2019 ALASKA DIVISION II STATE CHAMPIONS

DEAN WILSON

Head Coach

"Coaching a hockey team is very challenging. It is time consuming, difficult and at times frustrating. Yet can be so rewarding. The 2018-2019 regular season was one of those challenging times. As we entered the season's midpoint sometime around December Coach Steve MacSwain remarked "Dean something is starting to happen here and I like it". When the team held that Championship Trophy over their heads, celebrating on ice, I realized all the hard work and individual accomplishments throughout the season had molded these 20 individuals into a team reaching a common goal and achieving something that none of them had ever achieved. The team and I will never forget it."

STEVE MACSWAIN

Coach

"That was an amazing Championship to watch. Very honored to have been able to be a part of it. So proud of those kids and what they accomplished. They should forever hold their heads high knowing they did something special together."

RUSTY BELANGER

Coach

"Working with the 2018-2019 team was like a potter with a ball of fresh clay. You put it on the wheel and mold it into something that has a shape but is not yet solid. The season was putting it in the kiln and letting it cook and set up. Pulling it out and seeing a fine finished product was the state championship. Now reproducing that same product again is the challenge!"

PAYTON WEAVER #34

Team Captain

"To be able to play in such an exhilarating game, as the State Championship game, was quite the honor, let alone winning it being quite the blessing."

LUKE THIESEN #44

"It feels like we built something last year, something we all contributed to and something that will last a very long time. I am proud to have been a part of it. I will always bleed blue."

JACKSON HEARD #32

"That overtime was one to remember, just an absolute thriller. I still can't believe we won."

TIERNAN O'ROURKE #31

"It was unreal to rally as a team at the right time to win state. It's also amazing to see the community of Palmer help transform the face of Palmer high hockey for this season."

DARIAN WILSON #88

"Competing in the post season is the best kind of hockey. Knowing you will advance or not with the next puck is exhilarating."
