

IRONMAN shall promptly provide the appeal decision to the Athlete or other Person and to the other Anti-Doping Organizations that would have been entitled to appeal under Article 13.2.3 as provided under Article 14.

13.6 Time for Filing Appeals\(^{65}\)

13.6.1 Appeals to CAS

The time to file an appeal to CAS shall be twenty-one (21) days from the date of receipt of the decision by the appealing party. The above notwithstanding, the following shall apply in connection with appeals filed by a party entitled to appeal but which was not a party to the proceedings that led to the decision being appealed:

(a) Within fifteen (15) days from the notice of the decision, such party/ies shall have the right to request a copy of the full case file pertaining to the decision from the Anti-Doping Organization that had Results Management authority;

(b) If such a request is made within the fifteen (15) day period, then the party making such request shall have twenty-one (21) days from receipt of the file to file an appeal to CAS.

\(^{63}\) [Comment to Article 13.2.4: This provision is necessary because since 2011, CAS rules no longer permit an Athlete the right to cross appeal when an Anti-Doping Organization appeals a decision after the Athlete’s time for appeal has expired. This provision permits a full hearing for all parties.]

\(^{64}\) [Comment to Article 13.3: Given the different circumstances of each anti-doping rule violation investigation and Results Management process, it is not feasible to establish a fixed time period for IRONMAN to render a decision before WADA may intervene by appealing directly to CAS. Before taking such action, however, WADA will consult with IRONMAN and give IRONMAN an opportunity to explain why it has not yet rendered a decision.]

\(^{65}\) [Comment to Article 13.6: Whether governed by CAS rules or these Anti-Doping Rules, a party’s deadline to appeal does not begin running until receipt of the decision. For that reason, there can be no expiration of a party’s right to appeal if the party has not received the decision.]
The above notwithstanding, the filing deadline for an appeal filed by WADA shall be the later of:

(a) Twenty-one (21) days after the last day on which any other party having a right to appeal could have appealed, or

(b) Twenty-one (21) days after WADA’s receipt of the complete file relating to the decision.

### 13.6.2 Appeals Under Article 13.2.2

The time to file an appeal to an independent and impartial body in accordance with rules established by the National Anti-Doping Organization shall be indicated by the same rules of the National Anti-Doping Organization.

The above notwithstanding, the filing deadline for an appeal filed by WADA shall be the later of:

(a) Twenty-one (21) days after the last day on which any other party having a right to appeal could have appealed, or

(b) Twenty-one (21) days after WADA’s receipt of the complete file relating to the decision.

### ARTICLE 14 CONFIDENTIALITY AND REPORTING

#### 14.1 Information Concerning Adverse Analytical Findings, Atypical Findings, and Other Asserted Anti-Doping Rule Violations

**14.1.1 Notice of Anti-Doping Rule Violations to Athletes and other Persons**

Notice to Athletes or other Persons of anti-doping rule violations asserted against them shall occur as provided under Articles 7 and 14.

If at any point during Results Management up until the anti-doping rule violation charge, IRONMAN decides not to move forward with a matter, it must notify the Athlete or other Person, (provided that the Athlete or other Person had been already informed of the ongoing Results Management).

Notice shall be delivered or emailed to Athletes or other Persons.

**14.1.2 Notice of Anti-Doping Rule Violations to National Anti-Doping Organizations and WADA**

Notice of the assertion of an anti-doping rule violation to World Triathlon, the Athlete’s or other Person’s National Anti-Doping Organization and WADA, and in the case of IRONMAN Professional Members, to their designated National Federation, and shall occur as provided under Articles 7 and 14, simultaneously with the notice to the Athlete or other Person.

If at any point during Results Management up until the anti-doping rule violation charge, IRONMAN decides not to move forward with a matter, it must give notice (with reasons) to the Anti-Doping Organizations with a right of appeal under Article 13.2.3.

Notice shall be delivered or emailed.
14.1.3 Content of an Anti-Doping Rule Violation Notice

Notification of an anti-doping rule violation shall include: the Athlete’s or other Person’s name, country, sport and discipline within the sport, the Athlete’s competitive level, whether the test was In-Competition or Out-of-Competition, the date of Sample collection, the analytical result reported by the laboratory, and other information as required by the International Standard for Results Management.

Notification of anti-doping rule violations other than under Article 2.1 shall also include the rule violated and the basis of the asserted violation.

14.1.4 Status Reports

Except with respect to investigations which have not resulted in a notice of an anti-doping rule violation pursuant to Article 14.1.1, the Athlete’s or other Person’s National Anti-Doping Organization and WADA shall be regularly updated on the status and findings of any review or proceedings conducted pursuant to Article 7, 8 or 13 and shall be provided with a prompt written reasoned explanation or decision explaining the resolution of the matter.

14.1.5 Confidentiality

The recipient organizations shall not disclose this information beyond those Persons with a need to know (which would include the appropriate personnel at the applicable National Olympic Committee, National Federation, until IRONMAN has made Public Disclosure as permitted by Article 14.3.

14.1.6 Protection of Confidential Information by an Employee or Agent of the IRONMAN

IRONMAN shall ensure that information concerning Adverse Analytical Findings, Atypical Findings, and other asserted anti-doping rule violations remains confidential until such information is Publicly Disclosed in accordance with Article 14.3. IRONMAN shall ensure that its employees (whether permanent or otherwise), contractors, agents, consultants, and Delegated Third Parties are subject to fully enforceable contractual duty of confidentiality and to fully enforceable procedures for the investigation and disciplining of improper and/or unauthorized disclosure of such confidential information.

14.2 Notice of Anti-Doping Rule Violation or Violations of Ineligibility or Provisional Suspension Decisions and Request for Files

14.2.1 Anti-doping rule violation decisions or decisions related to violations of Ineligibility or Provisional Suspension rendered pursuant to Article 7.6, 8.2, 10.5, 10.6, 10.7, 10.14.3 or 13.5 shall include the full reasons for the decision, including, if applicable, a justification for why the maximum potential sanction was not imposed. Where the decision is not in English or French, IRONMAN shall provide an English or French summary of the decision and the supporting reasons.

14.2.2 An Anti-Doping Organization having a right to appeal a decision received pursuant to Article 14.2.1 may, within fifteen (15) days of receipt, request a copy of the full case file pertaining to the decision.

14.3 Public Disclosure

14.3.1 After notice has been provided to the Athlete or other Person in accordance with the International Standard for Results Management, and to the applicable Anti-
Doping Organizations in accordance with Article 14.1.2, the identity of any Athlete or other Person who is notified of a potential anti-doping rule violation, the Prohibited Substance or Prohibited Method and the nature of the violation involved, and whether the Athlete or other Person is subject to a Provisionally Suspension may be Publicly Disclosed by IRONMAN.

14.3.2 No later than twenty (20) days after it has been determined in an appellate decision under Article 13.2.1 or 13.2.2, or such appeal has been waived, or a hearing in accordance with Article 8 has been waived, or the assertion of an anti-doping rule violation has not otherwise been timely challenged, or the matter has been resolved under Article 10.8, or a new period of Ineligibility, or reprimand, has been imposed under Article 10.14.3, IRONMAN must Publicly Disclose the disposition of the anti-doping matter, including the sport, the anti-doping rule violated, the name of the Athlete or other Person committing the violation, the Prohibited Substance or Prohibited Method involved (if any) and the Consequences imposed. IRONMAN must also Publicly Disclose within twenty (20) days the results of appellate decisions concerning anti-doping rule violations, including the information described above.66

IRONMAN shall also send Notice directly to Union Cycliste Internationale, the Fédération Internationale de Natation, World Athletics, and the Athlete or other Person’s National Federation if it has not been previously given Notice.

14.3.3 After an anti-doping rule violation has been determined to have been committed in an appellate decision under Article 13.2.1 or 13.2.2 or such appeal has been waived, or in a hearing in accordance with Article 8 or where such hearing has been waived, or the assertion of an anti-doping rule violation has not otherwise been timely challenged, or the matter has been resolved under Article 10.8, IRONMAN may make public such determination or decision and may comment publicly on the matter.

14.3.4 In any case where it is determined, after a hearing or appeal, that the Athlete or other Person did not commit an anti-doping rule violation, the fact that the decision has been appealed may be Publicly Disclosed. However, the decision itself and the underlying facts may not be Publicly Disclosed except with the consent of the Athlete or other Person who is the subject of the decision. IRONMAN shall use reasonable efforts to obtain such consent, and if consent is obtained, shall Publicly Disclose the decision in its entirety or in such redacted form as the Athlete or other Person may approve.

14.3.5 Publication shall be accomplished at a minimum by placing the required information on the IRONMAN’s website and leaving the information up for the longer of one (1) month or the duration of any period of Ineligibility.

