USA HOCKEY CONCUSSION MANAGEMENT RETURN TO PLAY FORM

The USA Hockey Concussion Management Protocol and most state statutes require that an athlete be removed from any training, practice or game if they exhibit any signs, symptoms or behaviors consistent with a concussion or are suspected of sustaining a concussion. The player should not return to physical activity until he or she has been evaluated by a qualified medical provider who has provided written clearance to return to sports. **Every section of the form MUST be filled out completely!**

This form is to be used after an athlete has been removed from athletic activity due to a suspected concussion and must be signed by their medical provider in order to return without restriction to training, practice and competition.

Return this form to the WAHA Player Safety Coordinator, at safetycoordinator@wahahockey.com (Information is used for USA Hockey Internal data collection only. Name and DOB will not be shared)
