The world's top goaltenders today are hybrid goaltenders. The era of strict stand-up, butterfly, or simple stop-and-block has passed. A hybrid goaltender is a versatile athlete who integrates advanced technical skills with athleticism. Essential skills for success in this role include speed, balance, core strength, timing, lateral quickness, angle projection, gap control, puck handling and proficiency in multi-save techniques, among others.

At The Ed Walsh Goaltending Schools, We:

- Determine** individual strengths and weaknesses.
- Provide** corrective techniques that immediately impact performance.
- Master** fundamental skills before advancing to intermediate methods, enabling progression to highly advanced techniques.
- Fun:** We ensure our training sessions are high energy, exciting, motivating and most of all FUN.
- Support:** Ed Walsh and his coaches are always available by phone to help our students and parents at every level from Mites to the NHL.

INDIVIDUAL TRAINING: Goaltending is a highly technical position that requires comprehensive and ongoing training. To ensure skill development and continuous improvement, we provide individual and personalized training. Our facilities in New Hampshire, Massachusetts and Florida offer **year-round semi-private and private professional instruction** to support our goaltenders in achieving excellence. For more information, please contact Ed Walsh 603-498-5295 or Cam Walsh 603-489-8892.

***ELITE CAMP:** Our Elite Camp is designed for goaltenders aged 14 - 22 who aspire to compete at the highest levels of hockey. This camp is both highly intense and demanding, challenging goalies physically and mentally both on and off the ice. To determine if your goaltender qualifies for this camp, please call Ed on 603-498-5295 for an evaluation.
