2023-2024

# WELCOME!

Dear Fans of Elk River Hockey,

Welcome to the 2023-24 boys high school hockey season! We look forward to exciting Elk hockey! As we start the regular season, challenges to the hockey season will take place. How our players, coaching staff and parents confront these issues will become guides for a positive environment. Our student/athletes will learn how to work through these diverse situations which will prepare them for real life experiences!

Our hockey team needs individual and group leadership from everyone to achieve a successful and meaningful season. We recognize the importance of playing a sport, which prepares our student/athletes with the skills to be successful given their future challenges!

We are proud of our coaches and student/athletes as they work hard to enhance their hockey skills and be respectful and proud young women! On behalf of the ERHS staff, I would like to wish our players and coaching staff the best of luck as they prepare for a season of ELKS hockey! Elk River High School has a long tradition of hockey excellence, which is a credit to the development of our student/athletes. Our hockey program continues to strive towards a state championship and we wish them well as they pursue their dreams.

Elk River 2023-2024 Boys High School Hockey Program

# FROM THE COACH:

Elk River Hockey *Committed to Excellence!*

It is with a great deal of pride that I welcome everyone to another competitive year of Elks Hockey. As the Elks head coach I'm looking forward to an exciting season. Having come up as a youth player through varsity in this program, I have a unique perspective of what it's like to be an "ELK" and what the great tradition of Elk River Hockey means to all of us. We as coaches and players are committed to excellence and we care about each other. We will commit to making every shift count. We will commit to never giving up. We will commit to doing what's right, on and off the ice, and I believe wins will follow.

There are a lot of people who may not lace up skates, but who contribute to the success of this program. I would like to thank the Blue Line Club, parent volunteers, the school administration and fans. Thank you to area businesses who contribute financially. A special thanks to the Elks Alumni for your contributions to our program. You have helped to build something very special. I want you each to know I respect your commitment and dedication to Elk River Hockey. It is an honor to be your coach!

***FRESH FROM OUR FIELDS TO YOUR TABLE!***

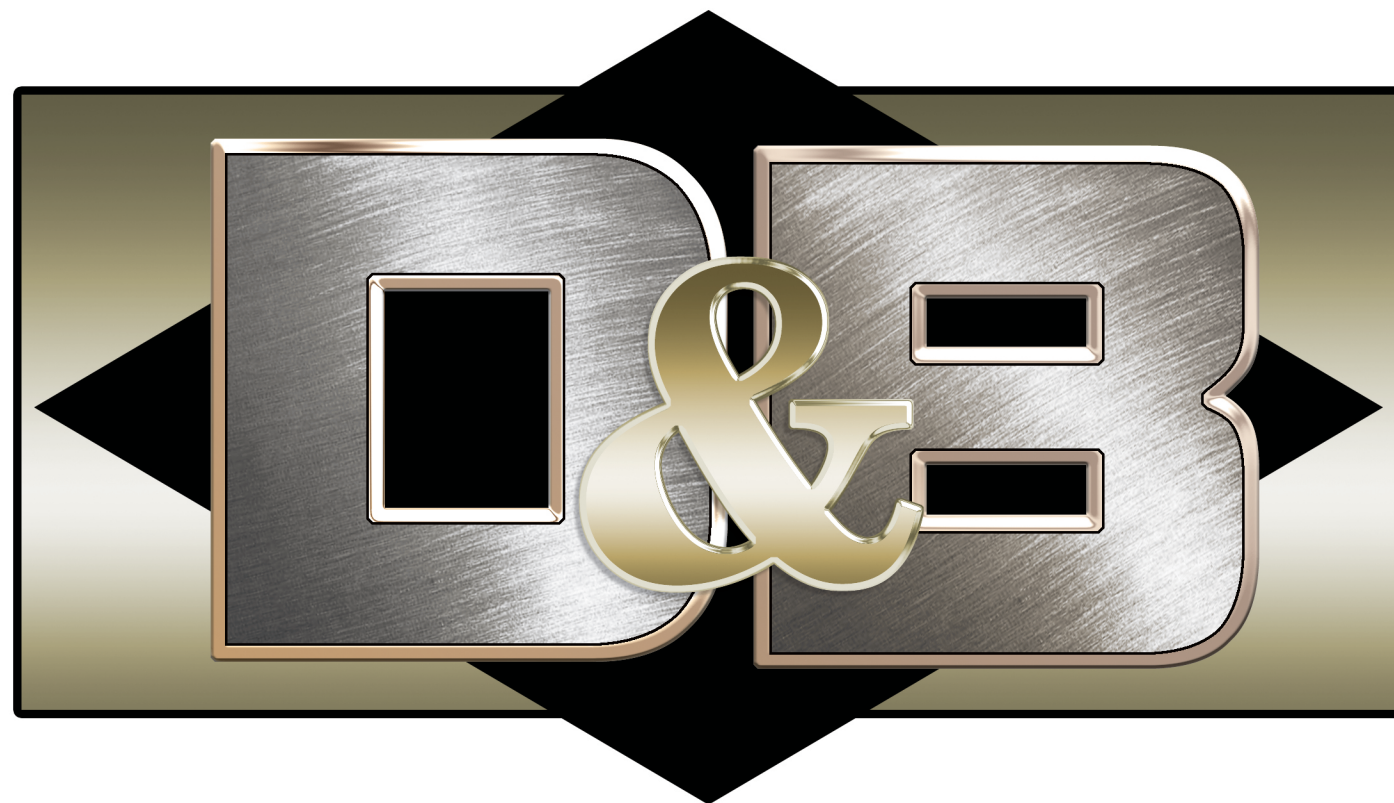

The Nathe family have operated Riverside Farms in Elk River since 1980. They farm 450 acres of sweet corn, cabbage, green peppers, summer and winter squash, and pumpkins. They take pride in the extremely high quality of their products, labeling every box, “Quality that Counts.” Concern for future generations has prompted them to use environmentally friendly farming methods, including proper land stewardship.

In addition there are seven greenhouses for wholesale and retail flower sales.
