Governing Divisions Changes compared to Outdoor 2020

- Removed ORA divisions, Academies will use the same Governing Divisions as Clubs

The Division named “Other Volunteers” is for non-team volunteers such as members of your Board of Directors, and employees such as Office Staff, and other key personnel.

We require members **use their own personal email address** (not a generic email) and ask that they claim their profile as it will greatly reduce the number of duplicate registrations for that member and the assigning of multiple SEOS numbers.

Each district will be provided a violation report on a monthly basis in order to manage your clubs registrations.
