Every player must turn in a photo form on Photo Day so the photographers can match your child's photo number with your order.

No form = delayed photos.

Pleasearrive 15-20 minutes before your scheduled photo time to:

- · Check in with your coach
- Turn in your completed order form
- . Make sure all team paperwork is done
- Photos cannot begin until all forms are turned in and the coach has checked in.

Photo Forms Explained

There are three types of forms that may be used on Photo Day:

- Include: child's name, package ordered, parent name, phone number, email, and (if ordering Trader Cards or Designer Packs) fill out the player stats section.

2. Blue Form - For online orders placed on Photo Day

- Used only if you didn't already turn in a White Form.

If You Ordered Online

You still **must turn in a form** on Photo Day!

Manyparents think online orders are automatically linked — they're not.

- · Write it on your White or Blue Form
- · Turn it in at check-in

If you don't, your photos may be delayed until the end of the season.

Payment Notes

- · Checks are payable to Designer Portrait Studios

. Credit card slips must be filled out completely if used

Mages Digital Images

Please print your email address clearly on your order form.

This is the only way they can send you your digital photos.

Unreadable or missing emails cause major delays — sometimes until the end of the season.

Late Orders

- · Place your order online
- Pay the \$10 shipping fee
- Contact Designer Portrait Studios so they can match your order to your child's photo
