### HHA Girls Hockey Update

*"HUDSON HOCKEY HAS GIVEN MY DAUGHTER CONFIDENCE TO KNOW SHE CAN DO SOMETHING NEW AND CHALLENGING. IT CONTINUES TO GROW HER LOVE OF HOCKEY."*

N.K.

The PCDC committee met in June and we wanted to let families know we will have teams at the U10, U12 and U15 levels this year. Since we are going to have enough girls for each level, we don't expect there will be exceptions given to play for another team.

Over the years, we have noticed a decline in numbers in the girl's program. While we have been able to offer teams at various levels each year, we fear this might not be the case in the years to come. We are looking for strong leadership to help take over a few positions! The girls program needs your help! We are in need of a PCDC representative and a D2 representative.

The Girls PCDC is responsible for ensuring that the coaching and player development programs for the girls hockey programs of HHA are consistent with the objectives, policies, and philosophy as established by the HHA Board. You would attend monthly board meetings and work under our Vice President of Hockey Operations. You would also work along side our Youth PCDC.

If you have any questions or are interested in either position, please contact:  
Tommy Zerse, VPHO at [vpho@hudsonhockey.com](mailto:vpho@hudsonhockey.com)

J.K.

Dear HHA Families,

We couldn't be more excited to see hockey returning and we encourage you to renew your USA Hockey membership today to help our association plan for the upcoming season!

While things may look a little different as the season gets started, we can assure once you get back on the ice, it will feel like the same game you know and love.

Safety is our top priority and Hudson Hockey will continue to work with our rink and USA Hockey partners to implement policies for on-ice activity centered around a safe and fun environment.

We are here to support and make your transition back to the rink as easy as possible. Our rink operators have, and continue to work diligently to follow national and local healthcare recommendations.

We are utilizing the below resources that have been made available through USA Hockey to encourage best practices, in addition to helping answer questions you and your family may have:

### Meet Our Treasurer Anthony Aderhold

Anthony and his family are considered "new" to the hockey world in Hudson. Anthony and his wife, Kari, have two children, Brooks (13) (a first year Bantam) and Reese (8) (an on-again, off-again Mite). They moved to Hudson in 2009 and have been part of HHA since 2012. Quickly learning the ropes and falling in love with the sport of hockey and their new hockey family, Anthony began getting more involved through volunteering as a Squirt level Coach and Zamboni driver.

After running for the Board position of an age-level representative in 2017, Anthony was appointed as Treasurer and vacated the age-level position one week later. As Treasurer for HHA, Anthony chairs the Financial Operations Committee, oversees all financial actions including receivables, payables and payroll, completes annual audit, prepares budgets, and submits tax filings to name a few of the duties involved. Anthony has also chaired the Capital Campaign Management Committee since March 2019. Goals since being appointed as Treasurer include improved transparency of the Association's financials, maintaining a sufficient balance in Operating Account for sudden downturns, and incorporation of capital improvements in the annual budget.

*"I LOVE HOCKEY BECAUSE IT KEEPS ME ACTIVE AND HELPS ME BURN OFF ENERGY."*
