

## CENTER ICE ARENA, DELMONT, PA

Center Ice Arena reopened on Monday, June 8, 2020 with limited activities following an extended period of closure in response to the COVID-19 pandemic. As you are already aware, COVID-19 is a highly communicable virus that can cause severe respiratory illness, sometimes leading to death. As of Friday October 9, 2020 we are now operating under new State Guidelines of 20% occupancy for youth activities.

Protecting our guests and employees has always been our number one priority. With that priority in mind, Center Ice Arena is taking numerous steps to reduce the potential for COVID-19 spread in this facility.

Some of these steps include enhanced cleaning and sanitation procedures as well as comprehensive physical distancing protocols. We have redone our locker room facilities with hospital grade antimicrobial paint. We have added hand sanitation dispensers throughout the facility. We have and will continue to thoroughly clean and disinfect the facility during and after business hours.

For the health and safety of our employees and guests we ask everyone to follow the following rules:

- Masks are required
- Do not enter the facility if you feel ill, have a fever or cough, or are short of breath
- Abide by physical distancing rules of keeping 6 feet away from others
- Cover your coughs and sneezes
- Only one parent/guardian per player for practice sessions
- Two (2) Spectators per player for games will be permitted
- You may not enter the facility earlier than 15 minutes before taking the ice
- You must exit the facility within 15 minutes of the end of your practice
- Each player is responsible to bring his/her own water bottle
- Please come partially dressed, Locker room use will be limited
- The arcade will remain closed
- Any siblings that must be in attendance must remain with their parent/guardian at all times

If you have a medical history that places you in a high-risk category for COVID-19, we recommend that you do not enter.

Even with these precautions in place, Center Ice Arena cannot eliminate all risk associated with COVID-19. By choosing to make use of this facility, **GUESTS ARE ASSUMING THE RISK** that they may contact COVID-19 at the facility despite Center Ice Arena's best efforts to provide a clean and safe environment.
