

March 07, 2021

Dear VCB Players and Parents,

I have attached, for everyone's review, Baseball BC's latest update on where the sport's current guidelines are and where we need to be in order for us to move forward with our season. This attachment is important so please take the time to read it. Thanks.

The Baseball BC Summary lists all the stages of play with explanations to go along with each stage. Baseball in BC is currently in Phase 2 Stage 1.

All sports in BC have been affected this past year but none more than baseball as we were the first to fall under Covid-19 restrictions exactly one year ago. The Directors of Vancouver Community Baseball have consulted with several authorities on resumption of play but feel we will not know anything until after Spring break or early April.

We are ready to return to play for 2021 and appreciate your patience as we wait for more information from the BC Government.

Warm Regards,

Bill Robinson
President
Vancouver Community Baseball
