LETTER FROM DIRECTOR

2020-21 Season – Return to Play – Making Your Safety A Priority

To all returning and new Tennessee Performance players, coaches, and their families....

I would like to personally welcome all of you to the TPV Family. Thank you for believing in TPV during these difficult and unprecedented times.

COVID-19 has sent shockwaves throughout the volleyball community both collegiately and in the junior competitive landscape. The TPV staff and I have been working to put together a plan for our players to “RETURN TO PLAY” as we make dramatic, yet essential, shifts in our template for a club season.

I believe that there is a way to conduct a club volleyball season under these conditions. Our first priority is to take every reasonable step to ensure that our players and their families are safe. We will continue to take the extraordinary measures in our facility and amongst our staff to create the safest environment possible.

As we are returning to a sense of normalcy, I feel that TPV can be a part of the solution moving forward by allowing and providing our athletes the opportunity to train, compete, socialize and grow both as players and young adults. Beyond individual development, we hope that we can help our athletes overcome the daily challenge of navigating life both during and post pandemic.

Our plan is unique to the current volatile state of the club sport landscape that we are in. Our approach is adaptable to the needs of our athletes, coaches and families. We hope that you will appreciate our approach and consider Tennessee Performance this season.

Thank you

Dan Dierking
TPV Director

2020-21 GIRLS' TRYOUTS

2020-21 Season – Return to Play – Making Your Safety Our Priority

Tennessee Performance **WILL NOT** be conducting Tryouts as Usual this Club Season

TPV believes that due to the unprecedented state of club volleyball, local and state regulations, along with government recommendations, the standard club season as we know it will not exist. We want to protect all athletes from uncertainty and provide them with essential and guaranteed training that will allow them to maximize their growth and development for their future. This will allow us flexibility for the competition season which we hope occurs.

COVID-19 ADJUSTMENTS

2020-21 Season – Return to Play – Making Your Safety A Priority

Beyond the initial changes made in our gym to mitigate the risks associated with COVID-19, we have made several major changes to the structure of our club season to assist our families with the challenges of the pandemic. These changes will be highlighted in our Parent/Player Handbook and Contracts/Agreement for the season.

1) SEASON CALENDAR

We have NOT made any changes regarding the season length, amount of training time, or practices per week for any of our programming. It is our mission to provide the TRAINING these athletes need for their future.

2) COVID-19 COMPETITION SCHEDULE

Special considerations for events and tournaments have been put in place as we continue to navigate the pandemic. We will continue to monitor and modify our tournament schedule pending any restrictions.

3) COVID-19 TRAINING APPAREL PACKAGE

All players will receive practice t-shirts, spandex, kneepads, backpack, socks and a pair of shoes.

4) COVID-19 COMPETITION APPAREL PACKAGE

Due to the uncertain nature of the upcoming season, we are modifying our Asics Uniform Package. All players will have uniforms ordered once a tournament schedule is finalized.

5) COVID-19 CLUB DUES/FEES

We are putting in place a special fee structure for the 2020-21 season designed to protect our families from COVID-related issues. First, we have removed a portion of the dues that accounted for Tournament Entry Fees. Once we know the tournament schedule, families will be invoiced separately during the season. Second, we have spread the payments out on the 1st of every month for the entirety of the season. Any payments during a “shutdown” will be REMOVED from the payment plan.

FINANCIAL QUESTIONS

1) WHAT HAPPENS TO OUR FEES IF THE STATE SHUTS DOWN SPORTS?

We have built in protection for each of our families in the case that we are shutdown for any period of time. The season dues will be collected on the 1st of every month that we are in season. If we are shut down, all future payments will be paused immediately. Once we are allowed to resume activities, all payments that would have been collected during the shutdown are removed from your account and we will resume payments from that point forward. Under this plan, there would be no need for refunds to occur. This is a “pay as you go” plan designed specifically for COVID.

2) HOW WILL THE TOURNAMENT INVOICING WORK?

Under our dues plan, we have removed all portions of the dues related to tournament fees. Once we have finalized a schedule and we know that the tournaments will occur, we will begin entering tournaments and paying the tournament entry fees. We will pass those costs onto the families by invoicing them separately.

At this time, we still do not know what impact the pandemic has had on all tournament fees across the country. It is possible that these fees will vary based on the number of tournaments that we enter and if entry fees increase this season due to COVID-19.
