## USA FENCING BOARD OF DIRECTORS

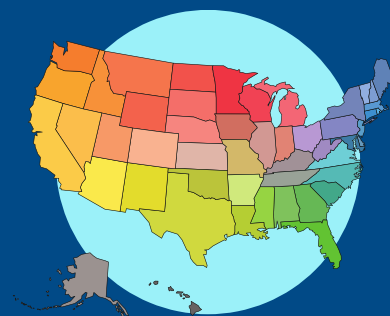

### LEGACY

USA Fencing has a decades-long legacy that should be honored and modernized for the future sustainability of the sport.

### EQUITY

Equity demands that every interested fencer has an opportunity to compete in official USFA events. Bring back Division III events to fulfill this promise.

### ACCESSIBILITY

In addition to Division III events, we need events in underserved regions so that travel is not a barrier. Accessibility should not be a privilege afforded to the few.

### DIVERSITY & INCLUSION

Fencing for Everyone is a great approach to introduce fencing to more diverse communities. Let's grow this effort as we grow the sport.

### TRANSPARENCY

From board decisions to SafeSport investigations, transparency is a necessity to build trust in the organization's leadership.

### MEET NANCY

An experienced leader in the nonprofit sector, with a background in law and advocacy, and parent of a collegiate club fencer.
