Every year, we invite local businesses to sponsor our organization. Sponsoring our organization is not only a great way to get involved with the community; it's also an amazing form of marketing for your business. Our organization has over 150 families per season. That means your business will have branding in front of hundreds of people and generate hundreds of impressions in the southwest suburbs and southside of Chicago. With that type of exposure, everyone will remember that you supported us. This year, we are asking for \$500 in exchange for the following:

- Email blasts to our families thanking you for your sponsorship
- Social media posts about your business
- A place on the front page of our website

Unfortunately, maintaining our facility to offer a Ball Hockey Program which is affordable for most families has grown more expensive over the years. Southwest Ball Hockey is a 100% all volunteer league with the exception of our referees who are children from the program who we were teaching work ethics to by paying them a small stipend for each job they referee.

We understand that you have several choices when considering different marketing and community outreach opportunities, but we truly believe that this is a great fit. Please note that donations of any size would be greatly appreciated.

I know that your organization does a great job of improving the community, and we thank you for your continued support. You are making the southwest suburbs and the southside of Chicago a better place to live.

Thank you,
