

# Sandy Plains Baseball Financial Support Mission Statement

## SPBA Financial Support Mission Statement

SPBA is committed to ensuring that every child who wants to play recreational baseball at Sandy Plains Baseball Association has the opportunity to do so—regardless of their family’s financial situation.

We provide Financial Assistance by way of reduced registration fees, intended for families who demonstrate a genuine financial need that would otherwise prevent participation.

### Assistance Overview

- Available for **recreational team sports only** (not travel).
- Covers Registration fees **only**.
- One hardship allowance per athlete, per season. One athlete per application.
- Awards are based on **demonstrated need, application completeness, and available funding**.
- First-time applicants receive priority.

### Family Commitments

- Athletes must attend at least **80% of practices and games**
- Applications must be submitted during the league’s registration period

All payments are made as a registration credit, never to individuals. Applicant information is kept confidential and used solely to determine eligibility.

Sandy Plains Baseball does **not discriminate** on the basis of gender, race, economic status, ethnicity, sexual orientation, physical ability, or cultural or religious background.
