Re: Return to Play

We are aware of your Return to Play Committee's initiative to have your local associations work through the graduated RTP steps contained in both the Baseball BC and BC Minor RTP Guidelines (starting with training in small groups, before full team training, before modified game play and competition). We endorse and support this approach. The health and safety of athletes and volunteers are paramount to our RTP approach and cannot be understated.

This approach is widely applauded by the sport sector and works towards ensuring a safe and gradual return to play for all participants and families. It is also consistent with the recent changes to the viaSport and Baseball BC protocols.

Regards

David Laing
