

REGISTRATION PROCESS

All players and administrators must complete the registration process (outlined below) and return all required information to a club administrator before registration can be accepted. Team managers and/or administrators will help those in need with registration. Documents used for registration can be downloaded from the website, clicking the Documents tab.

Along with these completed registration requirements and proof of dues payments, presented to Barcelona staff, you will need to go online with Cal South to complete player and administration registration. (Online instructions to follow.)
