

Refund Policies

The following document describes the refund policies of Harbor Soccer Club for various programs operated by the club. In general, these are the policies that will guide refund decisions in most circumstances. However, the Board of HSC reserves the right to adjust the refund policies on a case-by-case basis at its sole discretion with or without notice.

Harbor Premier Soccer (including Jr Academy)

Program fees are agreed to in their entirety upon acceptance of a roster spot following tryouts and/or team formation. If HSC's installment payment plan is utilized, any calculation mentioned below is in relation to total program fee for the year. In some cases, this may result in a balance due to HSC upon a voluntary departure from the club and release of the player.

Voluntary Departure from the Club

- Should a player voluntarily leave within 6 months of assignment to a team, a maximum refund of 50% of the program fee is available. The 6-month period for U15 through U18 (High School Age) boys ends August 31st. For all other teams, the 6-month period ends October 31st.
- There will be no refunds for voluntary departures from the club after 6 months.
- A written withdrawal request must be submitted to the HSC Registrar, Program Director, and General Manager. The date of this request will be used in the determination of the potential refund.
- Fees paid to team treasurers for the costs of team operating expenses are not refundable.
- Release from HSC (and ability to roster with any other club in Washington) is contingent on financial status being current. This is defined as 50% of total fee paid before dates mentioned above. 100% of total fee paid after the dates mentioned above.

Transfer out of area

- Should a player leave the club in association with a family move out of the area, a refund may be provided. Proof of the new address out of area may be requested.
 - The refund is according to the following schedule:
 - Within 3 months of team assignment: 75%
 - Within 6 months of team assignment: 50%
 - More than 6 months after team assignment: calculated on case-by-case basis depending on how much season is left.
- Fees paid to team treasurers for the costs of team operating expenses may or may not be refundable depending on whether funds have been expended. The team treasurer has the

discretion to determine if a refund will be given. Since this could be any amount, it should be dealt with on a case-by-case basis.

Long-Term Injury

- If a player is injured and cannot participate in practices and/or games, and the recovery period lasts 2 months or more, a refund or credit for the amount of months the player is out may be provided. This period will begin with the first month following the injury. The parent of the player is responsible for notifying HSC when the player is injured and when they are eligible to return to play. A notice from a medical provider may be requested.
- For any injury that due to its severity results in the player's immediate removal from play for the remainder of the season, the refund period will begin in the first month following the injury. A notice from a medical provider will be requested. The refund or credit will be calculated according to the number of months left in the season.

Mid-Season Transfers

- Once a player has registered with a club in the Regional Club League, they are expected to honor their agreement to play for that club for that club season. Any player must get Director approval to be released by the original club after registration is signed and paid.
- Clubs must agree for any player to move from one club to another club at mid-season.

Harbor Recreational Soccer (Key Peninsula, Micro, Small-Sided, Club)

Program fees for Harbor Recreational Programs are agreed to in their entirety upon online registration completion. Refunds are not available once registration is completed, and players have been assigned to rosters. Special circumstances (i.e... player moves out of state, player is injured for entire season) will be reviewed by HSC's Board of Directors following receipt of the player's written request to determine if any refund amount is warranted.
