

## **KATIE FISETTE**

Katie Fisetto returns to the NCR High Performance coaching staff as the Girls U19 Assistant Coach, bringing eight years of coaching experience, including four seasons with NCR All-Stars.

In March of 2026, Katie was named an AVCA (American Volleyball Coaches Association) Thirty Under 30 recipient, recognizing her commitment to professional growth and her impact on the volleyball community through Monti Club JO, where she serves as both a coach and Coaching Coordinator. Under her leadership, Monti Club JO introduced a 10's age group for the 2026 season and, in 2025, sent its first team ever to compete at a national event—an opportunity the club plans to continue offering in the future.

Katie has extensive experience organizing and coaching sessions for local summer training programs, working with athletes from elementary through high school levels. Her high school coaching experience includes time with the Monticello High School program, contributing to consecutive conference championships and multiple MSHSL State Tournament appearances. In the fall of 2026, Katie will be joining the Breck School staff at the varsity level.

Her involvement with NCR High Performance includes serving as a Court Coach at the 2022 Selection Camp and as the NCR Girls U13 All-Star Assistant in Fort Lauderdale (2023), Des Moines (2024), and Madison (2025), where she helped guide the team to its highest finish ever at the USA All-Star Championships.

Katie played volleyball all through high school, served as a captain in 2014 for her varsity team, and continues to play today in competitive adult indoor, beach, and grass leagues and tournaments.