14.3.6 Except as provided in Articles 14.3.1 and 14.3.3, no Anti-Doping Organization, National Federation, or WADA-accredited laboratory, or any official of any such body, shall publicly comment on the specific facts of any pending case (as opposed to general description of process and science) except in response to public comments attributed to, or based on information provided by the Athlete, other Person or their entourage or other representatives.

66 [Comment to Article 14.3.2: Where Public Disclosure as required by Article 14.3.2 would result in a breach of other applicable laws, IRONMAN’s failure to make the Public Disclosure will not result in a determination of non-compliance with Code as set forth in Article 4.2 of the International Standard for the Protection of Privacy and Personal Information.]
14.3.7 The mandatory Public Disclosure required in Article 14.3.2 shall not be required where the Athlete or other Person who has been found to have committed an anti-doping rule violation is a Minor, Protected Person or Recreational Athlete. Any optional Public Disclosure in a case involving a Minor, Protected Person or Recreational Athlete shall be proportionate to the facts and circumstances of the case.

14.4 Statistical Reporting

IRONMAN shall, at least annually, publish publicly a general statistical report of its Doping Control activities, with a copy provided to WADA. IRONMAN may also publish reports showing the name of each Athlete tested and the date of each Testing.

14.5 Doping Control Information Database and Monitoring of Compliance

To enable WADA to perform its compliance monitoring role and to ensure the effective use of resources and sharing of applicable Doping Control information among Anti-Doping Organizations, IRONMAN shall report to WADA through ADAMS Doping Control-related information, including, in particular:

(a) Athlete Biological Passport data for International-Level Athletes and National-Level Athletes;
(b) Whereabouts information for Athletes including those in Registered Testing Pools,
(c) TUE decisions, and
(d) Results Management decisions,

as required under the applicable International Standard(s).

14.5.1 To facilitate coordinated test distribution planning, avoid unnecessary duplication in Testing by various Anti-Doping Organizations, and to ensure that Athlete Biological Passport profiles are updated, IRONMAN shall report all In-Competition and Out-of-Competition tests to WADA by entering the Doping Control forms into ADAMS in accordance with the requirements and timelines contained in the International Standard for Testing and Investigations.

14.5.2 To facilitate WADA’s oversight and appeal rights for TUEs, IRONMAN shall report all TUE applications, decisions and supporting documentation using ADAMS in accordance with the requirements and timelines contained in the International Standard for Therapeutic Use Exemptions.

14.5.3 To facilitate WADA’s oversight and appeal rights for Results Management, IRONMAN shall report the following information into ADAMS in accordance with the requirements and timelines outlined in the International Standard for Results Management: (a) notifications of anti-doping rule violations and related decisions for Adverse Analytical Findings; (b) notifications and related decisions for other anti-doping rule violations that are not Adverse Analytical Findings; (c) whereabouts failures; and (d) any decision imposing, lifting or reinstating a Provisional Suspension.

14.5.4 The information described in this Article will be made accessible, where appropriate and in accordance with the applicable rules, to the Athlete, the Athlete’s National Anti-Doping Organization, and any other Anti-Doping Organizations with Testing authority over the Athlete.
14.6 Data Privacy

14.6.1 IRONMAN may collect, store, process or disclose personal information relating to Athletes and other Persons where necessary and appropriate to conduct its Anti-Doping Activities under the Code, the International Standards (including specifically the International Standard for the Protection of Privacy and Personal Information), these Anti-Doping Rules, and in compliance with applicable law.

14.6.2 Without limiting the foregoing, IRONMAN shall:

(a) Only process personal information in accordance with a valid legal ground;

(b) Notify any Participant or Person subject to these Anti-Doping Rules, in a manner and form that complies with applicable laws and the International Standard for the Protection of Privacy and Personal Information, that their personal information may be processed by IRONMAN and other Persons for the purpose of the implementation of these Anti-Doping Rules;

(c) Ensure that any third-party agents (including any Delegated Third Party) with whom IRONMAN shares the personal information of any Participant or Person is subject to appropriate technical and contractual controls to protect the confidentiality and privacy of such information.

ARTICLE 15 IMPLEMENTATION OF DECISIONS

15.1 Automatic Binding Effect of Decisions by Signatory Anti-Doping Organizations

15.1.1 A decision of an anti-doping rule violation made by a Signatory Anti-Doping Organization, an appellate body (Article 13.2.2 of the Code) or CAS shall, after the parties to the proceeding are notified, automatically be binding beyond the parties to the proceeding upon IRONMAN, as well as every Signatory in every sport with the effects described below:

15.1.1.1 A decision by any of the above-described bodies imposing a Provisional Suspension (after a Provisional Hearing has occurred or the Athlete or other Person has either accepted the Provisional Suspension or has waived the right to a Provisional Hearing, expedited hearing or expedited appeal offered in accordance with Article 7.4.3) automatically prohibits the Athlete or other Person from participation (as described in Article 10.14.1) in all sports within the authority of any Signatory during the Provisional Suspension.

15.1.1.2 A decision by any of the above-described bodies imposing a period of Ineligibility (after a hearing has occurred or been waived) automatically prohibits the Athlete or other Person from participation (as described in Article 10.14.1) in all sports within the authority of any Signatory for the period of Ineligibility.

15.1.1.3 A decision by any of the above-described bodies accepting an anti-doping rule violation automatically binds all Signatories.

15.1.1.4 A decision by any of the above-described bodies to Disqualify results under Article 10.10 for a specified period automatically Disqualifies all results obtained within the authority of any Signatory during the specified period.
15.1.5 An Athlete or other Person subject to a Provisional Suspension or period of Ineligibility imposed by IRONMAN or any Signatory shall not be eligible to participate in Events and Competitions owned or organized by THE IRONMAN Group or its licensees.

15.1.2 IRONMAN shall recognize and implement a decision and its effects as required by Article 15.1.1, without any further action required, on the earlier of the date IRONMAN receives actual notice of the decision or the date the decision is placed into ADAMS.

15.1.3 A decision by an Anti-Doping Organization, a national appellate body or CAS to suspend, or lift, Consequences shall be binding upon IRONMAN without any further action required, on the earlier of the date IRONMAN receives actual notice of the decision or the date the decision is placed into ADAMS.

15.1.4 Notwithstanding any provision in Article 15.1.1, however, a decision of an anti-doping rule violation by a Major Event Organization made in an expedited process during an Event shall not be binding on IRONMAN unless the rules of the Major Event Organization provide the Athlete or other Person with an opportunity to an appeal under non-expedited procedures. 67

15.2 Implementation of Other Decisions by Anti-Doping Organizations

IRONMAN may decide to implement other anti-doping decisions rendered by Anti-Doping Organizations not described in Article 15.1.1 above, such as a Provisional Suspension prior to a Provisional Hearing or acceptance by the Athlete or other Person. 68

15.3 Implementation of Decisions by Body that is not a Signatory

An anti-doping decision by a body that is not a Signatory to the Code shall be implemented by IRONMAN, if IRONMAN finds that the decision purports to be within the authority of that body and the anti-doping rules of that body are otherwise consistent with the Code. 69

---

67 [Comment to Article 15.1.4: By way of example, where the rules of the Major Event Organization give the Athlete or other Person the option of choosing an expedited CAS appeal or a CAS appeal under normal CAS procedure, the final decision or adjudication by the Major Event Organization is binding on other Signatories regardless of whether the Athlete or other Person chooses the expedited appeal option.]

68 [Comment to Articles 15.1 and 15.2: Anti-Doping Organization decisions under Article 15.1 are implemented automatically by other Signatories without the requirement of any decision or further action on the Signatories’ part. For example, when a National Anti-Doping Organization decides to Provisionally Suspend an Athlete, that decision is given automatic effect at the International Federation level. To be clear, the “decision” is the one made by the National Anti-Doping Organization, there is not a separate decision to be made by the International Federation. Thus, any claim by the Athlete that the Provisional Suspension was improperly imposed can only be asserted against the National Anti-Doping Organization. Implementation of Anti-Doping Organizations’ decisions under Article 15.2 is subject to each Signatory’s discretion. A Signatory’s implementation of a decision under Article 15.1 or Article 15.2 is not appealable separately from any appeal of the underlying decision. The extent of recognition of TUE decisions of other Anti-Doping Organizations shall be determined by Article 4.4 and the International Standard for Therapeutic Use Exemptions.]

