

CEVA CLUB DIRECTORS' UPDATES – 7/12/2023

- All clubs from last season will receive the CEVA Club Directors' Handbook on August 1st. Reading this document and signing it is the first step toward activating your club in the 2023-2024 season. A copy will also be posted on the CEVA website. See the full activation process [on our website](#) – it hasn't changed from last year.
- Adult full-season and limited memberships (e.g., for chaperones or admins with no other role) will be available for sale on August 1st. Junior memberships for tryouts and the full season will be available September 1st.
- Tournament registration will open on October 2 for our Kickoff weekends, Presidents Day, and Friendship Tournaments. All registration will take place on AES beginning at 9:00 AM. Remember – payment is required for acceptance.
- A full tournament schedule for our region will be posted no later than the end of July. Keep in mind this schedule may still change while we wait for qualifiers to announce all their dates.
- SportsEngine is implementing changes to how rosters are built in the upcoming season. The changes make it so that all clubs, regardless of if they're using the "Premium" or "Free" versions of SportsEngine, will submit their rosters through a "Season Management" tab. There will no longer be different processes by which clubs build and submit rosters. We're still figuring out what this means as well, so bear with us as we try to get you as much information as possible about this change.

WHAT'S COMING UP
