Previous and Current Hockey Experience	I have never played hockey. I did grow up at Maki being a hockey sister. My current experience is being a team manager I put energy into supporting the team and being highly organized and efficient. I value being the voice for the team and coaches.
Why I am Running for the Board	I am running for the board because I want to see FYHA grow. I grew up in Farmington and choose to raise my kids in this community because I believe we have a good thing going within our program. I will help bring new ideas and be the voice for our association. Hockey is an expensive sport so trying to find new ways to make it more affordable and in turn draw in new players to try hockey.
Other information you should know about me as it relates to my perspective position on the FYHA board	I welcome the opportunity to support you and your family in the FYHA.
