Thank You COACHES

Best Part of Coaching

Best part of coaching is helping young women understand the power of influence they hold as student-athletes and helping them to believe in themselves.

Favorite Funny of the Season

There are far too many, but I did love the dress up practice after Halloween.

Best thing about the 2021 Team

The players

To The Seniors:

Seniors, thank you for a great season and for your dedication to the LCCFH program. Thank you for allowing me to take over and buying into my system, one that at times is difficult to really buy into. I get that. Thank you for being influential to the younger players, for keeping the tradition of acceptance alive in LCCFH and for always making the moments worth it. You allowed me to enjoy coaching again, even when I had some unexpected life moments, you gave me the freedom to coach and I can't thank you enough. Washing you all the best in the life ahead of you- always believe in yourself and one another. -DG
