Dear Athletes,

It is with great pleasure that we welcome everyone to the 2020 IRONMAN 70.3 Dubai, where the world’s finest come to race. We pride ourselves on an event that welcomes elite athletes and absolute beginners alike. The first IRONMAN 70.3 Dubai has had a very exciting year and we plan to meet the high bar set last year.

We are thrilled once again as IRONMAN 70.3 Dubai takes place right next to the iconic Burj AlArab, the stunning seven-star hotel that has hosted celebrities from all over the world. Athletes begin their day with a swim course begin from Jumeirah Public Beach, Dubai. Dubai one of the region’s most well-known destination beaches and a getaway for travelers from all over the world. The bike route leaves the city behind and ventures into the Arabian Dunes. The run route will cover one and a half laps along a spectator-friendly, packed Jumeirah beach. The crowd will cheer participants through the 21.1 run before they finish next to the start and transition area at the general grand stand. To make the season more exciting, IRONMAN 70.3 Dubai, announced to offer 40 qualifying slots for the 2020 IRONMAN 70.3 World Championship, Taupo, New Zealand, plus 25 additional qualifying slots for the Women for Tri initiative, applied across all female age group categories.

It has been a joy for us planning this race. We would like to wish you all the best of luck to in your quest to be an IRONMAN! Here are some tips for an enjoyable and successful race:

- Try to stay off your feet as much as possible leading up to race day. There will be a lot of pre-race activities for you and your family, so be mindful of how much you are up and around on your feet.
- Make sure you drink plenty of fluids during race week! You don’t want to be dehydrated going into the race.
- On race morning, don’t rush! Take your time in transition setting up your race gear before heading down to body marking and the swim start area. You want to be certain that everything is ready to rock!
- Ease into the first couple hundred meters of the swim. We know it’s a race, but it’s a long day out there on course. Taking it easy during the first few minutes will allow you to settle into a good swim rhythm and set you up for a successful start to your day.

Remember, YOU ARE MADE FOR THE DISTANCE. YOU ARE IRONMAN.

MESSAGE HEAD REFEREE

Ali Baba
IRONMAN 70.3 DUBAI, 2020
Head Referee

IRONMAN will operate under the “three strikes and you’re out” principle with respect to BLUE CARD violations. DRAFTING is the only violations that will result in a BLUE CARD violation and an athlete will incur a 5-minute time penalty (to be served in the closest penalty tent, located along the bike course). YELLOW CARD violations (Half minute stop and go time penalty) also require an athlete to stop at the penalty tent located in the Transition Area. Any penalties incurred on the run course are to be served at the point of infraction.

IRONMAN Competition Rules still allow an athlete to be disqualified for having shown any combination of cards three times.

So that you understand the rules on race day, please take the time to read and understand the rules in the Athlete Guide and the 2017 IRONMAN Competition Rules.

The POSITION violations are summarized:

- Always ride on the right side of your lane to avoid an ILLEGAL POSITION or BLOCKING call.
- Keep six bike lengths of clear space between your bike’s front wheel and the rear wheel of the cyclist in front of you to avoid a DRAFTING call.
- Always pass on the left of the cyclist in front of you; Never on the right to avoid an ILLEGAL PASS call. Complete your pass within 25 seconds to avoid a DRAFTING call.
- Passed athletes must be seen making immediate and constant rear progress out of the drafting zone to avoid a DRAFTING call.
- Do not use any device that will distract you from paying full attention to your surroundings. Using a device in a distracting manner will result in disqualification.

Triathlon is an individual event, and it is your responsibility to fully understand the rules and avoid penalties. The referee’s ruling is final in the case of POSITION violations, and there are no protests or appeals. Other common violations include:

- HELMET CHINSTRAP
  Your chinstrap must be securely fastened whenever you are on your bike on race day.

- RACE NUMBER
  You must wear your bib number during the run & bike portion of the race. In addition, your bike frame sticker must be properly attached to your bike frame and must be visible from both sides.

