

### **LeagueApps Instructions, payments, programs, and features**

Hello! If you are reading this, you are looking for details about our club and our programs. The first thing you should know is that Rage uses LeagueApps to organize our programs, teams, and season. In order to register for any event, you must have a LeagueApps account. You can create this account while registering for the event. It is quick and easy.

Programs require an immediate payment upon registration. Failure to pay will result in the removal of your athlete for the event. For most programs and events, Rage will absorb the transaction fee associated with paying online. Moving forward, **Rage will no longer accept Venmo for programs.** Bigger programs and club fees will include a transaction fee that LeagueApps charges on their end. Please be aware that this extra fee is added by LeagueApps, not Rage.

You can view all programs associated with Rage on our website, [ragevball.com](http://ragevball.com). Once you find the right program for you, you can click on the link to register and learn more about the event. Our website has many tools that can answer your questions. Please take a moment to look around to find out more about our club.

You can also download the LeagueApps App to make registration even more convenient. Once you login, you can view invoices, reply to club messages, and make payments all from your phone.

If you have any questions or concerns, please email [Carmelo@ragevball.com](mailto:Carmelo@ragevball.com).
