

SUMMIT LEARNING HUB!

Summit Gymnastics is excited to present a Learning Hub to serve Flagstaff families with students in grades K-12 until the schools reopen for in person learning. We know that remote learning from home presents challenges for our working families, as well as for our kids that crave structure and socialization. With smaller, contained group sizes and a limited number of children in total, we feel that we can provide a safer environment than is possible in a school setting. SGA staff will be onsite to assist with students' remote learning. Please note, we will not have certified teachers on the premises. We do have a wonderful staff of college students and college graduates that can aid with logging onto student's remote learning classes, help with technical difficulties, and provide tutoring/assistance with assignments. Schedules will be created around the remote learning schedule that each school requires, with time for snacks, lunch, play, and exercise.

Students

- ✓ Students will bring their own devices (with headphones) to access remote learning, as well as school supplies required by your child's school
- ✓ Students will bring a lunch, drinks, two snacks that do not require refrigeration
- ✓ Students will frequently wash their hands
- ✓ Students will wear masks when unable to social distance
- ✓ Social distancing will be practiced during lunch and snack time.
- ✓ Students will participate in free play, recess, gymnastics, ninja warrior, and more!
- ✓ Students will receive a personal lap desk that they can take home when in-person learning resumes

Summit

- ✓ Small group sizes (no bigger than 8)
- ✓ Contained groups
- ✓ Wellness/Temperature checks at the door
- ✓ Frequent sanitizing of common areas (front entrance, bathrooms etc.)
- ✓ Sanitizing areas between groups
- ✓ SGA will provide workstations (spaced a minimum of 6 ft apart)
- ✓ Hub staff will provide emotional, academic, and technical support
