

Volunteer Hours

Volunteer efforts and fundraising are essential to keep costs reasonable and to ensure opportunities for the youth we serve. We can continue the success of our club because of the dedication of our membership and the thousands of volunteer hours devoted to the betterment of WBSC, our facilities, and our players.

We understand time is valuable, and your time put in each and every season is extremely appreciated.

The WBSC Board of Directors establishes that each hockey family registered with WBSC must;

1. Complete 15 hours for first player, 20 for 2 players, and 25 for 3 or more.
2. Pay registration fees and complete all required documentation before a child can skate.
3. Fulfill their team's requirements for working and cleaning at WBSC sponsored tournaments.
4. Participate on other fundraising efforts and committees as needed.
5. Sell a minimum of 1 book of raffle tickets during the annual raffle, the time spent doing so does NOT count towards volunteer time.
6. Each family will be required to write a check to WBSC post-dated for the year ending the season April 1 in the amount as follows;

1 player=\$600

2 players=\$800

3+ players=\$1000

This check will be held to ensure that the annual volunteer hour requirement for all families is met by the end of season, March 31. At the end of the season, if a family meets their annual volunteer hour requirement the check will be shredded. If a family does not meet the annual service hour requirement, their check will be cashed on or about April 1st and the amount required will be forfeited to the club for failing to complete the minimum requirement. At no time will partial completion be taken into consideration. At no time is it allowed to "share" hours unless deemed an emergency and based on approval of Board of Directors. Families are not allowed to buy out their required minimum volunteer hours by submitting the necessary payment. If there are any questions or concerns about hours, a written request must be submitted before April 1st to a WBSC board member.

At the start of 2019/20 season there will NO LONGER be sheets to fill out volunteer time. There will be specific check in/check out sheets provided at each area where volunteer hours can be fulfilled, unless otherwise noted. If you complete time in any of the designated areas you MUST fill in your time by the following Sunday at MIDNIGHT as the start of the new week will reset the work duties. These sheets will be removed weekly. If you fail to write down your time your hours will be forfeited.