69 [Comment to Article 15.3: Where the decision of a body that has not accepted the Code is in some respects Code compliant and in other respects not Code compliant, IRONMAN, other Signatories and National Federations should attempt to apply the decision in harmony with the principles of the Code. For example, if in a process consistent with the Code a non-Signatory has found an Athlete to have committed an anti-doping rule violation on account of the presence of a Prohibited Substance in the Athlete’s body but the period of Ineligibility applied is shorter than the period provided for in the Code, then IRONMAN and all other Signatories should recognize the finding of an anti-doping rule violation and the Athlete’s National Anti-Doping Organization should conduct a hearing consistent with Article 8 to determine whether the longer period of Ineligibility provided in the Code should be imposed. IRONMAN or other Signatory’s implementation of a decision, or their decision not to implement a decision under Article 15.3, is appealable under Article 13.]
ARTICLE 16  STATUTE OF LIMITATIONS

No anti-doping rule violation proceeding may be commenced against an Athlete or other Person unless he or she has been notified of the anti-doping rule violation as provided in Article 7, or notification has been reasonably attempted, within ten (10) years from the date the violation is asserted to have occurred.

ARTICLE 17  EDUCATION

IRONMAN shall plan, implement, evaluate and promote Education in line with the requirements of Article 18.2 of the Code and the International Standard for Education.

ARTICLE 18  INTENTIONALLY OMITTED

ARTICLE 19  ADDITIONAL ROLES AND RESPONSIBILITIES OF IRONMAN

19.1 In addition to the roles and responsibilities described in Article 20.3 of the Code for International Federations, IRONMAN shall report to WADA on IRONMAN’s compliance with the Code and the International Standards in accordance with Article 24.1.2 of the Code.

19.2 Subject to applicable law, and in accordance with Article 20.3.4 of the Code, all IRONMAN board members, directors, officers and those employees (and those of appointed Delegated Third Parties), who are involved in any aspect of Doping Control, must sign a form provided by IRONMAN, agreeing to be bound by these Anti-Doping Rules as Persons in conformity with the Code for direct and intentional misconduct.

19.3 Subject to applicable law, and in accordance with Article 20.3.5 of the Code, any IRONMAN employee who is involved in Doping Control (other than authorized anti-doping Education or rehabilitation programs) must sign a statement provided by IRONMAN confirming that they are not Provisionally Suspended or serving a period of Ineligibility and have not been directly or intentionally engaged in conduct within the previous six (6) years which would have constituted a violation of anti-doping rules if Code-compliant rules had been applicable to them.

ARTICLE 20  ADDITIONAL ROLES AND RESPONSIBILITIES OF ATHLETES

20.1 To be knowledgeable of and comply with these Anti-Doping Rules.

20.2 To be available for Sample collection at all times.70

20.3 To take responsibility, in the context of anti-doping, for what they ingest and Use.

20.4 To inform medical personnel of their obligation not to Use Prohibited Substances and Prohibited Methods and to take responsibility to make sure that any medical treatment received does not violate these Anti-Doping Rules.

20.5 To disclose to IRONMAN and their National Anti-Doping Organization any decision by a non-Signatory finding that the Athlete committed an anti-doping rule violation within the previous ten (10) years.

20.6 To cooperate with Anti-Doping Organizations investigating anti-doping rule violations.

---

70 [Comment to Article 20.2: With due regard to an Athlete’s human rights and privacy, legitimate anti-doping considerations sometimes require Sample collection late at night or early in the morning. For example, it is known that some Athletes Use low doses of EPO during these hours so that it will be undetectable in the morning.]
Failure by any *Athlete* to cooperate in full with *Anti-Doping Organizations* investigating anti-doping rule violations may result in a penalty under IRONMAN's Competition Rules and consistent with their agreement to participate in IRONMAN Competitions.

20.7 To disclose the identity of their *Athlete Support Personnel* upon request by IRONMAN or a *National Federation*, or any other *Anti-Doping Organization* with authority over the *Athlete*.

20.8 Offensive conduct towards a *Doping Control* official or other *Person* involved in *Doping Control* by an *Athlete*, which does not otherwise constitute *Tampering*, may result in a penalty under IRONMAN's Competition Rules and consistent with their agreement to participate in IRONMAN Competitions.

**ARTICLE 21** ADDITIONAL ROLES AND RESPONSIBILITIES OF *ATHLETE SUPPORT PERSONNEL*

21.1 To be knowledgeable of and comply with these Anti-Doping Rules.

21.2 To cooperate with the *Athlete Testing* program.

21.3 To use their influence on *Athlete* values and behavior to foster anti-doping attitudes.

21.4 To disclose to IRONMAN and their *National Anti-Doping Organization* any decision by a non-*Signatory* finding that they committed an anti-doping rule violation within the previous ten (10) years.

21.5 To cooperate with *Anti-Doping Organizations* investigating anti-doping rule violations.

21.6 *Athlete Support Personnel* shall not *Use* or *Possess* any *Prohibited Substance* or *Prohibited Method* without valid justification.

**ARTICLE 22** ADDITIONAL ROLES AND RESPONSIBILITIES OF OTHER *PERSONS SUBJECT TO THESE ANTI-DOPING RULES*

22.1 To be knowledgeable of and comply with these Anti-Doping Rules.

22.2 To disclose to IRONMAN and their *National Anti-Doping Organization* any decision by a non-*Signatory* finding that they committed an anti-doping rule violation within the previous ten (10) years.

22.3 To cooperate with *Anti-Doping Organizations* investigating anti-doping rule violations.

**ARTICLE 23** INTERPRETATION OF THE *CODE*

23.1 The official text of the *Code* shall be maintained by *WADA* and shall be published in English and French. In the event of any conflict between the English and French versions, the English version shall prevail.

23.2 The comments annotating various provisions of the *Code* shall be used to interpret the *Code*.

23.3 The *Code* shall be interpreted as an independent and autonomous text and not by reference to the existing law or statutes of the *Signatories* or governments.
23.4 The headings used for the various Parts and Articles of the Code are for convenience only and shall not be deemed part of the substance of the Code or to affect in any way the language of the provisions to which they refer.

23.5 Where the term "days" is used in the Code or an International Standard, it shall mean calendar days unless otherwise specified.

23.6 The Code shall not apply retroactively to matters pending before the date the Code is accepted by a Signatory and implemented in its rules. However, pre-Code anti-doping rule violations would continue to count as "First violations" or "Second violations" for purposes of determining sanctions under Article 10 for subsequent post-Code violations.

23.7 The Purpose, Scope and Organization of the World Anti-Doping Program and the Code and Appendix 1, Definitions, shall be considered integral parts of the Code.

ARTICLE 24 FINAL PROVISIONS

24.1 Where the term "days" is used in these Anti-Doping Rules, it shall mean calendar days unless otherwise specified.

24.2 These Anti-Doping Rules shall be interpreted as an independent and autonomous text and not by reference to existing law or statutes.

24.3 These Anti-Doping Rules have been adopted pursuant to the applicable provisions of the Code and the International Standards and shall be interpreted in a manner that is consistent with applicable provisions of the Code and the International Standards. The Code and the International Standards shall be considered integral parts of these Anti-Doping Rules and shall prevail in case of conflict.

24.4 The Introduction and Appendix 1 shall be considered integral parts of these Anti-Doping Rules.

24.5 The comments annotating various provisions of these Anti-Doping Rules shall be used to interpret these Anti-Doping Rules.

24.6 These Anti-Doping Rules shall enter into force on 1 January 2021 (the "Effective Date"). They repeal any previous version of IRONMAN’s Anti-Doping Rules.

24.7 These Anti-Doping Rules shall not apply retroactively to matters pending before the Effective Date. However:

24.7.1 Anti-doping rule violations taking place prior to the Effective Date count as "first violations" or "second violations" for purposes of determining sanctions under Article 10 for violations taking place after the Effective Date.

24.7.2 Any anti-doping rule violation case which is pending as of the Effective Date and any anti-doping rule violation case brought after the Effective Date based on an anti-doping rule violation which occurred prior to the Effective Date, shall be governed by the substantive anti-doping rules in effect at the time the alleged anti-doping rule violation occurred, and not by the substantive anti-doping rules set out in these Anti-Doping Rules, unless the panel hearing the case determines the principle of “lex mitior” appropriately applies under the circumstances of the case. For these purposes, the retrospective periods in which prior violations can be considered for purposes of multiple violations under Article 10.9.4 and the statute of limitations set forth in Article 16 are procedural rules, not substantive rules, and should be applied retroactively along with all of the other procedural rules in these Anti-Doping Rules (provided, however, that Article 16 shall only be
applied retroactively if the statute of limitations period has not already expired by the Effective Date).

24.7.3 Any Article 2.4 whereabouts failure (whether a filing failure or a missed test, as those terms are defined in the International Standard for Results Management) prior to the Effective Date shall be carried forward and may be relied upon, prior to expiry, in accordance with the International Standard for Results Management, but it shall be deemed to have expired twelve (12) months after it occurred.

