

Baseball Season is Here!!!

Group and Private Lessons with Billy Pinkerton

About Me: Baseball has been and still is a huge part of my life. I went to Arcadia High School and was an All CIF Shortstop as a sophomore. I was offered a scholarship to Cal State Fullerton and I decided to go there. The highlight of my college career was playing in the 2007 College World Series. I now help families navigate the college recruiting process and find the best all-around fit for their child.

Baseball will always be a part of my life and I hope to pass along all the positive knowledge I have learned.

Private/Group Lessons: Each lesson will start with a dynamic warm up. With my background in athletics and yoga, I think it's important the kids warm up quickly and properly. We will then do specific drills and go over technique. We will go into detail on the fundamentals and we will have fun doing it. As a player I had access to sports psychologist and the tools they taught us players were invaluable in baseball and life. I hope to pass along all that I have learned in the most positive and fun way.

One on One lesson is \$60 hour

Two or more \$50 hour

Large groups \$40 hour
