

We don't have to become a winner. We've already won because we have been given life; now our desire must be to *maximize* our win!!

**THAT'S SPICY!!!**

## **3 WAYS TO MAXIMIZE YOUR WINNER WITHIN:**

### **REALIZE YOUR IDENTITY:**

- You are a Lottery Winner!!
- You were created on purpose and for a purpose.

### **RESTORE YOUR VALUE:**

- Labels make you devalue yourselves.
- Your intrinsic (original value) never changes.
- Winners win and winners learn.
- The day you stop learning will be the day you start dying.

### **RELEASE YOUR POTENTIAL:**

- You have a responsibility and demand placed on your life to GO and make a difference (purpose).
- Use your win to help others maximize their win.
- Your purpose is where your power is.

### **IT'S GAME TIME!!**

We weren't designed to sit on the sidelines of life. Each of us needs all of us to get in the game of life and maximize our win. Let's go and make a difference in our world! ✌️
