Mersinger 03, Ava Dallavo 02, Avery Livingston 02

## ODP National Camp Selection

In January, Eleanor Musgrove 04, was selected as one of two 2004 female players from Illinois to progress from State and Regional teams to attend the Olympic Development Program National Camp in Tampa, Florida.

Players here have the opportunity to be identified by National Team coaches and staff for placement in the U.S. National pool or team.

### OFFICIAL LTSC PRESS RELEASE

We are thrilled to announce that 16 LTSC players have been selected for placement in the Illinois Olympic Development Program's State or Pool teams! Additionally, one LTSC player was selected from the State and Regional team to attend the U.S. ODP National Camp this past January!

As a club, LTSC bolsters over 30 active Illinois ODP participants (including over 10 Pre ODP participants). It has been thrilling to see so many of our soccer players propel themselves into these teams.

For those unfamiliar with the Olympic Development Program, its purpose is to continually identify the highest caliber of players on the state and regional levels for increased success toward our U.S. National Teams. The Illinois ODP structure begins with Pre ODP for the U10/11 level then progresses upward through U17 where players can ascend to state, regional, or national level teams.

As a club, we are thrilled to see the dedication and determination of these athletes. When asked his thoughts on the LTSC ODP participants, Technical Director, Gavin McCrindle, stated: "We are extremely proud of our players achieving these accomplishments and it is great to see them being identified at the top level. This also shows that our development pathway model continues to be successful, which is very important when it comes to the growth of each and every player in the club. Great job to all the players who participated in ODP this year!"

Best of luck to all those participating in ODP events this weekend in Memphis and well done! If you're interested in learning more about the Illinois Olympic Development Program visit [www.illinoisyouthsoccer.org](http://www.illinoisyouthsoccer.org).
