

# GUARDIANS

2026  
**NEW** YEAR  
TEAMS  
LOOK

## TWO TEAMS - NEW LOGOS

To further strengthen BNGSA's identity and enhance the experience for players, families, and coaches, BNGSA is moving toward a two-team organization structure: the Angels and the Guardians. This change will help ensure consistent branding for the BNGSA Travel program—making our teams more recognizable and unified.

To go along with this change, a new logo has been created for the Guardians teams. The updated version of the logo brings a cleaner, more versatile, and contemporary look.

- **Modern and streamlined design** enhances visual appeal across digital and print platforms.
- **Simplified wordmark** improves legibility and scalability for small-format uses (e.g., hats, social media, uniforms).
- **Cleaner typography** conveys a more polished and contemporary brand identity.
- **Professional look and feel** aligns better with current branding trends and player expectations.

## NEW LOGO COMBINATIONS

There are a few combinations available depending on the background and overall design context

## CONSISTENT UNIFORMS ACROSS TEAMS

BNGSA is also standardizing uniforms, helmets, bags, socks, and belts across all Guardians teams to assist with strengthening our identity and enhancing the overall experience for players, families, and coaches. This change will ensure consistent branding for the Guardians program and the broader BNGSA organization. Each team will be able to choose from six uniform styles and decide how many sets to purchase, along with their preferred combinations of socks and belts. The selected uniform designs follow a more traditional look, while also aligning more closely with the styles worn by many collegiate softball programs. This unified approach not only simplifies the process for coaches but also enables volume pricing to help reduce costs and promote a stronger, more connected program for all players.
