

3/13/2020

VSA wanted to provide an update related to the Coronavirus (COVID-19). As you are aware, this is a rapidly evolving situation, so the decision below may continue to change as more information becomes available.

Having reviewed the recommendations from the US Soccer Federation, US Club Soccer and US Youth Soccer and our member leagues, the Vineland Soccer Association has decided to suspend all games and practices until March 29th. The Intramural season will be extended to adjust for lost weeks. Travel Teams will follow the direction of their respective travel leagues. Until further notice the fields will be closed to VSA related games and practices.

This position will be re-evaluated as the situation evolves. We encourage all of our members to stay educated on the precautions and proactive measures published by the CDC, WHO and NJ Department of Health. Player and family safety should be our first priority. Thank you for your support and understanding in this challenging time.