24.7.4 With respect to cases where a final decision finding an anti-doping rule violation has been rendered prior to the Effective Date, but the Athlete or other Person is still serving the period of Ineligibility as of the Effective Date, the Athlete or other Person may apply to IRONMAN or other Anti-Doping Organization which had Results Management responsibility for the anti-doping rule violation to consider a reduction in the period of Ineligibility in light of these Anti-Doping Rules. Such application must be made before the period of Ineligibility has expired. The decision rendered may be appealed pursuant to Article 13.2. These Anti-Doping Rules shall have no application to any case where a final decision finding an anti-doping rule violation has been rendered and the period of Ineligibility has expired.

24.7.5 For purposes of assessing the period of Ineligibility for a second violation under Article 10.9.1, where the sanction for the first violation was determined based on rules in force prior to the Effective Date, the period of Ineligibility which would have been assessed for that first violation had these Anti-Doping Rules been applicable, shall be applied. 71

24.7.6 Changes to the Prohibited List and Technical Documents relating to substances or methods on the Prohibited List shall not, unless they specifically provide otherwise, be applied retroactively. As an exception, however, when a Prohibited Substance or a Prohibited Method has been removed from the Prohibited List, an Athlete or other Person currently serving a period of Ineligibility on account of the formerly Prohibited Substance or Prohibited Method may apply to IRONMAN or other Anti-Doping Organization which had Results Management responsibility for the anti-doping rule violation to consider a reduction in the period of Ineligibility in light of the removal of the substance or method from the Prohibited List.

71 [Comment to Article 24.7.5: Other than the situation described in Article 24.7.5, where a final decision finding an anti-doping rule violation has been rendered prior to the Effective Date and the period of Ineligibility imposed has been completely served, these Anti-Doping Rules may not be used to re-characterize the prior violation.]
APPENDIX 1 DEFINITIONS72

ADAMS: The Anti-Doping Administration and Management System is a Web-based database management tool for data entry, storage, sharing, and reporting designed to assist stakeholders and WADA in their anti-doping operations in conjunction with data protection legislation.

Administration: Providing, supplying, supervising, facilitating, or otherwise participating in the Use or Attempted Use by another Person of a Prohibited Substance or Prohibited Method. However, this definition shall not include the actions of bona fide medical personnel involving a Prohibited Substance or Prohibited Method Used for genuine and legal therapeutic purposes or other acceptable justification and shall not include actions involving Prohibited Substances which are not prohibited in Out-of-Competition Testing unless the circumstances as a whole demonstrate that such Prohibited Substances are not intended for genuine and legal therapeutic purposes or are intended to enhance sport performance.

Adverse Analytical Finding: A report from a WADA-accredited laboratory or other WADA-approved laboratory that, consistent with the International Standard for Laboratories, establishes in a Sample the presence of a Prohibited Substance or its Metabolites or Markers or evidence of the Use of a Prohibited Method.

Adverse Passport Finding: A report identified as an Adverse Passport Finding as described in the applicable International Standards.

Aggravating Circumstances: Circumstances involving, or actions by, an Athlete or other Person which may justify the imposition of a period of Ineligibility greater than the standard sanction. Such circumstances and actions shall include, but are not limited to: the Athlete or other Person Used or Possessed multiple Prohibited Substances or Prohibited Methods, Used or Possessed a Prohibited Substance or Prohibited Method on multiple occasions or committed multiple other anti-doping rule violations; a normal individual would be likely to enjoy the performance-enhancing effects of the anti-doping rule violation(s) beyond the otherwise applicable period of Ineligibility; the Athlete or Person engaged in deceptive or obstructive conduct to avoid the detection or adjudication of an anti-doping rule violation; or the Athlete or other Person engaged in Tampering during Results Management. For the avoidance of doubt, the examples of circumstances and conduct described herein are not exclusive and other similar circumstances or conduct may also justify the imposition of a longer period of Ineligibility.

Anti-Doping Activities: Anti-doping Education and information, test distribution planning, maintenance of a Registered Testing Pool, managing Athlete Biological Passports, conducting Testing, organizing analysis of Samples, gathering of intelligence and conduct of investigations, processing of TUE applications, Results Management, monitoring and enforcing compliance with any Consequences imposed, and all other activities related to anti-doping to be carried out by or on behalf of an Anti-Doping Organization, as set out in the Code and/or the International Standards.

Anti-Doping Organization: WADA or a Signatory that is responsible for adopting rules for initiating, implementing or enforcing any part of the Doping Control process. This includes, for example, the International Olympic Committee, the International Paralympic Committee, other Major Event Organizations that conduct Testing at their Events, International Federations, and National Anti-Doping Organizations.

Athlete: Any Person who competes in sport at the international level (as defined by each International Federation) or the national level (as defined by each National Anti-Doping Organization). An Anti-Doping Organization has discretion to apply anti-doping rules to an Athlete who is neither an International-Level Athlete nor a National-Level Athlete, and thus to bring them within the definition of “Athlete”. In relation to Athletes who are neither International-Level nor National-Level Athletes, an Anti-Doping Organization may elect to: conduct limited Testing or no Testing at all; analyze Samples for less than the full menu of Prohibited Substances; require limited or no whereabouts information; or not require advance TUEs. However, if an Article 2.1, 2.3 or 2.5 anti-doping rule violation is committed by any Athlete over whom an Anti-Doping Organization has elected to exercise its authority to test and who competes below the

72 [Comment to Definitions: Defined terms shall include their plural and possessive forms, as well as those terms used as other parts of speech.]
international or national level, then the Consequences set forth in the Code must be applied. For purposes of Article 2.8 and Article 2.9 and for purposes of anti-doping information and Education, any Person who participates in sport under the authority of any Signatory, government, or other sports organization accepting the Code is an Athlete.73

Athlete Support Personnel: Any coach, trainer, manager, agent, team staff, official, medical, paramedical personnel, parent or any other Person working with, treating or assisting an Athlete participating in or preparing for sports Competition.

Attempt: Purposely engaging in conduct that constitutes a substantial step in a course of conduct planned to culminate in the commission of an anti-doping rule violation. Provided, however, there shall be no anti-doping rule violation based solely on an Attempt to commit a violation if the Person renounces the Attempt prior to it being discovered by a third party not involved in the Attempt.

Atypical Finding: A report from a WADA-accredited laboratory or other WADA-approved laboratory which requires further investigation as provided by the International Standard for Laboratories or related Technical Documents prior to the determination of an Adverse Analytical Finding.

Atypical Passport Finding: A report described as an Atypical Passport Finding as described in the applicable International Standards.

CAS: The Court of Arbitration for Sport.

Competition:

Each individual division within an IRONMAN®, IRONMAN 70.3®, and IRONMAN VR® triathlon Event shall be considered a Competition.

For example, each Age Group Division, and the Men’s and Women’s Professional Division.

Consequences of Anti-Doping Rule Violations (“Consequences”): An Athlete’s or other Person’s violation of an anti-doping rule may result in one or more of the following: (a) Disqualification means the Athlete’s results in a particular Competition or Event are invalidated, with all resulting Consequences including forfeiture of any medals, points and prizes; (b) Ineligibility means the Athlete or other Person is barred on account of an anti-doping rule violation for a specified period of time from participating in any Competition or other activity or funding as provided in Article 10.14; (c) Provisional Suspension means the Athlete or other Person is barred temporarily from participating in any Competition or activity prior to the final decision at a hearing conducted under Article 8; (d) Financial Consequences means a financial sanction imposed for an anti-doping rule violation or to recover costs associated with an anti-doping rule violation; and (e) Public Disclosure means the dissemination or distribution of information to the general public or Persons beyond those Persons entitled to earlier notification in accordance with Article 14..

Contaminated Product: A product that contains a Prohibited Substance that is not disclosed on the product label or in information available in a reasonable Internet search.

[Comment to Athlete: Individuals who participate in sport may fall in one of five categories: 1) International-Level Athlete, 2) National-Level Athlete, 3) individuals who are not International- or National-Level Athletes but over whom the International Federation or National Anti-Doping Organization has chosen to exercise authority, 4) Recreational Athlete, and 5) individuals over whom no International Federation or National Anti-Doping Organization has, or has chosen to, exercise authority. All International- and National-Level Athletes are subject to the anti-doping rules of the Code, with the precise definitions of international and national level sport to be set forth in the anti-doping rules of the International Federations and National Anti-Doping Organizations.]
**Decision Limit**: The value of the result for a threshold substance in a *Sample*, above which an *Adverse Analytical Finding* shall be reported, as defined in the *International Standard* for Laboratories.

*Delegated Third Party*: Any *Person* to which IRONMAN delegates any aspect of *Doping Control* or anti-doping *Education* programs including, but not limited to, third parties or other *Anti-Doping Organizations* that conduct *Sample* collection or other *Doping Control* services or anti-doping *Educational* programs for IRONMAN, or individuals serving as independent contractors who perform *Doping Control* services for IRONMAN (e.g., non-employee *Doping Control* officers or chaperones). This definition does not include CAS.

