 - b) Attendance
 - c) President's Report
 - i) Had our Opening Day parade. That was awesome to be a part of. That's always a good time. A lot of hard work. Thank you baseball and softball for doing that. [Everyone agreed that school was a much better place to start and parade went very smoothly.](#)
 - ii) The shed is in. Money has been spent. I have keys for one per sport right now that would be going in there. I am roping off under the stairs as storage for cheer and their mats that will be donated.
 - iii) I'm asking our major stakeholders(football/baseball/softball) to get together sooner rather than later to talk about storage and such so we can get this process going. I do need to know when equipment will be handed out and stuff for football because I think Saratoga County needs to come down and see us using the sheds. I need to get more info. Also, the sooner we get going on that, the sooner the blue shed can move over there. [Possibly get some kids together during equipment hand out to take pictures for the county. There are lights that require a drill battery in the shed. No Ryobi but should otherwise be universal. Lots of cleats available for anyone in need of cleats. Many have been donated.](#)
