

# Durango Youth Hockey

@

## Chapman Hill

The program is a developmental program for youth players in Durango. Players will practice once a week in an instructional and skill-based teaching environment with qualified coaching staff, managed through USA Hockey's American Development Model (ADM) for youth hockey players. Players are divided into 4 teams based on their age and skill at the beginning of the program. All U6 & U8 games will be played cross-ice (i.e., half-ice) per the ADM. U14 games will be played on full ice. This ADM approach develops a solid foundation of skills that is essential to developing a quality hockey player. The U8 program will offer an in-house tournament scheduled for March 9 - 10, 2019, as well as out-of-town game/tournament options for the Mite Travel Players. U14 offers a Thursday Night Game only option for all player 9-14 years old. Players will receive a practice and game sweater to use throughout the season.

### U6 House Hockey

This program is for all players 6 and under who have come out of the Learn To Skate or Mile High Mites.
