National Sports Center Spectator List (Per MDH guidelines for contract tracing)

Per MDH guidelines we're asking for your help. Keep track of which spectators attend NSC events and on which days. In case we're notified of a positive case at our facility we will partner with MDH and give them this list to assist with contact tracing. Please be ready and able to produce this list if/when asked. You do not need to send this to NSC in advance. We appreciate your partnership!
