"You can't go with anyone else besides EST as they are the best. I will never travel to Europe again unless it's with EST - Plain and Simple."

~Shawn Skelly - Union Women's Coach

"I wanted once again to thank you guys for a wonderful experience. Everything about the trip exceeded my expectations, but first and foremost, it was interacting with you guys both on a personal and professional basis. Thank you for providing our guys with an unforgettable life experience! I can provide recommendations to anyone that you may be talking to about taking a future trip." *~Keith Allain - Yale Men's Coach*

"Our trip to Europe was outstanding. The planning, organization, and communication before we arrived made things a lot easier. The logistics, hotels, and restaurants were in areas where we could not only get to our games easily but also enjoy sightseeing during our downtime. The games were against really good competition, and our guides were outstanding." ~Mike Shafer - Cornell Men's Hockey Team
