

CEVA CLUB DIRECTORS' UPDATES – 3/9/2023

- If your team has been marked as "OK to Pay" in AES for Regionals, your payment deadline is March 31st at 3:00 PM. Payments can be made through AES or by check mailed to our office.
- Teams will be listed as "Accepted" into the tournament once all criteria for acceptance are met. This includes paying March invoices (sent March 25th) by their due date and having no outstanding balances with the region. ***Please contact our office if you have questions about outstanding balances or invoices.***
- Teams still listed as "Pending" haven't officially qualified for the tournament yet. Minimum rankings are posted [on our website](#). Qualifications will be updated after the completion of Power Leagues this week and next.
- Reminder – 12s teams must have an adult at the scoretable to assist the junior work crews. This policy will be strictly enforced this weekend and clubs are subject to monetary fines for noncompliance. Please help us keep our tournaments running smoothly and efficiently.

Being Nice to Each Other

- Introduce yourselves to your officials and fellow coaches prior to the tournament.
- Treat your officials with respect. Remember – we are facing an officials' shortage in this country, in all sports. The next great official might be on your team right now. If they see you treating officials poorly, why would they want to officiate?
- Make sure to use your captain to communicate with an R1. Don't yell across the court.

Sneakers For Good @ Regionals

- [Read about our partnership](#) with Sneakers For Good, an effort to collect new and gently-used sneakers, running shoes, and athletic shoes at our Regional Championships. Shoes will be recycled and all proceeds collected through this effort will go directly back into CEVA's scholarship funds.