- LITTERING
  Do not throw ANYTHING outside of official aid stations. Littering will result in a RED CARD violation, which is a Disqualification.

- UNAUTHORIZED EQUIPMENT
  Sorry, absolutely NO communication devices, MP3 players or other audio devices. (Yes, that means NO cell phones).

- OUTSIDE ASSISTANCE
  Non-racers may NOT ride or run alongside you.

- TIME PENALTIES
  Remember that DRAFTING is the only violations that incur a five minute time penalty, you must go to a penalty tent for any violation to have your number marked. There will be no penalty tents on the run. If you are penalized on the run, the official will mark your number on the spot.

Please treat other athletes, all volunteers, and your referees with courtesy and consideration. Not doing so is UNSPORTSMANLIKE CONDUCT and may result in disqualification. I sincerely hope you have a great race and achieve all your goals.

Local Traffic Laws

Realize that you are an ambassador for the sport and the event and the impact of your actions is far reaching. When you’re out riding the course, please adhere to local traffic laws and go the extra mile to be courteous and respectful to the residents of the local community.

Every time a cyclist has an altercation with a driver, that driver sees every cyclist on the road as the enemy.

Every time a cyclist is courteous to a driver, that driver will give every cyclist on the road that much more respect and courtesy in return.

Please think before you act. When training, please follow these suggestions:

Please wear a helmet during all official activities when you are riding your bike. This includes competition, course familiarization and training session activities when you are riding your bike. This includes competition, course familiarization and training sessions.

Please ride single file. This is not just for your safety but also to ensure local drivers can get where they need to go without delay and frustration.

Please obey traffic laws (stop at stop signs, signal when turning, etc.).

Please do not use private property as a toilet.

Please do not litter. Keep your energy bar and gel wrappers with you until you find a trash can.

Please ask your friends and family members to refrain from painting the roads along the course. This defaces public property and is a punishable offense.
MEDICAL SUPPORT

If you need minor medical assistance, vehicle will pick you up and take you to the medical tent, where you shall receive treatment. Alternatively, depending upon medical emergency, ambulances will take you to the nearest hospital to receive treatment. If you have a technical problem or have bonked, the vehicle will take you to the next aid station.

Cyclists still on the course after the bike cut-off will be disqualified and will not be permitted to continue in the event.

There will be radios to contact ambulances and medical assistance. If you have a problem, please go to an aid station for further assistance. There will be bike aid stations along the bike course. It is your responsibility to slow for safe nutrient pick-up. Call out your requirements clearly and in advance.

Crews are instructed not to step across the white line for handoffs. It is imperative that you don’t toss bike bottles, cups, or nutrient bags on the roadside along the course. A five minute time penalty will be assessed for discarding litter outside the designated drop zone.

Technical support vans will be on the course to assist with emergency repairs whenever possible; such as replacement tubes, tires, chains, etc. Technical vans will be on the course throughout the day, but are limited in number. Please be self-sufficient.

A non-athlete escort runner includes athletes who have withdrawn from the race, have been disqualified or have finished the race. Supporters of any type may NOT bike, drive, or run alongside the athlete, may not pass food or other items to athlete and should stay completely clear of all athletes to avoid the disqualification of the athlete. DRAFTING

Drafting is when you enter someone’s slip stream. The minimum distance between two athletes is 12 metres measured from the leading edge of the front wheel. An athlete may enter the draft zone of another athlete, but must be seen to be progressing through that zone.

A maximum of 25 seconds will be allowed to pass through the zone of another athlete; if you remain in this zone without overtaking, you will receive a blue card. A “pass” occurs when the overtaking athlete’s front wheel passes the leading edge of the front wheel of the athlete being overtaken. It is then up to the overtaken athlete to drop back 12m within 25 seconds so they are not drafting. Re-passing by the overtaken athlete prior to dropping out of the draft zone will incur a drafting penalty.

Athletes cannot block another athlete from passing.
