

YORBA LINDA FOOTBALL

HOME OF THE MUSTANGS

The 2026 Mustang Football Season is here!

Did you know it costs approximately \$1,800 per player per year, to cover the cost of our program? Fund- raising activities and donations from our community contribute to keeping our program expenses down, however these activities are not enough to keep our program running.

The Pledge of Support from each player and every family is a necessary part of being in the program. Your pledge of support enables us to provide the latest equipment to keep our players as safe as possible, the resources to ensure our players get the best instruction and coaching, as well as, the food and nutrition required for our players to be in their best shape possible. Some of the items that the money goes towards include work out and field equipment, protective equipment, coach's stipends for all three levels year-round, trainers, practice + game day uniforms, game day meals, Saturday breakfasts, and much more.

Outlined below are the commitments each player/parent is responsible for. Please review the description, contributions and deadlines.
