

2019 Annual Summer BBSC Camping trip

Join us at the SISCRA Camp ground Lake Cascade, ID. **July 19-21, 2019** - Three day, two night event. This has been a popular summer event for the club. Families are welcome and encouraged.

SISCRA/ Willow Creek Camp Ground offers wonderful a camping experience with available restrooms and showers. Accommodations are available for both RV's and tent camping. It is located 2 miles south of Donnelly, ID. Take the Loomis Lane west just after the Gold Fork River Bridge on Highway 55. (This is a left hand turn if you are headed north.)

BBSC has reserved the lower group area which has 13 RV sites with electrical hook ups (30 Amps) and 20+ tent sites. If you want to reserve one or the other, please register early on the club web site. This will ensure you have yours when you arrive. There are additional sites close by if we fill all of the group sites.

If you want to arrive earlier than Friday, you will need to pay the fees to SISCRA for the extra nights.

Plan to bring two (Sat and Sun) breakfast buffet items to share and a salad or dessert for Friday and Saturday evening meals. Lunches are on your own. Many people take a lunch for a hike.
