

These are the minutes from the January 7, 2019 Cobra board meeting held at the Worth Public Library at 7 p.m. Present were Ed, Jim, Cathy, Julie, Nikki, and Tammy.

Review approve minutes from December meeting:

The minutes were reviewed and approved.

Players, coaches, team status:

The JV All-Stars were Tommy Malone and Oscar Thorson who chosen by the coaches and Owen Jaworski who was picked by the league as goalie. The Varsity All-Stars were Miller Danaher, Thornton, Schultz, and Gallagher who were chosen by the coaches. Patrick Raymond was picked by the league as goalie. Schultz was the MVP of the varsity game.

Manion has a fractured shoulder.

Add had a meeting with the varsity manager Zack and Ed and Zach had a good meeting.

Alumni report:

The alumni game went well. We made a total of \$0.80 profit. There were 26 players who played in the alumni game. We have some comments from the alumni guys for us to go through and look for improvements for next year.

Senior night:

Ed brought copies of the programs for all of us to review. Julie is in charge and is very organized. She has the banners already done and heads on a stick. Ron lamb will be at senior night to take and print pictures for \$5. Julie purchased balloons, tablecloths, and suction cups for banners. We will need tables for the shadow boxes and we have some bunting for those tables. We will either have a singer or guitar player for the national anthem. It was decided it would be best to have flowers for the moms. Tom Baffi will find a way to hang a couple jerseys at the end of the glass so they are all level with one another.

League status:

The league will continue on. Ed is now the vice president of the league. Moving forward if an organization only has one team, that team will play in the varsity division for at least the first half of the Season.

Treasurer report:

Dan was not present. Some discussion on Wirtz as he has not responded to telephone calls or emails.

Looking ahead to 2019-2020:

We will have skate with the Cobras and those dates will be determined later. The group discussed that it would be wise for the Cobras to purchase a laptop to run the lights for the future. Now is the time to look for potential members of the board for next year, and we should also consider a website manager. We should start formalizing our coaches for next year.

Open comments and concerns:

The volunteer procedure put in place this year has worked out very well.

We have the easiest fundraiser available right now and that is the Super Bowl squares. They are \$50 each.

The outdoor game at Glencoe was enjoyed by the parents. Some parents were confused though on whether the players were receiving food or hats. The players voted for the hats. Ed will follow up with an email to the parents to explain and we'll try to have better communication next year.
