

# InStat

**WOODBIDGE, VA, (April 30, 2021)**

[Virginia Development Academy](#) have signed an agreement to partner with [InStat](#) to provide our ECNL level teams with a world-class sports performance and analysis platform.

*"We are extremely excited to be partnering with InStat to take another step forward in providing our players with the very best holistic development platform. InStat will provide our players and coaches with the advanced technological tools to improve how we prepare and evaluate individual and team performance. InStat's ability to breakdown personal footage for the college recruitment process will be a phenomenal resource for our players."*

**- Matt Lacey, Technical Director (VDA)**

*"To continue our mission to grow the game of Soccer in the US, InStat is excited to partner with Virginia Development Academy! Through our tremendous platform, the ECNL players will be able to become better students of the game and prepare them for the next level. The coaches will have the ability to study from the top teams in the world, to grow and help them develop world class athletes."*

**- Mark Yates, Director of North America (InStat)**

*"InStat is the leader in the performance analysis industry. We are excited to add another resource to help our players to continue to develop to their highest potential on and off the field."*

**- Quan Phan, Executive Director (VDA)**

## **About InStat Sport**

InStat Sport, the worldwide leader in sports performance analysis for professional leagues, clubs, players and media in football, basketball, and ice hockey. InStat Sport works with over 2000 Organizations, National Teams and Media Outlets. Some clients include Barcelona, Real Madrid, PSG, and several National Teams. Over 2000 games per week are analyzed by InStat Sport across the globe. In terms of Youth Soccer, InStat's database analyzed over 8000 matches in 2019 alone.
