EACH RED ARROW NEEDS TO BE
A COLUMN IN YOUR SPREADSHEET!

The certificate will read **EXACTLY** as you have it typed in the spreadsheet. So **DO NOT** type All-Conference First Team under the <Team> Column because the certificate already says All-Conference

If you would like to place additional information on the certificate (Ex: First Team Linebacker/First Team Doubles/First Team - 185lbs) it would in the Team Column - See attached Sample Spreadsheet