**Disqualification**: See *Consequences of Anti-Doping Rule Violations* above.

**Doping Control**: All steps and processes from test distribution planning through to ultimate disposition of any appeal and the enforcement of *Consequences*, including all steps and processes in between, including but not limited to *Testing*, investigations, whereabouts, *TUEs*, *Sample* collection and handling, laboratory analysis, *Results Management* and investigations or proceedings relating to violations of Article 10.14 (Status During *Ineligibility* or Provisional Suspension).

**Education**: The process of learning to instill values and develop behaviors that foster and protect the spirit of sport, and to prevent intentional and unintentional doping.

**Event**: Each individual IRONMAN®, IRONMAN 70.3®, and IRONMAN VR® triathlon shall be considered a separate *Event*. For example, the IRONMAN World Championship triathlon is a single *Event*.

**Event Period**: The period beginning 24 hours before the start of an *Event* and ending 24 hours after the end of the *Event*.

**Event Venues**: Those venues so designated by the ruling body for the *Event* [your IF may specify the exact venues if relevant].

**Fault**: *Fault* is any breach of duty or any lack of care appropriate to a particular situation. Factors to be taken into consideration in assessing an *Athlete’s* or other *Person’s* degree of *Fault* include, for example, the *Athlete’s* or other *Person’s* experience, whether the *Athlete* or other *Person* is a *Protected Person*, special considerations such as impairment, the degree of risk that should have been perceived by the *Athlete* and the level of care and investigation exercised by the *Athlete* in relation to what should have been the perceived level of risk. In assessing the *Athlete’s* or other *Person’s* degree of *Fault*, the circumstances considered must be specific and relevant to explain the *Athlete’s* or other *Person’s* departure from the expected standard of behavior. Thus, for example, the fact that an *Athlete* would lose the opportunity to earn large sums of money during a period of *Ineligibility*, or the fact that the *Athlete* only has a short time left in a career, or the timing of the sporting calendar, would not be relevant factors to be considered in reducing the period of *Ineligibility* under Article 10.6.1 or 10.6.2.74

**Financial Consequences**: See *Consequences of Anti-Doping Rule Violations* above.

**In-Competition**: The period commencing at 11:59 p.m. on the day before a *Competition* in which the *Athlete* is scheduled to participate through the end of such *Competition* and the *Sample* collection process related to such *Competition*.75

---

74 [Comment to Fault: The criterion for assessing an Athlete’s degree of Fault is the same under all Articles where Fault is to be considered. However, under Article 10.6.2, no reduction of sanction is appropriate unless, when the degree of Fault is assessed, the conclusion is that No Significant Fault or Negligence on the part of the Athlete or other Person was involved.]

75 [Comment to In-Competition: Having a universally accepted definition for In-Competition provides greater harmonization among Athletes across all sports, eliminates or reduces confusion among Athletes about the relevant timeframe for In-Competition Testing, avoids inadvertent Adverse Analytical Findings in between Competitions during an Event and assists in preventing any potential performance enhancement benefits from Substances prohibited Out-of-Competition being carried over to the Competition period.]
Independent Observer Program: A team of observers and/or auditors, under the supervision of WADA, who observe and provide guidance on the Doping Control process prior to or during certain Events and report on their observations as part of WADA’s compliance monitoring program.

Individual Sport: Any sport that is not a Team Sport.

Ineligibility: See Consequences of Anti-Doping Rule Violations above.

Institutional Independence: Hearing panels on appeal shall be fully independent institutionally from the Anti-Doping Organization responsible for Results Management. They must therefore not in any way be administered by, connected or subject to the Anti-Doping Organization responsible for Results Management.

International Event: An Event or Competition where the International Olympic Committee, the International Paralympic Committee, an International Federation, a Major Event Organization, or another international sport organization is the ruling body for the Event or appoints the technical officials for the Event.

International-Level Athlete: Athletes who compete in sport at the international level, as defined by each International Federation, consistent with the International Standard for Testing and Investigations. For IRONMAN, International-Level Athletes are defined as set out in the Scope section of the Introduction to these Anti-Doping Rules.76

International Standard: A standard adopted by WADA in support of the Code. Compliance with an International Standard (as opposed to another alternative standard, practice or procedure) shall be sufficient to conclude that the procedures addressed by the International Standard were performed properly. International Standards shall include any Technical Documents issued pursuant to the International Standard.

Major Event Organizations: The continental associations of National Olympic Committees and other international multi-sport organizations that function as the ruling body for any continental, regional or other International Event.

Marker: A compound, group of compounds or biological variable(s) that indicates the Use of a Prohibited Substance or Prohibited Method.

Metabolite: Any substance produced by a biotransformation process.

Minimum Reporting Level: The estimated concentration of a Prohibited Substance or its Metabolite(s) or Marker(s) in a Sample below which WADA-accredited laboratories should not report that Sample as an Adverse Analytical Finding.

Minor: A natural Person who has not reached the age of eighteen (18) years.

National Anti-Doping Organization: The entity(ies) designated by each country as possessing the primary authority and responsibility to adopt and implement anti-doping rules, direct the collection of Samples, manage test results and conduct Results Management at the national level. If this designation has not been made by the competent public authority(ies), the entity shall be the country’s National Olympic Committee or its designee.

76 [Comment to International-Level Athlete: Consistent with the International Standard for Testing and Investigations, IRONMAN is free to determine the criteria it will use to classify Athletes as International-Level Athletes, e.g., by ranking, by participation in particular International Events, by type of license, etc. However, it must publish those criteria in clear and concise form, so that Athletes are able to ascertain quickly and easily when they will become classified as International-Level Athletes. For example, if the criteria include participation in certain International Events, then the International Federation must publish a list of those International Events.]
**National Event:** A sport Event or Competition involving International- or National-Level Athletes that is not an International Event.

**National Federation:** A national or regional entity which is a member of or is recognized by the relevant International Federation as the entity governing a designated sport in that nation or region.

**National-Level Athlete:** Athletes who compete in sport at the national level, as defined by each National Anti-Doping Organization, consistent with the International Standard for Testing and Investigations.

**National Olympic Committee:** The organization recognized by the International Olympic Committee. The term National Olympic Committee shall also include the National Sport Confederation in those countries where the National Sport Confederation assumes typical National Olympic Committee responsibilities in the anti-doping area.

**No Fault or Negligence:** The Athlete or other Person's establishing that he or she did not know or suspect, and could not reasonably have known or suspected even with the exercise of utmost caution, that he or she had Used or been administered the Prohibited Substance or Prohibited Method or otherwise violated an anti-doping rule. Except in the case of a Protected Person or Recreational Athlete, for any violation of Article 2.1, the Athlete must also establish how the Prohibited Substance entered the Athlete’s system.

**No Significant Fault or Negligence:** The Athlete or other Person’s establishing that any Fault or Negligence, when viewed in the totality of the circumstances and taking into account the criteria for No Fault or Negligence, was not significant in relationship to the anti-doping rule violation. Except in the case of a Protected Person or Recreational Athlete, for any violation of Article 2.1, the Athlete must also establish how the Prohibited Substance entered the Athlete’s system.

**Operational Independence:** This means that (1) board members, staff members, commission members, consultants and officials of the Anti-Doping Organization with responsibility for Results Management or its affiliates (e.g., member federation or confederation), as well as any Person involved in the investigation and pre-adjudication of the matter cannot be appointed as members and/or clerks (to the extent that such clerk is involved in the deliberation process and/or drafting of any decision) of hearing panels of that Anti-Doping Organization with responsibility for Results Management and (2) hearing panels shall be in a position to conduct the hearing and decision-making process without interference from the Anti-Doping Organization or any third party. The objective is to ensure that members of the hearing panel or individuals otherwise involved in the decision of the hearing panel, are not involved in the investigation of, or decisions to proceed with, the case.

**Out-of-Competition:** Any period which is not In-Competition.

**Participant:** Any Athlete or Athlete Support Person.

**Person:** A natural Person or an organization or other entity.

**Possession:** The actual, physical Possession, or the constructive Possession (which shall be found only if the Person has exclusive control or intends to exercise control over the Prohibited Substance or Prohibited Method or the premises in which a Prohibited Substance or Prohibited Method exists); provided, however, that if the Person does not have exclusive control over the Prohibited Substance or Prohibited Method or the premises in which a Prohibited Substance or Prohibited Method exists, constructive Possession shall only be found if the Person knew about the presence of the Prohibited Substance or Prohibited Method and intended to exercise control over it. Provided, however, there shall be no anti-doping rule violation based solely on Possession if, prior to receiving notification of any kind that the Person has committed an anti-doping rule violation, the Person has taken concrete action demonstrating that the Person never intended to have Possession and has renounced Possession by explicitly declaring it to an Anti-Doping Organization. Notwithstanding anything to the contrary in this definition, the purchase (including by any electronic or other
means) of a Prohibited Substance or Prohibited Method constitutes Possession by the Person who makes the purchase.77

Prohibited List: The list identifying the Prohibited Substances and Prohibited Methods.

