

Dear Business, Friends, and Family of Forest Lake Ranger Volleyball,

It is our youth that give us hope for a brighter future. A donation that is an investment in keeping our children involved in activities and out of trouble pays off tenfold in making our community stronger, our streets safer, and our students secure. The need is great to raise funds to enhance the program with equipment and coaching for the program. Your past donations have helped provide for new uniforms, net standards, volleyballs, and ball carts, necessary to continue to compete and grow at a competitive level in the MSHSL (Minnesota State High School League).

As a Non Profit Organization, the Forest Lake High School Volleyball Booster Club is asking for your support with 100% going back into the program. See below two sponsor programs and the benefits of each. Please check the box that you wish to support.
