Tryout Procedure

- All Ninth grade soccer players will be placed on a team
- Ninth grade players will only make Varsity if they are deemed capable and strong enough talent and effort wise to command adequate minutes (This could include starting or coming off the bench, but playing a good amount of the game)
- There is also the possibility Ninth grade players could be placed on B Squad if they are deemed not quite ready to compete for minutes on Varsity, but too strong for the Ninth grade level.
- Parents of Ninth grade players being considered for Varsity and/or B Squad will be consulted regarding if this is the best decision for their player.
- The best players throughout the program will be selected for Varsity.
- Seniors will be given the opportunity to play Junior Varsity if they are not selected for varsity (limited number).
- Coach Hawkins and the rest of the staff will be available to discuss any questions regarding placement of players on teams, but understand that Coach Hawkins will have the final say regarding these decisions.
- Varsity letters will be awarded to players that play in varsity games