Prohibited Substance: Any substance, or class of substances, so described on the Prohibited List.

Protected Person: An Athlete or other natural Person who at the time of the anti-doping rule violation: (i) has not reached the age of sixteen (16) years; (ii) has not reached the age of eighteen (18) years and is not included in any Registered Testing Pool and has never competed in any International Event in an open category; or (iii) for reasons other than age has been determined to lack legal capacity under applicable national legislation.78

Provisional Hearing: For purposes of Article 7.4.3, an expedited abbreviated hearing occurring prior to a hearing under Article 8 that provides the Athlete with notice and an opportunity to be heard in either written or oral form.79

Provisional Suspension: See Consequences of Anti-Doping Rule Violations above.

Publicly Disclose: See Consequences of Anti-Doping Rule Violations above.

Recreational Athlete: A natural Person who is so defined by the relevant National Anti-Doping Organization; provided, however, the term shall not include any Person who, within the five (5) years prior to committing any anti-doping rule violation, has been an International-Level Athlete (as defined by each International Federation consistent with the International Standard for Testing and Investigations) or National-Level Athlete (as defined by each National Anti-Doping Organization consistent with the International Standard for Testing and Investigations), has represented any country in an International Event in an open category or has been included within any Registered Testing Pool or other whereabouts information pool maintained by any International Federation or National Anti-Doping Organization.80

Regional Anti-Doping Organization: A regional entity designated by member countries to coordinate and manage delegated areas of their national anti-doping programs, which may include the adoption and implementation of anti-doping rules, the planning and collection of Samples, the management of results, the review of TUEs, the conduct of hearings, and the conduct of Educational programs at a regional level.

Registered Testing Pool: The pool of highest-priority Athletes established separately at the international level by International Federations and at the national level by National Anti-Doping Organizations, who are

77 [Comment to Possession: Under this definition, anabolic steroids found in an Athlete's car would constitute a violation unless the Athlete establishes that someone else used the car; in that event, IRONMAN must establish that, even though the Athlete did not have exclusive control over the car, the Athlete knew about the anabolic steroids and intended to have control over them. Similarly, in the example of anabolic steroids found in a home medicine cabinet under the joint control of an Athlete and spouse, IRONMAN must establish that the Athlete knew the anabolic steroids were in the cabinet and that the Athlete intended to exercise control over them. The act of purchasing a Prohibited Substance alone constitutes Possession, even where, for example, the product does not arrive, is received by someone else, or is sent to a third-party address.]

78 [Comment to Protected Person: The Code treats Protected Persons differently than other Athletes or Persons in certain circumstances based on the understanding that, below a certain age or intellectual capacity, an Athlete or other Person may not possess the mental capacity to understand and appreciate the prohibitions against conduct contained in the Code. This would include, for example, a Paralympic Athlete with a documented lack of legal capacity due to an intellectual impairment. The term "open category" is meant to exclude competition that is limited to junior or age group categories.]

79 [Comment to Provisional Hearing: A Provisional Hearing is only a preliminary proceeding which may not involve a full review of the facts of the case. Following a Provisional Hearing, the Athlete remains entitled to a subsequent full hearing on the merits of the case. By contrast, an "expedited hearing", as that term is used in Article 7.4.3, is a full hearing on the merits conducted on an expedited time schedule.]

80 [Comment to Recreational Athlete: The term "open category" is meant to exclude competition that is limited to junior or age group categories.]
subject to focused In-Competition and Out-of-Competition Testing as part of that International Federation’s or National Anti-Doping Organization’s test distribution plan and therefore are required to provide whereabouts information as provided in Article 5.5 and the International Standard for Testing and Investigations.

Results Management: The process encompassing the timeframe between notification as per Article 5 of the International Standard for Results Management, or in certain cases (e.g., Atypical Finding, Athlete Biological Passport, whereabouts failure), such pre-notification steps expressly provided for in Article 5 of the International Standard for Results Management, through the charge until the final resolution of the matter, including the end of the hearing process at first instance or on appeal (if an appeal was lodged).

Sample or Specimen: Any biological material collected for the purposes of Doping Control.81

Signatories: Those entities accepting the Code and agreeing to implement the Code, as provided in Article 23 of the Code.

Specified Method: See Article 4.2.2.

Specified Substance: See Article 4.2.2.

Strict Liability: The rule which provides that under Article 2.1 and Article 2.2, it is not necessary that intent, Fault, Negligence, or knowing Use on the Athlete’s part be demonstrated by the Anti-Doping Organization in order to establish an anti-doping rule violation.

Substance of Abuse: See Article 4.2.3.

Specified Method: See Article 4.2.2.

Specified Substance: See Article 4.2.2.

Strict Liability: The rule which provides that under Article 2.1 and Article 2.2, it is not necessary that intent, Fault, Negligence, or knowing Use on the Athlete’s part be demonstrated by the Anti-Doping Organization in order to establish an anti-doping rule violation.

Substance of Abuse: See Article 4.2.3.

Substantial Assistance: For purposes of Article 10.7.1, a Person providing Substantial Assistance must: (1) fully disclose in a signed written statement or recorded interview all information he or she possesses in relation to anti-doping rule violations or other proceeding described in Article 10.7.1.1, and (2) fully cooperate with the investigation and adjudication of any case or matter related to that information, including, for example, presenting testimony at a hearing if requested to do so by an Anti-Doping Organization or hearing panel. Further, the information provided must be credible and must comprise an important part of any case or proceeding which is initiated or, if no case or proceeding is initiated, must have provided a sufficient basis on which a case or proceeding could have been brought.

Tampering: Intentional conduct which subverts the Doping Control process but which would not otherwise be included in the definition of Prohibited Methods. Tampering shall include, without limitation, offering or accepting a bribe to perform or fail to perform an act, preventing the collection of a Sample, affecting or making impossible the analysis of a Sample, falsifying documents submitted to an Anti-Doping Organization or TUE committee or hearing panel, procuring false testimony from witnesses, committing any other fraudulent act upon the Anti-Doping Organization or hearing body to affect Results Management or the imposition of Consequences, and any other similar intentional interference or Attempted interference with any aspect of Doping Control.82

Team Sport: A sport in which the substitution of players is permitted during a Competition.

81 [Comment to Sample or Specimen: It has sometimes been claimed that the collection of blood Samples violates the tenets of certain religious or cultural groups. It has been determined that there is no basis for any such claim.]

82 [Comment to Tampering: For example, this Article would prohibit altering identification numbers on a Doping Control form during Testing, breaking the B bottle at the time of B Sample analysis, altering a Sample by the addition of a foreign substance, or intimidating or attempting to intimidate a potential witness or a witness who has provided testimony or information in the Doping Control process. Tampering includes misconduct which occurs during the Results Management process. See Article 10.9.3.3. However, actions taken as part of a Person’s legitimate defense to an anti-doping rule violation charge shall not be considered Tampering. Offensive conduct towards a Doping Control official or other Person involved in Doping Control which does not otherwise constitute Tampering shall be addressed in the disciplinary rules of sport organizations.]
Technical Document: A document adopted and published by WADA from time to time containing mandatory technical requirements on specific anti-doping topics as set forth in an International Standard.

Testing: The parts of the Doping Control process involving test distribution planning, Sample collection, Sample handling, and Sample transport to the laboratory.

Testing Pool: The tier below the Registered Testing Pool which includes Athletes from whom some whereabouts information is required in order to locate and Test the Athlete Out-of-Competition.

Therapeutic Use Exemption (TUE): A Therapeutic Use Exemption allows an Athlete with a medical condition to Use a Prohibited Substance or Prohibited Method, but only if the conditions set out in Article 4.4 and the International Standard for Therapeutic Use Exemptions are met.

Trafficking: Selling, giving, transporting, sending, delivering or distributing (or Possessing for any such purpose) a Prohibited Substance or Prohibited Method (either physically or by any electronic or other means) by an Athlete, Athlete Support Person or any other Person subject to the authority of an Anti-Doping Organization to any third party; provided, however, this definition shall not include the actions of bona fide medical personnel involving a Prohibited Substance Used for genuine and legal therapeutic purposes or other acceptable justification, and shall not include actions involving Prohibited Substances which are not prohibited in Out-of-Competition Testing unless the circumstances as a whole demonstrate such Prohibited Substances are not intended for genuine and legal therapeutic purposes or are intended to enhance sport performance.

UNESCO Convention: The International Convention against Doping in Sport adopted by the 33rd session of the UNESCO General Conference on 19 October 2005 including any and all amendments adopted by the States Parties to the Convention and the Conference of Parties to the International Convention against Doping in Sport.

