

2022 Program Handbook

I. Introduction

Utah Crew offers rowing opportunities for Salt Lake area youth aged 13-18. Beginners, recreational rowers, and dedicated competitive racers will find a program to fit his or her needs at Utah Crew. Coaches strive to develop each athlete to his or her full potential within an environment of safety, fun, and increasing levels of challenge. There are no tryouts and no cuts. The only requirements are that participants demonstrate proficiency in swimming by passing the swim test and agree to follow the Utah Crew Code of Conduct (see page 3).

Utah Crew is a non-profit rowing club supported through program tuition and charitable donations from the community. Financial assistance is available for those who qualify.

II. Programs

Racing: this program is for new and experienced junior rowers interested in a competitive atmosphere and preparation for college rowing. The racing team will attend two to four regattas in the fall and spring seasons. Select boats may participate in additional regattas and post season championships. Attendance at all practices and regattas is expected.

Recreational: participants in the recreational rowing program will row three days per week and voluntarily attend local regattas. This program is appropriate for new rowers who are not ready to compete and would like to try rowing in a relaxed atmosphere, and for experienced rowers who are unable to commit to practicing five days per week.

Summer Programs – A high performance summer camp will be offered from early June to mid-July in preparation for racing at US Rowing Summer Nationals. Recreational rowing and one week Learn to Row sessions will also be available during the summer.

Attendance at all practices and regattas is expected for participants on the racing team. Acceptable reasons for missing practice include illness, family emergencies, SAT/ACT/AP and similar exams, college visits, etc. Please make every effort to schedule doctor, dentist and similar appointments during non-practice times. Rowers who miss an excessive number of practices or miss practice within two weeks of a regatta may be moved into a different boat.

All Utah Crew participants must notify their coach at least 24 hours prior to the scheduled practice (or as soon as possible in case of illness) if unable to attend a practice.

VIII. Travel Regattas

Travel regattas are a fun and exciting experience for our athletes. It is a chance for them to race some of the best youth rowers in the country and experience the festive and intense atmosphere of a major regatta. All travel regattas will have parent chaperones and coaches present. Travel will be coordinated by Utah Crew including flights, airport pickups, meals, etc. Our main goals are for every trip to be both safe and fun. Feel free to [contact us](#) with any questions. Examples of the regattas Utah Crew attends include:

Lake Las Vegas (February)
Colorado (Late April),
Southwest Championships (Early May)

IX. Code of Conduct

Teamwork is of the utmost importance in the sport of rowing. All athletes are expected to:

- Be respectful of teammates, coaches and chaperones at all times.
- Be supportive of teammates. Bullying, teasing or marginalization of any team members will not be tolerated.
- Conduct themselves with the highest levels of sportsmanship at all regattas, being gracious in both victory and defeat.

- Older teammates must model appropriate behavior, keeping in mind that younger teammates will learn from their example.
- Be respectful of themselves by eating healthily, getting plenty of sleep, keeping up with schoolwork, and staying away from alcohol, drugs and tobacco.
- Be respectful of equipment, being careful to pay attention when moving oars and equipment to avoid damage, keeping equipment free of dirt and grime, making sure equipment is properly secured at the end of practice.
- Assist in getting out and putting away equipment and launches, rigging and derigging boats and loading and unloading trailer.
- Notify coaches if unable to attend practice.

X. Clothing/footwear

Wear layers of synthetic or wool clothing (not cotton) for cold weather. Bring rain gear when there is a chance of rain. Always have socks and running shoes available.

Coxswains should have waterproof (not water resistant) rain gear, waterproof footwear, and plenty of warm layers.

Racing Uniform: Unisuit, long-sleeve red tech shirt with black strip on sleeve