Use: The utilization, application, ingestion, injection or consumption by any means whatsoever of any Prohibited Substance or Prohibited Method.

Without Prejudice Agreement: For purposes of Articles 10.7.1.1 and 10.8.2, a written agreement between an Anti-Doping Organization and an Athlete or other Person that allows the Athlete or other Person to provide information to the Anti-Doping Organization in a defined time-limited setting with the understanding that, if an agreement for Substantial Assistance or a case resolution agreement is not finalized, the information provided by the Athlete or other Person in this particular setting may not be used by the Anti-Doping Organization against the Athlete or other Person in any Results Management proceeding under the Code, and that the information provided by the Anti-Doping Organization in this particular setting may not be used by the Athlete or other Person against the Anti-Doping Organization in any Results Management proceeding under the Code. Such an agreement shall not preclude the Anti-Doping Organization, Athlete or other Person from using any information or evidence gathered from any source other than during the specific time-limited setting described in the agreement.
APPENDIX 2

IRONMAN® HEARING PROTOCOL AND ARBITRATION RULES
FOR ANTI-DOPING RULE VIOLATIONS AND OTHER DISPUTES UNDER THE
IRONMAN ANTI-DOPING PROGRAM

A.1 Matters Subject to Arbitration

1.1 In fulfillment of its responsibilities as a Signatory to the World Anti-Doping Code (the “Code”), World Triathlon Corporation (“IRONMAN”) has adopted the rules, policies and procedures set forth in the IRONMAN® Anti-Doping Program (the “Program”), which is inclusive of the IRONMAN® Anti-Doping Rules. Any asserted anti-doping rule violation (“ADRV”) or other dispute arising out of the Program or an asserted violation of the anti-doping rules set forth in that Program shall be resolved through the Results Management process described in the Program and these Arbitration Rules.

1.2 Arbitration pursuant to these Rules shall be the exclusive forum for any appeal or complaint by any Athlete, Athlete Support Personnel, or other Person (hereafter referred to as the “Applicant”) to (i) appeal or contest IRONMAN’s assertion of an ADRV or any other IRONMAN decision under the Program, or (ii) any dispute that IRONMAN and the Chief Arbitrator determine is one over which IRONMAN has jurisdiction and standing and the Chief Arbitrator has agreed to appoint an Arbitrator. Any dispute concerning the issuance of a Therapeutic Use Exemption shall be addressed in accordance with the Program.

1.3 Requests for Arbitration other than discussed in 1.2(i) must be filed within 10 calendar days after any breach, complaint or dispute under the Program could have reasonably come to the attention of the Applicant, otherwise the right shall be considered waived.

A.2 MGSS

McLaren Global Sport Solutions Inc. (“MGSS”) shall administer these Arbitration Rules.

A.3 MGSS List of Arbitrators

MGSS will establish, maintain and publish a list of Arbitrators selected by MGSS to hear ADRV appeals or other complaints or disputes arising under the Program. MGSS may, at its discretion, modify and republish its Arbitrator list from time to time. MGSS shall include on its Arbitrator list individuals who are or have been Court of Arbitration for Sport (“CAS”) arbitrators and who, in the opinion of MGSS, possess recognized competence with regard to sport and alternative dispute resolution procedures, including expertise in ADRV matters. The list shall include representation from different regions of the world.

Richard McLaren, or his designee, will serve as Chief Arbitrator and will perform the functions set forth in these rules.

A.4 Request for Arbitration

Arbitration proceedings seeking to challenge IRONMAN’s assertion of an Anti-Doping Rule Violation, its Consequences, or other asserted violation of the Program, pursuant to Article 8, shall be initiated by the Applicant filing a completed IRONMAN® Anti-Doping Program Applicant Request for Arbitration form with MGSS (with a copy to IRONMAN), within fifteen (15) days of IRONMAN’s assertion of an Anti-Doping Rule Violation, its Consequences, or other asserted violation of the Program. The required $300 filing fee must accompany the Applicant’s Request. Failure by the Applicant to submit both the IRONMAN® Anti-Doping Program Applicant Request for Arbitration form and required filing fee within fifteen (15) days will result in forfeiture of the Applicant’s right to appeal or otherwise challenge IRONMAN’s assertion of an Anti-Doping Rule Violation.

A.5 Changes to Request for Arbitration or Response to Request for Arbitration
If any party desires to raise any new or different claim or defense, it shall provide a copy of that claim or defense to the other party and to MGSS. After the Arbitrator(s) is appointed, no new or different claim or defense may be submitted except by mutual agreement of the parties or as ordered by the Arbitrator(s).

A.6 Appointment of Arbitrator(s)

6.1 Following receipt of Applicant’s Request for Arbitration, the Chief Arbitrator will appoint a single Arbitrator from the MGSS list to hear the case. That single Arbitrator may be the Chief Arbitrator. The proceeding shall be heard by the single Arbitrator unless, within five days after receiving notice of the appointment of the single Arbitrator, either party elects in writing to have the matter heard by a panel of three Arbitrators from the MGSS list. That election shall include the nomination of a second Arbitrator from the MGSS list.

6.2 Within five days of receipt of the nomination of the second Arbitrator, the other party to the proceeding shall nominate a third Arbitrator. Each nomination of an Arbitrator shall be sent to MGSS with a copy to the other party. In the event three Arbitrators are appointed, the Arbitrator appointed by the Chief Arbitrator will become the chair of the Arbitration panel.

6.3 Subject to the Arbitrator acceptance and challenge process set forth in Rule A.13, the three Arbitrators so nominated will conduct the Arbitration proceeding. All decisions of the Arbitrators shall be by majority vote.

A.7 Method, Place and Date of Arbitration

The Arbitration hearing may take place by telephone, videoconference, or in person, as agreed to by the parties or as directed by the Arbitrator(s). All other proceedings shall take place by telephone. If the Arbitration is to take place in person, the location of the Arbitration shall be Denver, Colorado, USA, unless the Arbitrator(s), for good cause shown, rules otherwise. The Arbitration shall take place at a time within 90 days of completion of the appointment of the Arbitrator(s) unless that time is extended by agreement of the parties or upon a showing of exceptional circumstances by a party and so ordered by the Arbitrator(s). The hearing process shall be expedited when necessary to determine the Applicant’s eligibility before the Applicant is scheduled to participate in any of the following Events: IRONMAN® and IRONMAN 70.3® World Championship triathlons and Regional Championship Competitions.

A.8 Prehearing Procedures

During a prehearing conference, the Arbitrator and the parties shall discuss: any necessary clarification of the parties’ claims and defenses; whether provisional relief is requested; whether the hearing will be in-person or by telephone or video conference; whether evidence may be presented by affidavit and any other evidentiary issues raised by the parties; scheduling the date for and expected duration of the hearing; a schedule for any briefing that may be requested and a schedule for the exchange of documents and identification of witnesses in advance of the hearing; and any other matters raised by the parties or the Arbitrator(s). No discovery shall be permitted except as expressly provided by the Program.

No discovery shall be permitted; however, the Arbitrator(s) may direct the exchange or production of documents where the Arbitrator(s) decides that the information would assist the Arbitrator(s) in deciding the case. The Arbitrator(s) shall also have the power to issue subpoenas for the production of documents and the presence of witnesses, which shall be enforceable through the courts.

A.9 The Hearing

9.1 Each party shall have a right to the assistance of counsel, at its own expense, in connection with all aspects of the proceedings, including the hearing. Any Applicant needing an interpreter shall provide an independent and qualified interpreter at the Applicant’s own expense. Any dispute over the interpreter’s
qualification shall be decided by the Arbitrator(s). The interpreter shall be paid directly by the requesting party.

9.2 The hearing shall respect the principles set forth in Article 8 of the World Anti-Doping Code and the International Standard for Results Management and shall be conducted in the format determined by the Arbitrator(s), in consultation with the Chief Arbitrator, taking into account the urgency, potential cost to the parties, and the particulars of the dispute with regard to the production of evidence. The Arbitrator(s) shall have the power to establish procedures so long as the parties are treated equally and fairly and given a reasonable opportunity to present their cases or respond to the case of another party, including the right to call and question witnesses. All decisions by the Arbitrator(s) with respect to format and procedure are final.

9.3 The substantive rules set forth in the Program, the World Anti-Doping Code and the International Standard for Results Management shall be applicable throughout the proceeding.

9.4 Burdens and methods of proof, presumptions and inferences shall be as provided in the Program and the World Anti-Doping Code.

9.5 The Arbitrator(s) shall rule on the admissibility of evidence. Adherence to the formal rules of evidence shall not be necessary. If, at the prehearing conference, it is decided that evidence by affidavit may be admitted, the Arbitrator(s) shall give such weight to that evidence as the Arbitrator(s) deems appropriate in the circumstances.

9.6 Witnesses shall provide testimony under oath.

9.7 Any party requesting a stenographic record or recording of the hearing shall make that request to MGSS at least 15 days in advance of the hearing. MGSS will arrange for a stenographic record or recording as requested and shall provide copies to all parties. If IRONMAN requests a stenographic record or recording, then it shall bear the cost. If the Applicant requests a stenographic record or recording, then the cost shall be split equally between the parties.

9.8 The hearing may proceed in the absence of a party who, after due notice, fails to appear or be represented at the hearing. As provided in Article 3.2.5 of the World Anti-Doping Code, an adverse inference may be drawn against an Athlete or other Person who fails to appear at the hearing to give evidence after having been requested to do so by either IRONMAN or the Arbitrator(s).

9.9 The Applicant has the right to request a public hearing. IRONMAN may also request a public hearing provided that the Applicant has provided his/her written consent to the same. However, the request may be denied by the hearing panel in the interest of morals, public order, national security, where the interests of Minors or the protection of the private life of the parties so require, where publicity would prejudice the interests of justice or where the proceedings are exclusively related to questions of law.

A.10 Post-Hearing Matters

10.1 The Arbitrator(s) may grant any remedy or relief the Arbitrator(s) deems just and equitable and within the scope of the Program and the World Anti-Doping Code.

10.2 Each case shall be determined on its own facts and the Arbitrator(s) shall not be bound by previous decisions.

10.3 The Arbitrator(s)’ award, including the reasoning for decisions, shall be in writing and shall be delivered to the parties within 30 days of the close of the hearing. At the discretion of the Arbitrator(s), the Arbitrator(s) may communicate the award to the parties in advance of the Arbitrator(s)’ providing the written rationale for the award. The Arbitrator(s) has the power to correct clerical mistakes and miscalculations of time limits subsequent to the distribution of the award.
10.4 If all three Arbitrators have different decisions, the award shall be rendered by the chair of the panel alone.

10.5 In addition to a final award, the Arbitrator(s) may make other decisions, including interim interlocutory or partial rulings, orders and awards.

10.6 The hearing may be reopened for good cause upon the application of a party or at the Arbitrator(s)’ initiative at any time before the Arbitrator(s)’ award has been delivered.

10.7 Should the Arbitrator(s) err in determining sanction length or the start date of the sanction, the Arbitrator(s) may correct the award if a request for this relief has been made within seven (7) days of delivery of the award.

A.11 Appeal to CAS

Pursuant to Article 13 of the Program and the World Anti-Doping Code, any party may appeal the Arbitrator(s)’ award to CAS within 21 days of the communication of the award. WADA may appeal within the time provided in Article 13.2.3.5 of the World Anti-Doping Code. An appeal to CAS shall be the exclusive forum for challenging the award. Decisions of CAS shall be final and binding on all parties and shall not be subject to any further review or appeal except as permitted by the Swiss Federal Judicial Organization Act or the Swiss Statute on Private International Law.

A.12 Confidentiality

From the inception of the arbitration until an award is issued or the arbitration is otherwise completed, neither the parties, the Arbitrator(s), nor MGSS shall disclose any confidential information relating to the Arbitration to any person not involved in the Arbitration, except as provided for in the Program or the World Anti-Doping Code.

A.13 Additional Provisions Regarding Arbitrators

13.1 Any Arbitrator nominated to a case shall immediately disclose to the parties, the Chief Arbitrator, and MGSS any conflict or potential conflict of interest and any circumstance that could create a reasonable apprehension of bias in respect to his or her appointment. Upon objection of a party to the continued service of an Arbitrator, the Chief Arbitrator shall rule on the objection. The Chief Arbitrator’s decision shall be conclusive. If there is a challenge to the Chief Arbitrator serving as an Arbitrator, a challenge shall be decided by CAS.

13.2 If an Arbitrator nominated by a party declines to accept the nomination or if it is determined by the Chief Arbitrator that the Arbitrator should not serve because of a conflict, then that party shall have an additional five days to nominate another Arbitrator. If at any time prior to the commencement of the hearing an Arbitrator is no longer able to serve, then if it is the Arbitrator appointed by the Chief Arbitrator, the Chief Arbitrator shall appoint a replacement. If it is an Arbitrator nominated by a party, then the party shall have five days to nominate a replacement. After the hearing has commenced, vacancies shall not be filled unless the parties agree or the Chief Arbitrator determines otherwise.

13.3 Upon their appointment to the MGSS list, the Arbitrators shall sign a declaration undertaking to exercise their functions personally, with impartiality and in conformity with the provisions of the Program. All Arbitrators, whether or not nominated by a party, are expected to be neutral.

13.4 No party or anyone acting on behalf of a party shall communicate ex parte concerning the Arbitration with any potential Arbitrator candidate or any serving Arbitrator.

13.5 Arbitrators shall be compensated at an hourly rate of $325, as set by MGSS. Arbitrator fees and expenses for a single Arbitrator shall be paid by IRONMAN. If IRONMAN elects to proceed with a panel of three Arbitrators, then IRONMAN shall pay the fees and expenses of all Arbitrators. If the Applicant elects
to proceed with a panel of three Arbitrators, the fees and expenses of all three Arbitrators shall be split equally between the parties.

13.6 Any fees charged by the Arbitrator(s) on account of the postponement of the hearing shall be charged to the party requesting the postponement.

13.7 Payments to the Arbitrator(s) shall be made by MGSS, not directly by the parties. MGSS will in turn bill the parties.

13.8 Neither MGSS nor any Arbitrator in a proceeding under the Program shall be a necessary party in judicial proceedings relating to the Arbitration. Arbitrators and senior officers of MGSS are not compellable witnesses in any court or administrative proceeding. No party may attempt to subpoena or demand the production of any notes, records or documents prepared by the Arbitrator, the Chief Arbitrator, or MGSS senior officers and staff in the course of any Arbitration under these Rules.

13.9 Neither MGSS nor any Arbitrator shall be liable to any party for any act or omission in connection with any Arbitration conducted under these Arbitration Rules. As a condition of participation in IRONMAN-owned, operated, or licensed events, each Applicant hereby releases MGSS, its Chief Arbitrator, the IRONMAN and each director, officer, member, employee, agent or representative of any of the foregoing, jointly and severally, individually and in their official capacity, of and from any and all claims, demands, damages and causes of action whatsoever, in law or equity, arising out of or in connection with, any decision, act or omission arising under these Rules or the Program except fraud or willful acts or omissions.

A.14 Miscellaneous Rules

14.1 All Arbitration proceedings shall be conducted in English.

14.2 Notice. Notice to an Applicant, for all purposes of these Rules, shall be deemed received when delivered by overnight courier to the Applicant’s most recent mailing address on file with IRONMAN. If IRONMAN is not able to deliver the notice at such address, then IRONMAN shall contact the Applicant’s National Anti-Doping Organization and send notice by overnight courier to the Applicant’s most recent address on file with IRONMAN. Actual notice may be accomplished by any other means, including electronic mail, and shall be deemed effective if IRONMAN receives a return communication from the email address provided by the Applicant to IRONMAN or his or her national federation indicating the notice was received, or if IRONMAN communicates with the Applicant by other means and the Applicant acknowledges receipt of the notice. If delivery cannot be achieved at the most recent mailing address on file with IRONMAN and the national federation, then notice shall be effective three business days after delivery of the notice to the Applicant’s national federation.

14.3 All papers may be filed directly with the Arbitrator(s), with copies to the opposing party and MGSS. Papers may be served by email or courier service.

14.4 The Arbitrator(s) shall have the power to rule on the Arbitrator(s)’ authority and jurisdiction, including objections concerning the existence, scope or validity of an arbitration agreement. A party must object to the application of the Arbitration Rules or the jurisdiction of the Arbitrator in the Applicant’s Request for Arbitration; otherwise, the objection shall be waived.

14.5 The Arbitrator(s), at the Arbitrator(s)’ sole discretion, after consultation with the Chief Arbitrator, may elect to engage an expert to assist the Arbitrator on particular technical issues arising in a case. The cost of such expert shall be borne equally by the parties.

14.6 MGSS may make accommodations under these Rules where the Applicant is under the age of 18.

14.7 The Arbitrator(s) shall be free to consult with the Chief Arbitrator on any matter pertaining to the Arbitration.
A.15 Governing Law
The laws of the State of Florida, U.S.A. shall be the governing law for arbitrations under these Rules.

A.16 Amendments
These IRONMAN® Arbitration Rules may be amended from time to time by IRONMAN. Unless otherwise indicated, all amendments shall be effective no earlier than thirty (30) days after publication on the IRONMAN website (www.IRONMAN.com). It is each Athlete’s responsibility to regularly check IRONMAN’s anti-doping website to ensure that they are consulting the most up to date version of this and other anti-doping related policies.
